Oriental Question:

The Oriental Question Patricia E. Roy, 2011-11-01 Patricia Roy's latest book *The Oriental Question* continues her study into why British Columbians and many Canadians from outside the province were historically so opposed to Asian immigration. Drawing on contemporary press and government reports and individual correspondence and memoirs, Roy shows how British Columbians consolidated a white man's province from 1914 to 1941 by securing a virtual end to Asian immigration and placing stringent legal restrictions on Asian competition in the major industries of lumber and fishing. While its emphasis is on political action and politicians, the book also examines the popular pressure for such practices and gives some attention to the reactions of those most affected: the province's Chinese and Japanese residents. *The Oriental Question* is a critical investigation of a troubling period in Canadian history. It will be of vital interest to scholars of British Columbian and Canadian history and politics and of Asian diaspora, ethnicity and immigration studies. *The Chinese Labour Question* Imperial South African Association, 1906 **The Parliamentary Debates** Great Britain. Yet Asian Americans as a category are a diverse set of peoples from over 30 distinctive Asian origin subgroups that defy simplistic descriptions or generalizations. They face a wide range of issues and problems within the larger American social universe despite the persistence of common stereotypes that label them as a model minority for the generalized attributes offered uncritically in many media depictions. *Asian American Society: An Encyclopedia* provides a thorough introduction to the wide-ranging and fast-developing field of Asian American studies. Published with the Association for Asian American Studies (AAAS), two volumes of the four-volume encyclopedia feature more than 300 A to Z articles authored by AAAS members and experts in the field who examine the social, cultural, psychological, economic and political dimensions of the Asian American experience.
