

WHAT HAPPENS IN PALESTINE IS OF VITAL CONCERN TO YOU

And what Richard Crossman, Britain's outstanding new voice in foreign affairs, has to say about Palestine is of special importance because Mr. Crossman, as an influential Labor M.P., is one of those who must certainly share the responsibility for the future of our world as it is affected by British policy in Palestine.

Born in 1907, educated at Winchester School and New College, Oxford, Richard Crossman has divided much of his adult life between teaching at Oxford and studying in Germany and Austria. He knows the plight of Europe's Jews from first hand observation. Since 1937 Mr. Crossman has been on the editorial staff of the London *New Statesman and Nation*. In 1939 he was briefly with the Ministry of Information and in 1940 became director of the German section of the Political Intelligence Department of the Foreign Office. In 1943 Mr. Crossman went to Algiers where he was Deputy Director of Psychological Warfare at Allied Headquarters and in 1944-45 was Assistant Chief of the Psychological Warfare Division of SHAEF. Elected to Parliament as a Labor member from Coventry in 1945, he has served as a member of the Anglo-American Committee of Enquiry in Palestine and has, in less than two years, earned recognition as the leader of a vigorous and outspoken group of Labor members who have been particularly interested in the foreign policy of their government.

Harcourt, Didier Fassin, 2019-09-10 In a world of political upheaval rising inequality catastrophic climate change and widespread doubt of even the most authoritative sources of information is there a place for critique This book calls for a systematic reappraisal of critical thinking its assumptions its practices its genealogy its predicament following the principle that critique can only start with self critique In *A Time for Critique* Didier Fassin Bernard E. Harcourt and a group of eminent political theorists anthropologists sociologists philosophers and literary and legal scholars reflect on the multiplying contexts and forms of critical discourse and on the social actors and social movements engaged in them How can one maintain sufficient distance from the eventful present without doing it an injustice How can one address contemporary issues without repudiating the intellectual legacies of the past How can one avoid the disconnection between theory and action How can critique be both public and collective These provocative questions are addressed by revisiting the works of Foucault and Arendt Said and C

saire Benjamin and Du Bois but they are also given substance through on the ground case studies that treat subaltern criticism in Palestine emancipatory mobilizations in Syria the antitorture campaigns of Sri Lankan activists and the abolitionism of the African American critical resistance and undercommons movements in the United States Examining lucidly the present challenges of critique *A Time for Critique* shows how its theoretical reassessment and its emerging forms can illuminate the imaginative modalities to rejuvenate critical praxis **The Elected and the Chosen** Denis Brian, 2012 Why american presidents have supported jews and israel *Plowshares into Swords* Arno J. Mayer, 2021-01-05 A critical history of Israel and the Arab Israeli conflict Eminent historian Arno J Mayer traces the thinkers leaders and shifting geopolitical contexts that shaped the founding and development of the Israeli state He recovers for posterity internal critics such as the philosopher Martin Buber who argued for peaceful coexistence with the Palestinian Arabs A sense of limits is the better part of valour Mayer insists *Plowshares into Swords* explores Israel s indefinite deferral of the Arab Question the strategic thinking behind the building of settlements and border walls and the endurance of Palestinian resistance **An Impossible Friendship** Sonja Mejcher-Atassi, 2024-05-28 In Jerusalem as World War II was coming to an end an extraordinary circle of friends began to meet at the bar of the King David Hotel This group of aspiring artists writers and intellectuals among them Wolfgang Hildesheimer Jabra Ibrahim Jabra Sally Kassab Walid Khalidi and Rasha Salam some of whom would go on to become acclaimed authors scholars and critics came together across religious lines in a fleeting moment of possibility within a troubled history What brought these Muslim Jewish and Christian friends together and what became of them in the aftermath of 1948 the year of the creation of the State of Israel and the Palestinian Nakba Sonja Mejcher Atassi tells the story of this unlikely friendship and in so doing offers an intimate cultural and social history of Palestine in the critical postwar period She vividly reconstructs the vanished social world of these protagonists tracing the connections between the specificity of individual lives and the larger contexts in which they are embedded In exploring this ecumenical friendship and its artistic literary and intellectual legacies Mejcher Atassi demonstrates how social biography can provide a picture of the past that is at once more inclusive and more personal This group portrait she argues allows us to glimpse alternative possibilities that exist within and alongside the fraught history of Israel Palestine Bringing a remarkable era to life through archival research and nuanced interdisciplinary scholarship *An Impossible Friendship* unearths prospects for historical reconciliation solidarity and justice **Defending the realm?** Aaron Edwards, 2018-02-28 Britain is often revered for its extensive experience of waging small wars Its long imperial history is littered with high profile counter insurgency campaigns thus marking it out as the world s most seasoned practitioner of this type of warfare This is the first book to detail the tactical and operational dynamics of Britain s small wars arguing that the military s use of force was more heavily constrained by wider strategic and political considerations than previously admitted Outlining the civil military strategy followed by the British in Palestine Malaya Kenya Cyprus Aden Northern Ireland Iraq and Afghanistan *Defending the*

realm argues that Britain's small wars since 1945 were fought against the backdrop of an irrevocable decline in British power. Written from a theoretically informed perspective grounded in rich archival sources, oral testimonies and a revisionist reading of the literature on counter insurgency and counter terrorism, this is the definitive account of the politics of Britain's small wars.

Israel: the First Hundred Years Efraim Karsh, 2014-02-25 The Zionist Movement was born in the wake of Jewish emancipation in Western Europe and at a time of increased persecution in Eastern Europe. This volume addresses the intellectual, social and political ramifications of Jewish settlement in Eretz Israel before the creation of the State of Israel.

Futile Diplomacy, Volume 4 Neil Caplan, 2015-05-15 This book, first published in 1997, focuses on the Anglo-American cooperation which began during the relatively uneventful years 1953 and 1954 and which led to a covert operation code named Alpha which aimed unsuccessfully at convincing Egyptian and Israeli leaders to consider a settlement through secret negotiations. As with the other three volumes that make up *Futile Diplomacy*, this volume comprises Dr Caplan's expert in-depth analysis with a wealth of primary source documents, making this a key reference source in the study of the Arab-Israeli conflict.

Our American Israel Amy Kaplan, 2018-09-17 How did a Jewish state come to resonate profoundly with Americans in the twentieth century? Since WWII, Israel's identity has been entangled with America's belief in its own exceptionalism. Turning a critical eye on the two nations' turbulent history together, Amy Kaplan unearths the roots of controversies that may well divide them in the future.

After the Holocaust David Cesarani, Eric J. Sundquist, 2011-09-29 For the last decade, scholars have been questioning the idea that the Holocaust was not talked about in any way until well into the 1970s. *After the Holocaust: Challenging the Myth of Silence* is the first collection of authoritative original scholarship to expose a serious misreading of the past on which controversially the claims for a Holocaust industry rest. Taking an international approach, this bold new book exposes the myth and opens the way for a sweeping reassessment of Jewish life in the postwar era: a life lived in the pervasive shared awareness that Jews had narrowly survived a catastrophe that had engulfed humanity as a whole but claimed two thirds of their number. The chapters include an overview of the efforts by survivor historians and memoir writers to inform the world of the catastrophe that had befallen the Jews of Europe; an evaluation of the work of survivor historians and memoir writers; new light on the Jewish historical commissions and the Jewish documentation centres; studies of David Boder, a Russian-born psychologist who recorded searing interviews with survivors; and the work of philosophers, social thinkers and theologians, theatrical productions by survivors and the first films on the theme made in Hollywood, how the Holocaust had an impact on the everyday life of Jews in the USA and a discussion of the different types and meanings of silence. A breakthrough volume in the debate about the Myth of Silence, this is a must for all students of Holocaust and genocide.

The Known Economy Colin Danby, 2017-06-26 Why do critics and celebrants of globalization concur that international trade and finance represent an inexorable globe-bestriding force with a single logic? *The Known Economy* shows that both camps rest on the same ideas about how the world is scaled. Two centuries ago

romantic and rationalist theorists concurred that the world was divided into discrete nations moving at different rates toward a modernity split between love and money Though differing over whether this history is tragedy or triumph they united in projecting an empty international space in which a Moloch like global capitalism could lurk The Known Economy tracks the colonial development of national accounting and re examines the ways gender and heteronormativity are built in to economic representation It re interprets the post WWII spread of standardized economic statistics as the project of international organizations looking over the shoulders of national governments rather than the expanding power of national governments over populations
