Palestinian Refugees:

Palestinian Refugees Naseer Aruri, 2001-07-20 With contributions from a range of international experts including Edward W Said Noam Chomsky Ilan Pappé Alain Gresh and Norman Finkelstein this collection examines the Palestinians right of return Chapters cover the historical roots of the Palestinian refugee question the rights of the refugees under international law the special case of Lebanon Israeli perceptions of the refugee question the practical feasibility of the return the role of the United States and the European Union and the Refugee Question the value of the refugee property the principles of compensation and a programme for an Independent Rights Campaign

Palestinian Refugees Ghada Hashem Talhami, 2003 The main goal of this book is to record as much of the Palestinian refugees political history as possible The author is becoming increasingly aware of the ebb and flow of general interest in the refugee issue and the strong possibility of subsuming that chapter in the larger Palestinian story As the PLO itself moved further and further away from the refugee constituency it became necessary to examine and define the impact of the refugee issue on the larger Palestinian political picture for indeed as it turned out they were always a tremendous influence on the course of Palestinian and Arab history Although they lost their leadership positions within the PLO as the latter became increasingly elitist and bureaucratic the powerless refugees apparently never lost the means to influence the course of Palestinian history This book relies heavily on early State Department dispatches Israeli Foreign Office correspondence early accounts of the stirrings of a refugee movement in Jordan and declarations statements and studies of the Badil Research Centre and some right of return groups Also investigated is much of the known literature to emerge from the secretive Oslo negotiations and the reverberations produced by their deliberations throughout the Palestinian diaspora The resilience of the refugee question should never be questioned or declared until one of two things happened either the obliteration or dispersal of concentrated refugee communities became a reality or the Palestinian refugees accepted a resolution of some kind or another

Palestinian Refugees Robert Bowker, 2003 Encompassing history politics and political culture Bowker grapples with fundamental issues of Palestinian identity in the context of the peace process

The Status of Palestinian Refugees in International Law Alex Takkenberg, 1998 7 Scope of the study

The Palestinian Refugees J. Ginat, Edward Joseph Perkins, 2001 As violence escalates in the Middle East a peace agreement between Israel and Palestine seems more elusive than ever Yet one thing remains clear without constructive dialogue such an agreement cannot occur This timely volume presents just such a dialogue It brings together opinions perspectives and research focused on one of the region s most complex and volatile problems the Palestinian refugee situation Based on a 1999 conference at the University of Oklahoma International Program Center *Palestinian Refugees* combines contributions from Israelis Palestinians Jordanians Egyptians Americans and Europeans In addition to focusing on the Palestinian refugees the essays present various proposals for solving the Palestinian problem Organized in two parts the volume presents both scholarly essays and position papers The scholarly essays place

current issues in historical context and explore the Palestinian belief in the right of return and questions of appropriate compensation The position papers focus on policy and offer a variety of perspectives Concluding the volume is a special essay on public polls that gauge how Palestinians and Israelis view the circumstances of Palestinian refugees and what they feel about possible solutions Palestinian Refugees Are Knudsen,Sari Hanafi,2010-11-05 More than four million Palestinian refugees live in protracted exile across the Middle East Taking a regional approach to Palestinian refugee exile and alienation across the Levant this book proposes a new understanding of the spatial and political dimensions of refugee camps across the Middle East Combining critical scholarship with ethnographic insight the essays uncover host states marginalisation of stateless refugees and shed light on new terminology on refugees migration and diaspora studies The impact on the refugee community is detailed in novel studies of refugee identity memory and practice and new legal approaches to compensation and right of return The book opens a critical debate on key concepts and proposes a new understanding of the spatial and political dimensions of refugee camps better understood as laboratories of Palestinian society and state in making This strong collection of original essays is an essential resource for scholars and students in refugee studies forced migration disaster studies legal anthropology urban studies international law and Middle East history

Palestinian Refugees in International Law Francesca P. Albanese,Lex Takkenberg,2020-05-21 The Palestinian refugee question resulting from the events surrounding the birth of the state of Israel seventy years ago remains one of the largest and most protracted refugee crises of the post WWII era Numbering over six million in the Middle East alone Palestinian refugees status varies considerably according to the state or territory hosting them the UN agency assisting them and political circumstances surrounding the Israeli Palestinian conflict these refugees are naturally associated with Despite being foundational to both the experience of the Palestinian refugees and the resolution of their plight international law is often side lined in political discussions concerning their fate This compelling new book building on the seminal contribution of the first edition 1998 offers a clear and comprehensive analysis of various areas of international law including refugee law human rights law humanitarian law the law relating to stateless persons principles related to internally displaced persons as well as notions of international criminal law and probes their relevance to the provision of international protection for Palestinian refugees and their quest for durable solutions **UNRWA and Palestinian Refugees** Sari Hanafi,Leila Hilal,Lex Takkenberg,2014-04-24 Exploring the evolution of the United Nations Relief and Works Agency for Palestine Refugees in the Near East UNRWA this book fills a lacuna in literature on the agency UNRWA and Palestinian Refugees employs recent fieldwork in order to analyse challenges in programmes and service delivery protection camp governance community participation and camp improvement and reconstruction The chapters examine the way UNRWA is adapting to a changing social political and economic context mostly within urban settings a paradigmatic shift from understanding the Agency s role as simply a provider of relief and services to one comprehensively supporting the human development of

Palestinian refugees Examining the refugee debate using new disciplines and research frameworks this collection aims to emphasise the centrality of the Palestinian refugee issue for Middle East peace making and to contribute a better understanding of a unique agency This book will be a useful aid for students and researchers with an interest in Middle East Studies Politics and the Israeli Palestinian conflict Reparations to Palestinian Refugees Shahira Samy,2010-02-25 The ongoing Palestinian refugee problem represents one of the largest and most protracted displacements of people in the world This book tackles the issue of reparations for those affected Employing a comparative approach the author examines other precedents for reparations and how these might be employed in the Palestinian case **Compensation to Palestinian Refugees and the Search for Palestinian-Israeli Peace** Rex Brynen,Roula El-Rifai,2013-02-06 One of the core aspects of the Palestinian refugee question is that of compensation or reparations for Palestinian refugees forcibly displaced by the establishment of Israel The Nakba saw the displacement of 85% of the Palestinian Arab population and the descendants of these displaced peoples numbers almost 5 million Despite the gravity of the situation and the importance of restorative justice many of the complex technical issues compensation would entail have not received adequate attention Applying their expertise and looking at past examples of claims mechanisms a rich variety of contributors including Palestinian Israeli and international scholars analysts and former officials examine the topic from an array of legal economic and political perspectives Answering questions such as How would property losses be recovered What about displaced persons within Israel What would the Israeli response be to reparations The contributors cast new and important light on the way the issue has been approached in past negotiations the structure of possible compensation regimes and potential challenges and obstacles to implementation From Syria to Europe: Experiences of Stateless Kurds and Palestinian Refugees from Syria Seeking Protection in Europe Thomas McGee,2019-01-01 Syria has been the country of origin of the largest number of asylum seekers in the EU every year since 2013 Given the long standing existence of stateless communities in Syria it is evident that there are stateless refugees among those displaced by the conflict and ending up in Europe Against this background this report explores the treatment of stateless refugees from Syria within the European asylum system outlining the particular challenges they face and discussing related law and policy gaps Building on existing research about the situation of stateless refugees and those at risk of statelessness in the neighbouring Middle Eastern countries this study focuses on the Greece corridor the most common route for Syrians coming to Europe as a framework through which to analyse the experiences of stateless Syrians in the EU Within this corridor the research focuses on two countries Greece and the Netherlands where in depth interviews were conducted with stateless Palestinians and stateless Kurds from Syria who have arrived in Europe within the recent migration flow Their testimonies help us to better understand the implications of the approach of relevant stakeholders policies and procedures to the treatment of stateless refugees from Syria **Two sides of the same coin : Jewish and Palestinian refugees : hearing ,** Palestinian Refugee Women from Syria to Jordan Afaf

Jabiri,2024-01-11 Based on four years of field research in Palestinian camps in Jordan including unique interviews with Palestinian refugee women aid workers and representatives of international organisations and NGOs in Jordan the book reveals the extraordinary layers of discrimination suffered by Palestinian women from Syria displaced to Jordan The women s experiences show them caught between settler colonialism militarism nationalism refugees global governance and gender regimes that subjected them to multiple forms of structural gender based violence The book argues for a feminist analysis of settler colonialism s epistemic violence of anti Palestinianism to expose the history and geopolitics of intersecting oppressive systems that work through and upon gendered bodies of Palestinian refugee women in humanitarian settings The book also highlights how local women s groups and frontline workers attempt to fill service gaps Using a rich theoretical lens to understand the experiences of women in refugee camps this book attempts to decolonise issues around migration displacement refugees and women Previous work on the Syrian refugee crisis has overlooked the very particular experiences of Palestinian refugee women which has weakened feminist analysis of gendered processes of humanitarianism and feminist transnational and intersectional solidarity This book offers a vital critique of how feminists adoption of a universality based analysis of the Syrian refugee crisis has contributed to the further marginalisation of Palestinian refugee women from Syria

The Palestinian Refugee Problem Rex Brynen,Roula El-Rifai,2013-12-06 In this unique volume leading analysts from the Red Cross Middle East Institute and Refugee Affairs many of whom have been actively involved in past negotiations on this issue provide an overview of the key dimensions of the Palestinian refugee problem Mindful of the sensitive and contested nature of the subject none offers a single solution Instead each contribution summarises and synthesises the existing scholarly and governmental work on the topic Each paper develops an array of policy options for resolving various aspects of the refugee issue From moral acknowledgements of the plight of refugees to host countries repatriation and reparations each policy analysis is written to provide a broad menu of choices rather than a single narrow set of recommendations No other work on the Palestinian refugee issue has undertaken such a task The Palestinian Refugee Problem The Search for a Resolution is likely to be a pre eminent reference and analytical work on the topic for many years to come

Palestinian Refugee Repatriation Michael Dumper,2006-09-27 The repatriation of Palestinians is a highly topical issue and a critical component of any future peace process for Israel Palestine Until now the mechanics of repatriation have not been dealt with in detail This book explores the notion that the Palestinian refugee case is exceptional through the comparative study of refugee repatriation and asks To what extent can the Palestinian case be said to be unique Where are the divergences the overlaps and points of similarity with other refugee situations What lessons can be drawn from these comparisons How can these lessons inform refugee organizations the donor community and policy makers The expert contributors examine the contextual and methodological field reviewing the trends in forced migration and refugee studies as well as studying the historical and political background of UNHCR and the negotiations around the Palestinian

refugee issue Taking a comparative approach the book incorporates case studies of specific refugee situations from around the world revealing key issues in the formulation of repatriation programmes and highlighting lessons to be learnt

Palestinian Refugees after 1948 Marte Heian-Engdal, 2020-02-20 After more than seventy years the Palestinian refugee problem remains unsolved But if a deal could have been reached involving the repatriation of Palestinian refugees it was in the early years of the Arab Israeli conflict So why didn't this happen This book is the first comprehensive study of the international community's earliest efforts to solve the Palestinian refugee problem Based on a wide range of international primary sources from Israeli US UK and UN archives the book investigates the major proposals between 1948 and 1968 and explains why these failed It shows that the main actors involved the Arab states Israel the US and the UN agreed on very little when it came to the Palestinian refugees and therefore never got seriously engaged in finding a solution This new analysis highlights how the international community gradually moved from viewing the Palestinian refugee problem as a political issue to looking at it as a humanitarian one It examines the impact of this development and the changes that took place in this formative period of the Arab Israeli conflict as well as the limited influence US policy makers had over Israel

The Palestinian Refugees in Jordan 1948-1957 Avi Plascov, 1981 *The Palestine Yearbook of International Law, 1999-2000* Academie de Droit International, 2002-05-31 This well established and widely respected Yearbook is a primary source of information on significant and topical legal issues relating to the Palestinian territories It provides in a single annual volume not only leading articles on topics of major interest to the international legal community but also key legislation court decisions legal cases treaties resolutions special reports and other relevant legal material translated from the original Arabic or Hebrew into English The 11th volume of The Palestine Yearbook of International Law is devoted specifically to the question of Palestine refugees and includes a comparison of the international legal framework designed to protect refugees with the framework already established for the protection of Palestinian Refugees an examination of the various pieces of legislation enacted to legally confiscate Palestinian lands raising the question as to how the plight of Palestinian refugees may be addressed in the international legal system legal precedents regarding refugees including the Dayton accord and UN Resolutions various agreements signed over the course of the past year a detailed bibliography of books monographs and articles a comprehensive index This new volume as with its predecessors will be an invaluable source of reference and record on the complex legal issues relating to the Palestinian territories and will be of prime interest to legal practitioners researchers scholars and anyone involved in law politics human rights or international relations who has an interest in this region Encyclopedia of the Palestinians Philip Mattar, 2005 Presents the history of modern Palestine and biographies of important Palestinians **Palestinians, Refugees, and the Middle East Peace Process** Don Peretz, 1993 In this clearly written and balanced volume longtime Middle East expert Don Peretz examines the current conditions and future prospects of the Palestine refugees and the members of the Palestinian diaspora He reviews their

demographics living conditions political identity and perspectives on the peace process including the Gaza Jericho plan He explores a variety of proposed solutions including repatriation compensation and resettlement
