Explaining Islamist Insurgencies: The Case Of Al-jamaah Al-islamiyyah And The Radicalisation Of The Poso Conflict, 2000-2007 Muhammad Tito Karnavian, 2014-09-05 Since 9 11 many books have been published on Islamic terrorism but few of these have considered the issue from the perspective of strategic studies or in terms of an insurgency As a result much of this literature ignores the process of radicalisation and fails to ascertain why some people turn to terrorism while others from the same background do not To counter this trend Explaining Islamist Insurgencies explains how and why the process of Islamist radicalisation is an important step towards acts of terrorism and in the formation of terrorist organisations by focusing on Poso a small town in Indonesia that experienced years of armed sectarian conflict between Muslim and Christian communities in 2000 2007 Building on the frameworks provided by previous studies Muhammed Tito Karnavian employs communications theory to explore the necessary precursors for the legitimising ideology in this case Salafi jihadism to be effectively disseminated With nearly 20 years of experience in academia and counter terrorism operations in Indonesia and as the current Chief of Papua Police Karnavian employs his unparalleled access to information and individuals to delineate the various stages of the radicalisation

of the Poso conflict and how radical organisations such as al Jamaah al Islamiyyah JI came to be involved This unique first hand account of a counter terrorist operation concludes by offering general policy implications that will be of use to both academics and practitioners The Bookseller and the Stationery Trades' Journal ,1992 Official organ of the book trade of the United Kingdom *Waterstone's Guide to Books* ,1989 *The War Against Japan: The loss of Singapore* Stanley Woodburn Kirby,1957 *The Panjang Incident* Charles Ryan, ZERO HOUR Deep below the surface of the South Pacific the U S Navy cargo ship Panjang floated delicately suspended above the ocean bottom The ultra expert diving team of Cas Bonner and Steve Chaffee and the beautiful brilliant undersea geologist Napah Gilchrist knew it was there They also knew that aboard was a weapon triggered to explode the world s hope for peace They even knew the time that the instrument of global destruction was computer programmed to be launched on its mega murderous mission But one thing they did not know How to stop it And they had just twelve minutes to find out **The Incidents of Malay Life** Richard James Wilkinson,1908

MANIPULATION OF DIGITAL EVIDENCE BY THE INDONESIAN NATIONAL POLICE FORENSIC LABORATORY: A CASE STUDY OF THE CYANIDE COFFEE INCIDENT RISMON HASIROLAN SIANIPAR,2025-09-03 The criminal case involving Jessica Wongso has unveiled the fragility of digital evidence integrity within Indonesia s criminal justice system CCTV recordings which should have served as objective evidence were reprocessed using irrelevant software such as eRightSoft and Freemake by police digital forensic experts namely Muhammad Nuh al Azhar and Christopher Hariman Rianto This

practice resulted in technical alterations including downscaling recompression and the loss of original metadata. Consequently the recordings lost their validity as authentic evidence and produced far reaching implications during the trial process. The manipulated video was subsequently employed as the basis for analysis by psychologists, criminologists, criminal law experts, prosecutors and judges. Interpretations of Jessica's nonverbal behavior became biased, criminological assessments were rendered defective and legal constructions were built upon contaminated data. Even more concerning the court accepted the footage without conducting authenticity tests in accordance with international standards. This not only compromised the probative value of the evidence but also undermined the principle of a fair trial. This case serves as a critical lesson on how easily digital evidence can be manipulated and how devastating its consequences can be for justice. The integrity of evidence is the cornerstone of law. Without such integrity the judicial process risks becoming an instrument of criminalization. Accordingly this book seeks to reveal how digital evidence manipulation operates its impact on forensic psychology, criminology, criminal law and even public perception. It is hoped that readers will recognize the urgency of safeguarding the integrity of digital evidence in order to uphold truth and justice.

The Kenpeitai in Java and Sumatra Barbara Gifford Shimer, Guy Hobbs, 2010. This collection of memoirs by the Japanese military police the Kenpeitai of World War II is often infuriating and frustrating. These disciplined and fanatical former officers freely terrorized and repressed the native populations of Southeast Asia for such crimes as Marxism, Islam and nationalism. Yet they are documents of great historical significance. The men are self-deceiving and self-glorifying rather than apologetic or self-critical but the reader is allowed a rare glimpse of what a mind or mind set justifies to itself during a state of war. These memoirs only certain Indonesian sections are published here clarify obscure motives and historical moments of the events during the Pacific War and the Japanese occupation.

Theater and Martial Arts in West Sumatra Kirstin Pauka, 1998-12-01. Randai the popular folk theater tradition of the Minangkabau ethnic group in West Sumatra has evolved to include influences of martial arts storytelling and folk songs. Theater and Martial Arts in West Sumatra describes the origin, development and cultural background of randai and highlights two recent developments: the emergence of female performers and modern staging techniques. This book also explores the indigenous martial arts form silek a vital part of randai today. The strong presence of silek is illustrated in the martial focus of the stories that are told through randai in its movement repertoire and even in its costumes and musical accompaniment. As Kirstin Pauka shows randai firmly rooted in silek and Minangkabau tradition is an intriguing mirror of the Minangkabau culture.
