Parliament, 1907 **Church, state and social science in Ireland** Peter Murray, Maria Feeney, 2016-11-18 The immense power the Catholic Church once wielded in Ireland has considerably diminished over the last fifty years During the same period the Irish state has pursued new economic and social development goals by wooing foreign investors and throwing the state s lot in with an ever widening European integration project How a less powerful church and a more assertive state related to one another during the key third quarter of the twentieth century is the subject of this book Drawing on newly available material it looks at how social science which had been a church monopoly was taken over and bent to new purposes by politicians and civil servants This case study casts new light on wider processes of change and the story features a strong and somewhat surprising cast of characters ranging from Sean Lemass and T K Whitaker to Archbishop John Charles McQuaid and Father Denis Fahey **The Political History of England**

William Hunt, Reginald Lane Poole, 1921 **With Ballot and Bayonet** Joseph Allan Frank, 1998 Based on letters and diaries of more than a thousand soldiers political scientist Joseph Allan Frank describes how political considerations were central to the development of the armies of the North and South motivating soldiers shaping officers and assuring military cohesion Illustrations **The Minority Voice** Robert Tobin, 2012-01-05 How do such people with brilliant members and dull ones fare when they pass from being a dominant minority to being a powerless one So asked the Kilkenny man of letters Hubert Butler 1900 1991 when considering the fate of Southern Protestants after Irish Independence As both a product and critic of this culture Butler posed the question repeatedly refusing to accept as inevitable the marginalization of his community within the newly established state Inspired by the example of the Revivalist generation he challenged his compatriots to approach modern Irish identity in terms complementary rather than exclusivist In the process of doing so he produced a corpus of literary essays European in stature informed by extensive travel deep reading and an active engagement with the political and social upheavals of his age His insistence on the necessity of Protestant participation in Irish life coupled with his challenges to received Catholic opinion made him a contentious figure on both sides of the sectarian divide This study addresses not only Butler s remarkable personal career but also some of the larger themes to which he consistently drew attention the need to balance Irish cosmopolitanism with local relationships to address the compromises of the Second World War and the hypocrisies of the Cold War to promote a society in which constructive dissent might not just be tolerated but valued As a result by the end of his life Butler came to be recognised as a forerunner of the more tolerant and expansive Ireland of today [Index to Current Literature](#) , 1859
