MANAGING NATURAL RESOURCES HARIKESH N. MISRA,2014-03-13 Natural resource management and sustainable development has of late assumed great importance especially because of ecological crisis and environmental dangers which are looming large Today the issues related to natural resource exploitation consequences their conservation preservation and management leading to sustainable development have become the major thrust areas of teaching and research Also sustainability of natural resources especially water and land resources and their efficient use is one of the core programmes of Government of India s Twelfth Five Year Plan 2012 2017 for strategic development this objective can only be achieved if the resources are used judiciously Although land and water resources the focus of the present book are vital for human survival and development unfortunately both are under threat and are increasing strain worldwide These resources have wide and significantly varying implications in rural and urban settlements especially in India where population has been

continuously growing and therefore the demand of land and water is intensifying This has necessitated urgent need for reviewing the availability of land and water resources and their conservation Besides dealing with the theoretical aspects this compendium presents case studies on natural resources as well which reveal ground realities at micro and meso levels too Pedagogical features like maps diagrams satellite imageries and latest database of the primary and secondary nature distinguish this book from other works on the subject The book will be of immense use to postgraduate students and research scholars of geography and related disciplines such as rural urban studies and environmental science The thematic approach of the book provides reasonably good contents for cogitation to researchers Policy makers planners and academicians may also be benefitted while framing futuristic norms which may lead to sustainable development the ultimate goal AUDIENCE Postgraduate students and Research Scholars of Geography Policy makers Planners and Academicians

Parliament,1870 *Developing Country Perspectives on Public Service Delivery* Anjula Gurtoo,Colin Williams,2015-05-26 The book examines the status of public service in developing countries in the sectors of health infrastructure labour and marginalized populations rural economy and public administration The last decade has witnessed significant government focus on service delivery in developing nations like South Africa Philippines India and Malaysia At the forefront of this

movement has been the public sector reforms significantly driven by two broad factors public sector inefficiencies and liberal economic ideology This move towards efficient public service delivery in developing nations versus developed nations has required a significant shift in institutional thinking and institutional capacity for the governments It is therefore no surprise that while economic liberalization has been relatively easy to implement governance reforms towards public service delivery has been significantly more challenging In this background the chapters of the book with sector themes examine the three basic foundations of public policy courses of action regulatory measures and issues and funding structures and priorities in public service delivery The book is a multi country multi sector perspective since it includes studies from Russian Federation India Ethiopia Pakistan Fiji South Africa Columbia Philippines Macedonia and India This perspective lends itself to the investigation for a comprehensive overall development model

Policing Developing Democracies Mercedes S. Hinton,Tim Newburn,2008-09-25 There are enormous challenges in establishing policing systems in young democracies Such societies typically have a host of unresolved pressing social economic and political questions that impinge on policing and the prospects for reform There are a series of hugely important questions arising in this context to do with the emergence of the new security agenda the problems of

transnational crime and international terrorism the rule of law and the role of the police security services and the military This is a field that is not only of growing academic interest but is now the focus of a very significant police reform industry Development agencies and entrepreneurs are involved around the globe in attempts to establish democratic police reforms in countries with little or no history of such activity Consequently there is a growing literature in this field but as yet no single volume that brings together the central developments This book gathers together scholars from political science international relations and criminology to focus on the issues raised by policing within developing democracies examining countries in Eastern Europe Asia South America and Africa
