Quatre Siècles d'Armurerie Liégeoise:

Quatre siècles d'armurerie liégeoise Claude Gaier, 1985
révolution industrielle Nicole Haesenne-Peremans, 1981
Rural Life in the Early Modern Low Countries Myron P. Gutmann, 2014-07-14 In addition to famine and disease war had a considerable impact on rural society in early modern Europe Myron Gutmann studies this impact through a systematic analysis of military economic and demographic variables as they affected the Basse Meuse area in Eastern Belgium and the Netherlands between 1620 and 1750 Originally published in 1980 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
L'armurerie liégeoise et la Guerre de sécession, 1861-1865 Francis Balace, 1978
Medieval Warfare Everett U. Crosby, 2000-08-14
Homo sapiens homo pugnans and so it has been since the beginning of recorded history In the Middle Ages especially armed conflict and the military life were so much a part of the political and cultural development that a general account of this period is in large measure a description of how men went to war
A House Divided Carl Strikwerda, 2000-01-01 The first book to explore the historical development of Belgian politics this groundbreaking study of the rivalry between Catholicism Socialism and nationalism is essential reading for anyone interested in Europe before World War I
War, State, and Society in Liège Roeland Goorts, 2019-03-11 Small power diplomacy in seventeenth century Europe War State and Society in Liège is a fascinating case study of the consequences of war in the Prince-Bishopric of Liège and touches upon wider issues in early modern history such as small power diplomacy in the seventeenth century and during the Nine Years War For centuries the small semi-independent Holy Roman Principality of Liège succeeded in preserving a non-belligerent role in European conflicts During the Nine Years War 1688-1697 however Liège's leaders had to abolish the practice of neutrality For the first time in its early modern history the Prince-Bishopric had to raise a regular army reconstruct ruined defence structures and supply army contributions in both money and material The issues under discussion in War State and Society in Liège offer the reader insight into how Liège politically protected its powerful institutions and how the local elite tried to influence the interplay between domestic and external diplomatic relationships
Principauté de Liège Bruno Demoulin, 1998
Les armes à feu en Nouvelle-France Russel Bouchard, 1999 Les pays de provenance des armes à feu en Nouvelle-France Rglementation et commerce Les types d'armes à feu L'importance des armes à feu non pas en terme de simple objet d'utilité quotidienne mais aussi en tant que phénomène de civilisation
