**Latin American Popular Culture Since Independence** William H. Beezley, Linda Ann Curcio, 2012 This unique reader offers an engaging collection of essays that highlight the diversity of Latin America's cultural expressions from independence to the present Leading historians explore funerals dance and music letters and literature spectacles and monuments and world's fairs and food These themes and events highlight the ways in which a wide range of individuals with copious at times contradictory motives attempted to forge identity turn the world upside down mock their betters forget their troubles through dance express love in letters and altogether enjoy life The authors analyze case studies from Argentina Brazil the Dominican Republic Ecuador Mexico Nicaragua Peru and Trinidad Tobago tracing how their examples resonate in the rest of the region They show how people could and did find opportunities to escape if only occasionally their daily drudgery making lives for themselves of greater

variety than the constant quest for dominance drive for profits or knee jerk resistance to the social or economic order so often described in cultural studies Instead this rich text introduces the complexity of motives behind and the diversity of expressions of popular culture in Latin America Contributions by Sal Acosta Thomas L Benjamin John Charles Chasteen Dari n J Davis Lauren Robin H Derby Matthew D Esposito Ingrid E Fey Stephen Jay Gould Graham E L Horton Fanni Mu oz Cabrejo Blanca Muratorio Jeffrey M Pilcher Janet Sturman and Pamela Voekel **Federal Register** ,1997-08 Identity Mediations in Latin American Cinema and Beyond Cecilia Nuria Gil Mariño,Laura Miranda,2019-09-12 The appearance of sound film boosted entertainment circuits around the world drawing cultural cartographies that forged images of spaces nations and regions By the late 1920s and early 30s film played a key role in the configuration of national and regional cultural identities in incipient mass markets Over the course of the twentieth and early twenty first centuries this transmedia logic not only went unthreatened but also intensified with the arrival of new media and the development of new technologies In this respect this book strikes a dialogue between analyses that reflect the flows and transits of music films and artists mainly in the Ibero American space although it also features essays on Soviet and Asian cinema with a view to exploring the processes of configuration of cultural identities As such this work views national borders as flexible spaces that permit an exploration of the appearance of transversal relations that are part of broader networks of circulation as well as economic social and political models beyond the domestic sphere *Catalog of Copyright Entries* Library of Congress.
