Public Commissions on Cultural and Religious Diversity Solange Lefebvre, Patrice Brodeur, 2017-05-08 Due to growing negative perceptions about relations between historically entrenched dominant populations and various minority groups issues relating to the need to better manage cultural and religious diversity have been intensifying in many countries. These negative perceptions have recently led to a significant increase in popular support for right and extreme right nationalist discourses and have created so much public tension that national governments have had no choice but to respond. In the last two decades in several Western contexts in particular the issues raised by such combined challenges have culminated in the creation of government initiated or private national commissions. This book presents the results of a multidisciplinary analysis from a broader framework that includes the national public commissions which have addressed the challenges of managing cultural and religious diversity in Belgium, Britain, Canada, Quebec, France, Morocco, and Norway including also other cases of public management in Australia and Singapore. It includes in depth studies of the issues and controversies examined by each of the commissions such as the ways they perceived the issues, their results and impact, the key political players involved, the media debates and reception surrounding each commission, the communication strategies and difficulties their leaders encountered as well as the legal aspects each commission has raised. The reports represent a rich body of work charting the fundamental questions nations face about their nature, history and future while the impact on peoples lives tells us much about different approaches to the issues of cultural identity between countries.

Bridging Differences: Understanding Cultural Interaction in Our Globalized World Newtona (Tina) Johnson, Shawn Simpson, 2019-01-04

This volume was first published by Inter Disciplinary Press in 2016. Cultural interaction in our worlds today is essential to building 21st century bridges between communities. The experiences and lessons learned from the authors of the articles herein are shared with empathy and humility across many disciplines. The creation and re creation of individual identities and group identities due to migrations throughout history is an ongoing story. Never does one cultural profile remain constant. On the contrary as boundaries change so do people and therefore cultures. Interculturalism is the one valid approach to understanding these changes but should be used with great sensitivity. And sensitivity is the over riding emotion emanating from the different studies in this volume: the search for one's identity when the latter has been lost or has become difficult to recognize, the attempts to erase identities so as to conform to national unity, the will to create new identities to fit in with new environments, the need to re evaluate oneself so as to remain true to oneself. These endeavors are subtly described in this vibrant compendium of intercultural monographies.

Linguistic Rivalries Sonia N. Das, 2016-10-27 Linguistic Rivalries weaves together anthropological accounts of diaspora, nation and empire to explore and analyze the multi faceted processes of globalization characterizing the migration and social integration experiences of Tamil

speaking immigrants and refugees from India and Sri Lanka to Montréal Québec in the late twentieth and early twenty first centuries In Montréal a city with more trilingual speakers than in any other North American city Tamil migrants draw on their multilingual repertoires to navigate longstanding linguistic rivalries between anglophone and francophone and Indian and Sri Lankan nationalist leaders by arguing that Indians speak Spoken Tamil and Sri Lankans speak Written Tamil as their respective heritage languages Drawing on ethnographic archival and linguistic methods to compare and contrast the communicative practices and language ideologies of Tamil heritage language learning in Hindu temples Catholic churches public schools and community centers this book demonstrates how processes of sociolinguistic differentiation are mediated by ethnonational religious class racial and caste hierarchies Indian Tamils showcase their use of the cosmopolitan sounds and scripts of colloquial varieties of Tamil to enhance their geographic and social mobilities whereas Sri Lankan Tamils dispossessed of their homes by civil war instead emphasize the primordialist sounds and scripts of a pure literary Tamil to rebuild their homeland and launch a global critique of racism and environmental destruction from the diaspora This book uses the ethnographic and archival study of Tamil mobility and immobility to expose the mutual constitution of elite and non elite global modernities defined as language ideological projects in which migrants objectify dimensions of time and space through scalar metaphors

La Politique de sélection des immigrants du Québec Laurence

Monnot,2012-09-20T00:00:00-04:00 Le Québec choisit ses immigrants en fonction de critères et en vue d'objectifs qu'il définit lui-même Cette autonomie conquise de haute lutte dans les années 1960 et 1970 n'a d'équivalent ni dans un autre pays ni dans une autre province du Canada En 2011 37 000 travailleurs qualifiés ont été sélectionnés selon leur âge leur formation leur expérience de travail leurs compétences linguistiques et le profil de leur conjoint La responsabilité de relever le défi de l'immigration a été confiée à un acteur principal le ministre de l'Immigration Depuis quarante-cinq ans et bien qu'il ait toujours été le parent pauvre de la distribution budgétaire ce ministre a développé un savoir-faire et des traditions non négociables La cohérence long terme de la politique québécoise peut faire figure de modèle Pourtant elle est aujourd'hui menacée Parce que l'immigration et la sélection des candidats font l'objet de questionnements certains sembleraient prêts à faire table rase de cette expertise pour l'instaurer du fond ne plus river la sélection qu'à un seul objectif l'employabilité court terme Or la sélection de futurs concitoyens doit se soucier de leur intégration au regard des caractéristiques économiques culturelles et linguistiques propres à la société québécoise Il importe donc de conserver des critères pluriels comme d'assurer la qualité du processus de sélection Cet ouvrage retrace l'histoire des politiques d'immigration québécoises Il expose aussi les rouages de la politique de sélection des immigrants du Québec ses objectifs parfois contradictoires ses moyens et ses limites De plus il propose quelques pistes pour relever les défis venir

Province Building and the Federalization of Immigration in Canada Mireille

Paquet,2019-01-01 Most accounts of the provincial role in Canadian immigration focus on the experience of Quebec In *Province Building and the Federalization of Immigration in Canada* Mireille Paquet shows that between 1990 and 2010 all

ten provinces became closely involved in immigrant selection and integration. This considerable change to the Canadian model of immigration governance corresponds to a broader process of federalization of immigration by which both orders of government became active in the management of immigration. While Canada maintains its overall positive approach to newcomers, the provinces developed and continue to develop their own formal immigration strategies and implement various selections and integration policies. This book argues that the process of federalization is largely the result of provincial mobilization. In each province mobilization occurred through a modern iteration of province building, this time focused on immigrants as resources for provincial economies and societies. Advocating for a province-centred analysis of federalism, *Province Building and the Federalization of Immigration in Canada* provides key lessons to understanding the contemporary governance of immigration in Canada. *The Civil Sphere in Canada* Jeffrey C. Alexander, Mervyn Horgan, 2025-05-15 When activists advocate victims of injustice and ordinary citizens seek to advance or block social justice and cohesion, they draw on morally charged ideals. But the wellsprings of solidarity in a society as diverse as Canada are complex and mutable. *The Civil Sphere in Canada* analyzes the shifting meanings we attach to key social actors, activities and institutions to reveal the dynamics of inclusion and exclusion that animate Canadian society. Applying Jeffrey Alexander's groundbreaking civil sphere theory to Indigenous-settler relations, media scandals, multiculturalism, urban planning and personal relations, contributors demonstrate that transformations in shared meaning must precede legislative and institutional change. Profoundly harmful behaviours such as cultural appropriation, sexual misconduct and even genocide may pass as routine for years before the public decides they are unacceptable breaches of civil order. This superb collection ushers Canadian voices into a burgeoning international debate about the role of the civil sphere in effecting social justice. **Médiations et francophonie interculturelle** Lucille Guilbert, 2004 *Québec: État et Société, Tome 2* ALAIN-G. Cette deuxième édition entièrement révisée et actualisée propose des clés conceptuelles sociohistoriques et politiques pour comprendre l'état actuel des rapports ethniques au Québec des réalités migratoires et de l'adaptation du système scolaire qui bicoise aux enjeux du pluralisme. Les milieux éducatifs sont aux premières lignes des préoccupations collectives et des politiques publiques en matière de respect des droits et du vivre ensemble et les cinq dernières années ont vu apparaître une nouvelle loi sur la laïcité ainsi que des polarisations sociales sur des questions sensibles et des enjeux identitaires qui ont affecté particulièrement ces milieux. Les enseignants du primaire jusqu'à l'université doivent donc être mieux préparés à prendre en compte dans leur pratique des réalités de plus en plus complexes : discriminations intersectionnelles associées notamment au linguicisme, au racisme, au sexisme et au

Belonging? Keith G. Banting, Thomas J. Courchene, F. Leslie Seidle, 2007
Diversity is one of Canada's defining characteristics Yet here as in other Western democracies diversity policies are being called into question by developments such as the growing salience of identity race and religion Do minorities really feel they belong to the country Is discrimination still a reality Is social cohesion being strained In this volume leading scholars from Canada Europe and the United States explore two broad policy agendas first the multicultural agenda which focuses on recognizing cultural differences helping minorities express their distinct identities and practices and building more inclusive conceptions of citizenship and second the integration agenda which seeks to bring minorities into the mainstream strengthen the sense of mutual support and solidarity and reinforce the bonds of a common community The authors of these 15 chapters and 8 commentaries examine these questions from a range of perspectives with a focus on ethnocultural minorities and indigenous peoples In their concluding chapter the editors discuss priorities that emerge from the analysis and relate them to the objectives of strengthening belonging and shared citizenship Book jacket

Identités diasporiques et communication Christian Agbobli, Oumar Kane, Gaby Hsiao, 2013-12-04T00:00:00-05:00 Si la notion de diaspora a été analysée en profondeur dans les recherches menées au sein de différentes disciplines telles que l'histoire l'anthropologie la sociologie la science politique ou l'économie son étude reste encore parcellaire en communication Pourtant la communication permet d'apporter un éclairage inédit la compréhension des actions

des individus et des collectifs humains En procédant à une intégration communicationnelle des processus physiques et symboliques de circulation et de création de sens tout en prenant en considération les différents médias et leurs rôles dans ces processus cet ouvrage dresse une nouvelle perspective sur les enjeux de la diaspora En effet c'est au regard des différentes figures du sujet diasporique qu'il se situe dans une logique de mondialisation de ghettoïsation ou de reterritorialisation que les auteurs s'interrogent sur la diaspora Certains textes de nature épistémologique viennent surtout préciser le concept de diaspora et présenter des représentations théoriques mais aussi mettre au jour de nouvelles dimensions D'autres portent plus particulièrement sur la production et la consommation médiatiques en lien avec la diaspora et sa construction d'un lien social Naviguant entre les diasporas de partout dans le monde notamment les libanaises togolaises marocaines tunisiennes somaliennes et antillaises l'ouvrage offre au lecteur tout un territoire diasporique à explorer **LLT**, 1998 L'intégration des immigrants
