A Short History of Quebec John A. Dickinson,Brian Young,2008-09-19 John A Dickinson and Brian Young bring a refreshing perspective to the history of Quebec focusing on the social and economic development of the region as well as the identity issues of its diverse peoples This revised fourth edition covers Quebec s recent political history and includes an updated bibliography and chronology and new illustrations A Canadian classic A Short History of Quebec now takes into account such issues as the 1995 referendum recent ideological shifts and societal changes considers Quebec s place in North America in the light of NAFTA and offers reflections on the G rard Bouchard Charles Taylor Commission on Accommodation and Cultural Differences in 2008 *Rethinking the Politics of Labour in Canada, 2nd ed.* Stephanie Ross,Larry Savage,2021-10-21T00:00:00Z In the wake of the COVID 19 pandemic the need to re establish the labour movement s political capacity to exert collective power in ways that foster greater opportunity and equality for working class people has taken on a greater sense of urgency Understanding the strategic political possibilities and challenges facing the Canadian labour movement at this important moment in history is the central concern of this second edition of *Rethinking the Politics of Labour in Canada* With new and revised essays by established and emerging scholars from a wide range of disciplines this edited collection assesses the past present and uncertain future of Canadian labour politics in the wake of the COVID 19 pandemic Bringing together the traditional electoral based aspects of labour politics with analyses of newer and rediscovered forms of working class organization and social movement influenced strategies which have become increasingly important in the Canadian labour movement this book seeks to take stock of these new forms of labour politics understand their emergence and assess their potential impact on the future of labour in Canada **Prelude to Quebec's Quiet Revolution** Michael D. Behiels,1985-06-01 In this study of the intellectual origins of Quebec s Quiet Revolution of the 1960s Michael Behiels has provided the most comprehensive account to date of the two competing ideological movements which emerged after World War II to challenge the tenets of traditional French Canadian nationalism The neo nationalists were a group of young intellectuals and journalists centered upon Le Devoir and L Action nationale in Montreal who set out to reformulate Quebec nationalism in terms of a modern secular urban industrial society which would be fully master in its own house An equally dedicated group of French Canadians of liberal or social democratic persuasion was based upon the periodical Cit libre one of whose editors was Pierre Trudeau and had links with organized labour Cit libristes sought to remove what they considered to be the major obstacles to the creation of a modern francophone society the all pervasive influence of clericalism inherent in the Catholic church s control of education and the social services and the persistence among Quebec s intelligentsia of an outmoded nationalism which advocated the preservation of a rural and elitist society and neglected the development of the individual and the pursuit of social equality Behiels delineates the divergent societal models proposed by

the two movements by focusing upon such themes as the critique of traditional nationalism the roles of church state and labour the response to the new federalism the reform of education and the search for a third party He shows how the rivals combined to help bring down an anachronistic Union Nationale government in June 1960 In one form or another he concludes Cit libre liberalism and neo nationalism have remained at the heart of the political and ideological debate that has continued in Quebec since the Duplessis era *The Revised Statutes of the Province of Quebec, 1925 Québec (Province), 1925* [Quebec](#) Leon Dion, 1976-01-01 **Comparing Quebec and Ontario** Rodney Haddow, 2015-01-01 In Comparing Quebec and Ontario Rodney Haddow analyses how budgeting economic development social assistance and child care policies differ between the two provinces The cause of the differences he argues are underlying differences between their political economic institutions **Contemporary Quebec** Michael D. Behiels, Matthew Hayday, 2011-11-30 In the last seventy years Quebec has changed from a society dominated by the social edicts of the Catholic Church and the economic interests of anglophone business leaders to a more secular culture that frequently elects separatist political parties and has developed the most comprehensive welfare state in North America In Contemporary Quebec leading scholars raise provocative questions about the ways in which Quebec has been transformed since the Second World War and offer competing interpretations of the reasons for the province s quiet and radical revolutions **Labour Legislation of the Past Decade**, 1922 Reports for 1951 1920 1928 are consolidated reports containing text of labour laws in force **Québec and Radical Social Change** Dimitrios I. Roussopoulos, 1974 The 1960s marked the rise of a powerful and reformulated nationalism in Quebec characterized by a deep sense of identity and widespread frustration especially among the younger generation This fervor gave birth to a large nationalist movement encompassing a diverse spectrum of ideologies from left to right Simultaneous to the rise of Quebec separatism a growing Marxist movement emerged fostering a development of class consciousness and labour welfare in the province This culminated in a massive mobilization in 1972 where 350 000 workers went on strike showcasing an unprecedented wave of socio political activism in Quebec This book is the fourth in a series compiling exceptional articles from the radical quarterly journal Our Generation selected by the journal s founding editor Dimitrios Roussopoulos Founded in 1961 Our Generation significantly contributed to the social study of Quebec until its final publication in 1991 The articles selected for this volume address major currents of thought and action in Quebec from the mid 1960s until this book s publication in 1974 Quebec and Radical Social Change offers a glimpse into the transformative era of the 1960s and 1970s acting as a historical document that speaks to present times [Canada](#) Harvey Lazar, Tom McIntosh, 1999-02 [Public Accounts for the Fiscal Year Ended ...](#), 1918 **Sessional Papers**, 1920 Report of the Dominion fishery commission on the fisheries of the province of Ontario 1893 issued as vol 26 no 7 supplement **Sessional Papers of the Dominion of Canada** Canada. Parliament, 1904 Report of the Dominion fishery commission on the fisheries of the province of Ontario 1893 issued as an addendum to vol 26 no 7 *Quebec: A Chronicle* Robert

Chodos, Nick Auf der Maur, 1972-01-01 Compiled by reporters for the legendary Last Post this book presents a vital on the spot account of the emergence of militant nationalist and labour movements in Quebec in the late 60s and early 70s It is a documentary record of the most crucial events of 1968 to 1972 in Quebec the first stirrings of rebellion in the industrial towns the heroism of the Mouvement de Libération du Taxi and the Lapalme guys the drama of the October Crisis of 1970 It goes on to describe the birth of the labour unions Common Front in the La Presse strike and in an important final chapter analyzes the Front's spectacular show of strength of 1972 Invaluable as a sourcebook Quebec A Chronicle sorts through a multitude of political myths and rumours that thwart understanding of Quebec's development to this day **Labor and the Class Idea in the United States and Canada** Barry Eidlin, 2018-05-03 Why are unions weaker in the US than they are in Canada despite the countries many similarities **The Workers' Revolt in Canada, 1917-1925** Craig Heron, 1998-01-01 A clear concise portrait of one of the most dramatic moments in the history of working class life and class relations generally in Canada the upsurge of working class protest at the end of the First World War **Foreign Labor Trends** , 1993
