The Social History of Ideas in Quebec, 1760-1896 Yvan Lamonde, 2013-05-01 In The Social History of Ideas in Quebec 1760 1896 Yvan Lamonde traces the province s political and intellectual development from the British Conquest to the election of Prime Minister Wilfrid Laurier From the individuals who formulated them to the networks in which they circulated to their reception Yvan Lamonde focuses on ideas at work and their role in shaping Quebec history The mapping of a complete intellectual circuit allows Lamonde to follow the strains of ideological debates monarchism liberalism republicanism democracy revolution ultramontanism nationalism over more than a century His work is informed by an encyclopaedic reading of the print culture of the period and the book conveys a profound and nuanced knowledge of the social context and cultural channels educational institutions newspapers the book trade in which intellectual debate occurred Lamonde argues that while these ideas concerned politics they went beyond the political they were a fundamental and everyday element of civic society that was expressed in the public sphere through pamphlets the popular press and sermons Lamonde s scrutiny of public opinion in Quebec allows him to place such currents of thought in the colony s international context that of France England Rome the United States and their respective metropolises The Social History of Ideas in Quebec 1760 1896 covers a volatile time in the province s history from the end of the French Regime through the American invasion the War of 1812 and the Rebellions in Lower Canada capturing the cultural ascension of a society and the foundations of Quebec identity

Quebec Hydropolitics David Massell, 2011-01-27

The construction in the 1940s of hydroelectric dams and reservoirs Lakes Manouan and Passe Dangereuse were enormous projects that had consequences not only on the environment but also on international affairs Built by the Aluminium Company of Canada Rio Tinto Alcan the project helped meet the American and Allied Forces demand for electrical power and aluminium ingot during the Second World War but also forced Innu Montagnais hunter trappers from their ancestral lands

Examining sources as varied as the papers of the Franklin D Roosevelt Presidential Library and interviews with Montagnais elders Quebec Hydropolitics presents a compelling synthesis of business and social history as well as wartime politics David Massell reconstructs the story of a changing landscape through the perspectives of corporate executives government officials and Aborigines to show the effect that war had on Canadian resource extraction and energy policy as well as its indigenous peoples A narrative that flows from the Saguenay watershed to the centres of political power Quebec Hydropolitics is an informative look at the costs and benefits of large scale industrialization

Quebec Serge Courville, 2009-01-01 In this richly documented work Serge Courville tells the geographical history of Quebec from the appearance of the first humans through to the present day This detailed and erudite book maps major stages of Quebec's development providing a geographical record of the many social relationships that over time created a sense of place Landscape Courville shows is the keeper of memory the record of successive changes and a witness to the genesis of the new Places that were once agricultural then left to waste and ruin are today revived by tourism Areas that now house office buildings were long ago open playgrounds where children ruled Drawing on vast research Courville shows how in spite of the turbulence Quebec often endures or perhaps because of it the land itself may be seen as an important participant in the history of its peoples Quebec A Historical Geography was originally published by Les Presses de l'Université Laval as Le Québec Genèses et mutations du territoire

Amassing Power David Perera Massell, Forest History Society, 2000 At the turn of the century American industrialist J B Duke set his sights on one of North America's greatest and most spectacular rivers the Saguenay In Amassing Power David Massell chronicles thirty years of international intrigue as Duke manoeuvred to gain access to develop and sell the tremendous hydro electric potential of a remote river in Quebec The damming of the Saguenay brought industrialisation on a grand scale to rural Quebec in the form of newsprint and aluminum manufacture Tapping into rich and diverse sources in Canada the United States and Europe Massell provides an interdisciplinary cross border study of American capital and Canadian resources He shows us how ever larger amounts of capital yielded increasingly massive and sophisticated applications of hydroelectric technology Grand industrial plans in turn encroached upon provincial water rights and farmers lands which drew the attention of the state He examines the protracted power struggle between public and private interests between American capitalists and the nascent bureaucracy of the

province of Quebec and describes the origins and evolution of the events that led to state control over hydraulic resources in the province In doing so he provides vivid portraits of Duke and of Quebec politicians of the period and gives a dramatic account of the protracted battle of wits between Duke's chief engineer William States Lee and Quebec's chief of Hydraulic Service Arthur Amos Amassing Power speaks to the integration of North American economies vividly illustrating the process by which American capital drew Canada's resource rich North into the economic orbit of the United States **Un juste prix**

politicize the environment are discussed as well including the economic and class dynamics of flood relief highways built to facilitate recreational access for the middle class power generating facilities that invade pristine rural areas and the elitist environmental hegemony of fox hunting Additional chapters examine human attempts to control the urban environment through street planning waterway construction water supply and sewerage

Le nouveau roman de l'énergie nationale Dominique Perron, 2006 Le nouveau roman de l'énergie nationale est une étude des moyens discursifs mis en place par la Société d'État Hydro-Québec pour lier sa représentation à celle de l'identité nationale des Québécois depuis la Révolution tranquille On y examine également comment les publicités télévisées des slogans particuliers les discours d'inaugurations des téléseries historiques proposent une rhétorique identitaire qui permis à Hydro-Québec de jouir auprès des Québécois d'un statut culturel et symbolique reconnu comme unique au Canada Finalement on analyse comment il est possible dans une situation historique donnée de mettre en récit l'exploitation des ressources énergétiques et de le présenter à la fois comme téléologie et justification d'une orientation politique collective plus globale Ainsi est examiné plus avant l'impact que peut avoir la jouissance de ces ressources sur la conception d'une destinée collective présente symboliquement comme nationale

Manufacturing Suburbs Robert Lewis, 2008 Urban historians have long portrayed suburbanization as the result of a bourgeois exodus from the city coupled with the introduction of streetcars that enabled the middle class to leave the city for the more rural surrounding regions Demonstrating that this is only a partial version of urban history Manufacturing Suburbs reclaims the history of working class suburbs by examining the development of industrial suburbs in the United States and Canada between 1850 and 1950 Contributors demonstrate that these suburbs developed in large part because of the location of manufacturing beyond city limits and the subsequent building of housing for the workers who labored within those factories Through case studies of industrial suburbanization and industrial suburbs in several metropolitan areas Chicago Baltimore Detroit Pittsburgh Los Angeles San Francisco Toronto and Montreal Manufacturing Suburbs sheds light on a key phenomenon of metropolitan development before the Second World War Argentina Australia And Canada Guido Di, D C Platt, 1985-02-18
