Queen Anne:

Queen Anne James Anderson Winn, 2014-06-03 As the last Stuart monarch Queen Anne 1665 1714 received the education thought proper for a princess reading plays and poetry in English and French while learning dancing singing acting drawing and instrumental music As an adult she played the guitar and the harpsichord danced regularly and took a connoisseur's interest in all the arts In this comprehensive interdisciplinary biography James Winn tells the story of Anne's life in new breadth and detail and in unprecedented cultural context Winn shows how poets painters and musicians used the works they made for Anne to send overt and covert political messages to the queen the court the church and Parliament Their works also illustrate the pathos of Anne's personal life the loss of her mother when she was six her troubled relations with her father and her sister James II and Mary II and her own doomed efforts to produce an heir Her eighteen pregnancies produced only one child who lived past infancy his death at the age of eleven mourned by poets was a blow from which Anne never fully recovered Her close friendship with Sarah Duchess of Marlborough a topic of scabrous ballads and fictions ended in bitter discord the death of her husband in 1708 left her emotionally isolated and the wrangling among her chief ministers hastened her death Richly illustrated with visual and musical examples Queen Anne draws on works by a wide array of artists among them the composer George Frideric Handel the poet Alexander Pope the painter Godfrey Kneller and the architect

Christopher Wren to shed new light on Anne's life and reign This is the definitive biography of Queen Anne **Queen Anne** Edward Gregg, 2014-11-01 The reign of Queen Anne the last Stuart monarch was a period of significant progress for the country Britain became a major military power on land the union of England and Scotland created a united kingdom of Great Britain and the economic and political basis for the Golden Age of the eighteenth century was established However the queen herself has received little credit for these achievements and has long been pictured as a weak and ineffectual monarch dominated by her advisers This landmark biography of Queen Anne shatters that image and establishes her as a personality of integrity and invincible stubbornness the central figure of her age Praise for the earlier edition A thoughtful and authoritative study easily the best thing we have on the Queen Like Anne herself it is eminently worthy Angus McInnes History With the appearance of this volume a generation of revision in Queen Anne studies comes to fruition Henry Horowitz American Historical Review The best kind of biography scholarly but sympathetic as well as highly readable John Kenyon The Observer Bold startling imaginative and persuasive G C Gibbs London Review of Books **Queen Anne** Anne

Somerset, 2012 Queen Anne was one of Britain's most remarkable monarchs With a personal life riven by passion illness and intrigue she presided over some of the most momentous events in British history Like books by Antonia Fraser or Amanda Foreman and based on years of original research Queen Anne is historical biography at its best **Campaigns of king**

Wilson,1911 Good Queen Anne Judith Lissauer Cromwell,2019-03-19 Queen Anne 1665 1714 was not charismatic brilliant or beautiful but under her rule England rose from the chaos of regicide civil war and revolution to the cusp of global supremacy She fought a successful overseas war against Europe s superpower and her moderation kept the crown independent of party warfare at home This biography reveals Anne Stuart as resolute kind and practical a woman who surmounted personal tragedy and poor health to become a popular and effective ruler **The Life of Queen Anne, ... Illustrated with All Her Speeches, Messages, Letters, Etc., to Her Parliamenta and Allies ...** Anne (Queen of Great Britain),1714 The Reign of Queen Anne Justin McCarthy,1902 *The Life and Times of Queen Anne* Gila Curtis,1972

Queen Anne and the Arts Cedric D. Reverand,2016-08-15 The cultural highlights of the reign of Queen Anne 1702 1714 have long been overlooked However recent scholarship including the present volume is demonstrating that Anne has been seriously underestimated both as a person and as a monarch and that there was much cultural activity of note in what might be called an interim period coming after the deaths of Dryden and Purcell but before the blossoming of Pope and Handel after the glories of Baroque architecture but before the triumph of Burlingtonian neoclassicism The authors of Queen Anne and the Arts make a case for Anne s reign as a time of experimentation and considerable accomplishment in new genres some of which developed some of which faded away The volume includes essays on the music drama poetry quasi operas political pamphlets and architecture as well as on newer genres such as coin and medal collecting hymns and poetical miscellanies all produced during Anne s reign **Historical Sketches of the Reign of Queen Anne** Margaret

Girouard,1984-01-01 Mark Girouard describes the Queen Anne movement in all its manifestations tracing its origin in the 1860s the spread of its subsequent vogue from London to the provinces and from England to America and its fall from grace in the 1890s when it was taken up by architects of pubs and waterside villas *The Augustan Court* R.
