## **Queen Mary And The Cruiser The Curacao Disaster:**

**Queen Mary and the Cruiser** David Arthur Thomas, Patrick Holmes, 1997 An account of the sinking in 1942 of HM cruiser Curacao by the Cunard passenger liner Queen Mary which examines how a series of severe errors resulted in the deaths of 338 men and features eye witness testimony track charts and previously unpublished photographs Queen Mary and the Cruiser David Arthur Thomas, Patrick Holmes, 1997 The tragic sinking of HM cruiser Curacao off Bloody Foreland in 1942 was a disaster of stunning proportions The Cunard liner Queen Mary sliced through the cruiser in broad daylight and 338 men died most of them within minutes all of them victims of a series of errors The full detailed story of this drama is co authored by the naval historian David A Thomas and one of the survivors Patrick Holmes Together they have painstakingly reconstructed a minute by minute record of the miscalculations contradictions and errors preceding the disaster The story is enhanced by dramatic eye witness accounts and by the moving anecdotes of the survivors Those who survived the tragedy were left branded with dreadful memories which they could never erase from their minds It took eminent sea officers judges and Law Lords long years of debate and dispute over the finer points of maritime law to adjudicate the clash of the captains who only had fleeting moments of impending tragedy before making their fateful decisions Public Record Office files and other documents have been analysed with meticulous care The result is a tragic and yet splendid story which will be welcomed as an epic to rank with the best told stories of disaster at sea The Age of Cunard Daniel Allen Butler, 2004 For a century and a half the single most important sea lane in the world was the transatlantic route linking the Old World with the New For three hundred years sailing ships sufficed to carry cargoes and people but the demands of Steam Age business and commerce demanded more regularity Just as the steam engine had allowed railroads to replace the unpredictability of stagecoaches on land with dependable schedules steamships promised to bring this reliability to crossing the Atlantic This is where the story of the Cunard Line began The greatest influence Cunard would ever have on world events would be the leading role during the last half of the 19th century when the great migration of millions of emigrants transformed the populations of Europe the United States and Canada Wars devastation came to the Cunard Line with WW1 and WW2 as the power of the German submarine fleet built with one purpose in mind to sever the North Atlantic shipping lanes threatened Great Britains very existence By 1963 more people chose to travel by airplane than by steamship and it was the beginning of the end Sir Winston Churchill observed You came into great things by the accident of sea power By an accident of air power you will probably cease to exist **Ghosts of the Queen Mary** Brian Clune, Bob Davis, 2018-10-20 Learn the stories behind this luxurious and haunted ocean liner Includes photos For thirty one years the RMS Queen Mary sailed the North Atlantic It helped defeat Hitler and was the ship of choice for the world s rich and famous Now in retirement in the Port of Long Beach the Stateliest Ship Afloat plays host to tourists travelers and more than six hundred spirits that roam her halls and passageways These choice decks remain the floating home of a few regulars including the oft glimpsed White Lady as well as

**In Titanic's Shadow** David L. Williams,2012-10-01 While the near 1 500 victims of Titanic accounted for a huge loss of life each of the ships here had a greater number of casualties in some cases more than five times as many In total these 27 merchant ship sinkings resulted in a staggering loss of life at sea more than 96 000 in total 3 840 per ship While the circumstances were different to Titanic the outcome in each case was no less tragic Yet despite the fact that Titanic ranks behind so many other losses so powerful has her name become that it was the inevitable choice to describe some of these other events Germany's Titanic and The Titanic of Japan being two examples Ships include the Lancastria Britain's worst maritime disaster with 3 000 lost the Ryusei Maru a Japanese Hellship loaded with 6 000 Allied POWs torpedoed by a US submarine and the Wilhelm Gustloff a German liner packed with 7 800 civilians sunk by a Russian submarine There were no survivors and this tragedy was the worst maritime disaster of all time

**Orkney and Scapa Flow at War 1939-45** Craig Armstrong,2020-12-30 Reminds us of the courage and immense sacrifices made by Orcadians and tells of the efforts made by the British to protect their remote islanders Superb Books Monthly Orkney was a key strategic location during the Second World War The vast anchorage of Scapa Flow was the main haven for the Royal Navy's Home Fleet making it a prime target for the Luftwaffe and attempts to bomb the anchorage were made from the beginning of the war In the early hours of 14 October 1940 a German submarine apparently penetrated Scapa Flow's defenses and managed to sink the aging battleship HMS Royal Oak with the loss of 834 of her crew including many boy sailors The loss spurred changes to the defenses of Scapa Flow which hugely impacted Orkney Orcadians also made a huge contribution to the war effort through farming and in providing support to the thousands of sailors soldiers and airmen who were based locally Orcadians also raised considerable funds and gathered much needed items including scrap metal and even sphagnum moss for use in the treatment of wounds Large numbers of Orcadians worked in the fishing industry and this was a staple supplier of food for the islands as well as a key employer The men aboard the trawlers were used to danger but the war ramped this up even further as many became prey to German attacks from the air Although isolated from the mainland the people of Orkney made a very substantial contribution to the war effort and many paid the ultimate price losing their lives in the service of their country Another beautiful volume for the series On the Old Barbed Wire
