Extraordinary Animals Ross Piper,2007-08-30 Animals have existed on Earth for many hundreds of millions of years In that time they have evolved into a great variety of forms exploiting nearly every habitat the planet has to offer In the dark

depths of the oceans in the seemingly inhospitable Polar Regions in the driest deserts even within the bodies of other animals there are animal species that have developed unique and extraordinary means of surviving and thriving Extraordinary Animals An Encyclopedia of Curious and Unusual Animals is an exploration of those members of the animal kingdom who possess strange and bizarre adaptations that allow them to survive in the most extreme environments or whose complex lives can only be said to be bewildering From the tar baby termite to the blue whale from the harpy eagle to the naked mole rat these species reflect the exceptionally broad spectrum of life showing just how diverse the animal kingdom is Extraordinary Animals has been thoroughly researched for scientific accuracy but is accessibly written in everyday language Each entry includes a description of the animal an explanation of its odd behavior other interesting scientific and trivial facts and black and white illustrations In addition a fun and interactive Go Look section encourages readers to go look for the animals in the outside world

The Ecclesiastical Chronicles, Volume Two Raymond Gordon, 2011-11-23 Continuing the epic story of the struggle between poor and rich as told in the first volume of The Ecclesiastical Chronicles Raymond Gordons new novel The Society returns to the polished pews of St Patricks Church in the village of Abersthwaihe on the small island of Ischalton Following the scandalous inability of the Board of Advisers to the Vestry to honor their financial commitment to build a new improved church in nearby Brewsters Village the Bishop has made the group defunct Even so the members who formed the board along with their newly recruited henchmen continue their surreptitious plan to eradicate the stench of serfdom from St Patricks Church Personal conflicts the quest for acceptance concupiscence the struggle for control and civil war among the peasants once again cast their dark sinister shadows over the church thus proving that although pious humans may have a greater proclivity to moral rectitude they nevertheless possess an innate and ironic propensity to degeneracy The Ecclesiastical Chronicles offers a profound and sobering look at how hypocrisy and self righteousness can destroy the foundation of Christs work resulting in misery for all
