Legacy of Ash Matthew Ward, 2019-11-05 Legacy of Ash is an unmissable fantasy debut an epic tale of intrigue and revolution soldiers and assassins ancient magic and the eternal clash of empires A shadow has fallen over the Tressian Republic Ruling families once protectors of justice and democracy now plot against one another with sharp words and sharper knives Blinded by ambition they remain heedless of the threat posed by the invading armies of the Hadari Empire Yet as Tressia falls heroes rise Viktor Akadra is the Republic's champion A warrior without equal he hides a secret that would see him burned as a heretic Josiri Trelan is Viktor's sworn enemy A political prisoner he dreams of reigniting his mother's failed rebellion And yet Calenne Trelan Josiri's sister seeks only to break free of their tarnished legacy to escape the expectation and prejudice that haunts the family name As war spreads across the Republic these three must set aside their differences in order to save their home Yet decades of bad blood are not easily set aside And victory if it comes at all will demand a darker price than any of them could have imagined

Toni Morrison and the Natural World Anissa Janine Wardi, 2021-06-28 Winner of the Toni Morrison Society Book Prize for Best Single Authored Book 2019 2022 Critics have routinely excluded African American literature from ecocritical inquiry despite the fact that the literary tradition has from its inception proved to be steeped in environmental concerns that address elements of the natural world and relate nature to the transatlantic slave trade plantation labor and nationhood Toni Morrison's work is no exception Toni Morrison and the Natural World An Ecology of Color is the first full length ecocritical investigation of the Nobel Laureate's novels and brings to the fore an unequalled engagement between race and nature Morrison's ecological consciousness holds that human geographies are enmeshed with nonhuman nature It follows then that ecology the branch of biology that studies how people relate to each other and their environment is an apt framework for this book The interrelationships and interactions between individuals and community and between organisms and the biosphere are central to this analysis They highlight that the human and nonhuman are part of a larger ecosystem of interfacing and transformations Toni Morrison and the Natural World is organized by color examining soil brown in The Bluest Eye and Paradise plant life green in Song of Solomon Beloved and Home bodies of water blue in Tar Baby and Love

and fire orange in *Sula* and *God Help the Child* By providing a racially inflected reading of nature Toni Morrison and the Natural World makes an important contribution to the field of environmental studies and provides a landmark for Morrison scholarship
