Queen Salote Of Tonga The Story Of An Era 1900 1965:

Queen Sālote of Tonga Elizabeth Wood-Ellem,1999 This biography of Queen Salote of Tonga is also a political social history of the kingdom of Tonga between 1900 1965 It looks at aspects of Tongan society especially the role of rank status of the leading families the Queen s skill in keeping the loyalty of her people *Queen Salote of Tonga* Elizabeth Wood-Ellem,2001-01-01 When Queen Salote of Tonga attended the coronation of Queen Elizabeth II in London in 1953 she was greeted as the tallest queen of the smallest kingdom and gained universal admiration for her natural dignity and the warmth of her personality This account of Queen Salote s life and times is more than a biography for it also describes the politics and social structure of a small kingdom that was a world in microcosm **Tonga** Martin Daly,2009-02-04 Praise for the first edition Tonga is unique among bibliographies in its perception and understanding and in its affection for Tonga and its people Daly s work stands on exceptionally sound foundations His summaries are excellent indeed but Daly writes always with the authority of first hand knowledge with a keen eye for the essential and the ability to interpret and clarify obscurities A trustworthy introduction to Tonga in all its diversity a splendid point de d part for all layman or scholar needing a reliable guide to the essential literature about this remarkable Polynesian kingdom Bulletin of the School of Oriental and African Studies The book is so arranged that it is easy to locate any of the items listed I found myself spending pleasant hours perusing Daly s comments on the different publications I hope the rumor of a second revised edition of this bibliography is true Journal of the Polynesian Society Tonga is a fascinating and subtle combination of a traditional Polynesian kingdom the only one to survive the impact of colonization in the nineteenth century and remain independent and a thoroughly Christian country This comprehensive bibliography is a selective guide to the most significant and accessible English language books papers and articles on every aspect of the kingdom s history culture arts politics environment and economy It is a much updated and expanded edition of the original version that was published in 1999 as part of the World Bibliographical Series with the addition of more than 200 new entries Each of the approximately 600 described and annotated items is organized under broad subject headings and indexed by author title and subject In addition and new to this edition all known Ph D theses although not annotated are shown within their appropriate subject categories and indexed Also new is a section on the most important Tonga related websites A general introduction describes the Tongan kingdom its history and society and its current situation Tonga A New Bibliography will be an invaluable resource for anyone with a serious interest in Tonga and an indispensable volume for academic libraries reference collections and policy makers focused on the Pacific islands

Manifestations of Mana Paul van der Grijp,2014 This book explores the role of mana in past and present configurations of chiefly power in the Pacific Chiefs are often seen as transitional figures between traditional tribal or feudal and modern forms of leadership the latter characterized by rationality and the nation state with its accompanying bureaucracy Today the political arena in the Pacific although occupied by presidents members of parliament and court justices is still ruled by chiefs

supporting their authority by tradition including the notion of mana Mana may be defined as divine inspiration or energy that manifests itself in persons objects places and natural phenomena Polynesian chiefs have mana because of their descent from ancient gods Other key concepts such as asymmetrical ideology mythical constructions of social reality and social drama are elaborated and applied to a wide specter of ethnographic examples The configuration and reconfiguration of Tongan chieftaincy and kingship in this book are analyzed as an extended case study of the gradual and sometimes shock like integration of a Polynesian culture into a global structure a nation state partly imposed from the outside missionarization colonization but also generated from within including state formation and the recent quest for democracy Together with other Polynesian examples this forms a relevant illustration of both continuity and change in the configuration of mana and chieftaincy in processes of globalization in the Pacific

Women Who Ruled the World Elizabeth Norton, 2025-09-04 A breath taking history of female sovereignty Alison Weir Gipping and beautifully crafted Tracey Borman Filled with fascinating figures from history Gareth Russell These are the stories of the female kings women who risked everything sometimes unwillingly to find their place in a man's world Female kings have always been a rarity an oddity or an undesirable outcome In almost all places throughout the world a male ruler was preferred to a woman with female inheritance vanishingly rare and frequently disputed In spite of this women have secured crowns or fought for them over several millennia From the lush oases of Ancient Egypt to the cherry blossomed lands of Japan the machinations of the Tudor court to the far reaches of Pacific Island kingdoms *Women Who Ruled the World* is an expansive and comprehensive history of female royal power Covering five millennia of global history renowned historian Elizabeth Norton weaves together the stories of women rulers throughout the ages Establishing beloved and already celebrated figures amongst those who have been left in the margins of history Norton peels away the layers of time geography and culture to reveal what it was to be a woman who ruled

Australia's Arc of Instability Dennis Rumley, Vivian Louis Forbes, Christopher Griffin, 2006-01-12 The idea for this book emerged from a conversation between Vivian Forbes and Charles Eaton following two seminars held in the Department of Geography at the University of Western Australia given by Trevor Soeld and Christopher Griffin more than ve years ago One seminar involved papers from Charles Eaton and Christopher Griffin on the recent Speight coup in Fiji the other given by Trevor Soeld was on the Solomon Islands The seminars were attended by among others Dennis Rumley who on getting involved in the conversation suggested the idea of a book and then followed through on its scope structure planning and possible contributors Looking back now we owe a special debt of gratitude to Charles Eaton both for his enthusiasm and his ideas then and for his continued support throughout the whole project Since that time ve years ago many people have boarded and have left the Arc Indeed the very project itself exhibited a degree of instability At times it even looked as though it might not stay afloat Thankfully several early boarders remained firmly anchored Other authors were co-opted later some at relatively short notice one or two of them under mild duress We extend our heartfelt thanks to all of these contributors for remaining patient enthusiastic and keeping faith with the project Naturally a project like this dealing with such a large and dynamic region will always be out of date

Watriama and Co Hugh Laracy, 2013-10-01 WATRIAMA AND CO the title echoes Kipling's STALKY AND CO is a collection of biographical essays about people associated with the Pacific Islands It covers a period of almost a century and a half However the individual stories of first hand experience converge to some extent in various ways so as to present a broadly coherent picture of Pacific History In this politics economics and religion overlap So too do indigenous cultures and concerns together with the activities and interests of the Europeans who ventured into the Pacific and who had a profound widespread and enduring impact there from the nineteenth century and who also prompted reactions from the Island peoples Not least significant in this process is the fact that the Europeans generated a paper trail through which their stories and those of the Islanders who also contributed to their written record can be known Thus not only are the subjects of the essays to be encountered personally and within a contextual kinship but the way in which the past has shaped the future is clearly discernible Watriama himself features in various historical narratives So too certain of his confreres in this collection which is the product of several decades of exploring the Pacific past in archives by sea and on foot through most of Oceania

After the Armistice Michael J. K. Walsh, Andrekos Varnava, 2021-09-02 A

century after the Armistice and the associated peace agreements that formally ended the Great War many issues pertaining to the UK and its empire are yet to be satisfactorily resolved Accordingly this volume presents a multi disciplinary approach to better understanding the post Armistice Empire across a broad spectrum of disciplines geographies and chronologies Through the lens of diplomatic social cultural historical and economic analysis the chapters engage with the histories of Lagos and Tonga Cyprus and China as well as more obvious geographies of empire such as Ireland India and Australia Though globally diverse and encompassing much of the post Armistice century the studies are nevertheless united by three common themes the interrogation of that transitionary moment after the Armistice that lingered well beyond the final Treaty of Lausanne in 1924 the utilisation of new research methods and avenues of enquiry to compliment extant debates concerning the legacies of colonialism and nationalism and the common leitmotif of the British Empire in all its political and cultural complexity The centenary of the Armistice offers a timely occasion on which to present these studies

Winding up the British Empire in the Pacific Islands W. David McIntyre, 2016-11-24 Little has been written about when how and why the British Government changed its mind about giving independence to the Pacific Islands Using recently opened archives Winding Up the British Empire in the Pacific Islands gives the first detailed account of this event As Britain began to dissolve the Empire in Asia in the aftermath of the Second World War it announced that there were some countries that were so small remote and lacking in resources that they could never become independent states However between 1970 and 1980 there was a rapid about turn Accelerated decolonization suddenly became the order of the day Here was the death warrant of the Empire and hastily arranged independence ceremonies were performed for six new states Tonga Fiji Solomon Islands Tuvalu Kiribati and Vanuatu The rise of anti imperialist pressures in the United Nations had a major role in this change in policy as did the pioneering examples marked by the release of Western Samoa by New Zealand in 1962 and Nauru by Australia in 1968 The tenacity of Pacific Islanders in maintaining their cultures was in contrast to more strident Afro Asia nationalisms The closing of the Colonial Office by merger with the Commonwealth Relations Office in 1966 followed by the joining of the Commonwealth and Foreign Offices in 1968 became a major turning point in Britain's relations with the Islands In place of long nurtured traditions of trusteeship for indigenous populations that had evolved in the Colonial Office the new Foreign Commonwealth Office concentrated on fostering British interests which came to mean reducing distant commitments and focussing on the Atlantic world and Europe

Cricket, Kirikiti and Imperialism in Samoa, 1879-1939 Benjamin Sacks, 2019-10-10 This book considers how Samoans embraced and reshaped the English game of cricket recasting it as a distinctively Samoan pastime kirikiti Starting with cricket's introduction to the islands in 1879 it uses both cricket and kirikiti to trace six decades of contest between and within the categories of colonisers and colonised How and why did Samoans adapt and appropriate the imperial game How did officials missionaries colonists soldiers and those with mixed foreign and Samoan heritage understand and respond to the real and symbolic challenges kirikiti presented And

how did Samoans use both games to navigate foreign colonialism s By investigating these questions Benjamin Sacks suggests alternative frameworks for conceptualising sporting transfer and adoption and advances understandings of how power politics and identity were manifested through sport in Samoa and across the globe

Texts and Contexts Doug Munro, Brij V. Lal, 2005-11-30 Texts and Contexts is concerned with the development of Pacific Islands history as a specialization in its own right Specifically this volume examines the foundational texts that pioneered and consolidated the new subdiscipline and served as the building blocks and stepping stone for further developments in the field Thirty five texts all of which represent defining points in the development of Pacific Islands historiography are examined Much more than retrospective appraisals of the foundational texts the individual chapters consider a text or complimentary texts within the context of the time of writing and gauge what ongoing influence they exerted In some cases they suggest how a particular text has been superseded by subsequent work that breaks new conceptual ground in the ongoing process of revisionism Contributors Chris Ballard on Gavin Souter Ivan Brady on Greg Denning I C Campbell on Norma McArthur Bronwen Douglas and Doug Munro on H E Maude and Dorothy Shineberg Michael Goldsmith on Marshall Sahlins David Hanlon on Francis X Hezel K R Howe on Andrew Sharp and David Lewis Brij V Lal on K L Gillion and Peter Corris Hugh Laracy on Niel Gunson and Ta unga Lamont Lindstrom on Peter Worsley and Peter Lawrence Doug Munro on Douglas L Oliver R P Gilson J W Davidson and K R Howe Vincent O Malley on Keith Sinclair and Alan Ward Jon Osorio on Ralph Kuykendall and Gavan Daws Tom Ryan on Bernard Smith Jane Samson on W P Morrell and Deryck Scarr Francis West on Francis West and Gavan Daws Glyndwr Williams on O H K Spate

Social Structure, Space and Possession in Tongan Culture and Language Svenja Völkel, 2010 This interdisciplinary study investigates the relationship between culture language and cognition based on the aspects of social structure space and possession in Tonga Polynesia Grounded on extensive field research Volkel explores the subject from an anthropological as well as from a linguistic perspective The book provides new insights into the language of respect an honorific system which is deeply anchored in the societal hierarchy spatial descriptions that are determined by socio cultural and geocentric parameters kinship terminology and possessive categories that perfectly express the system of social status inequalities among relatives These examples impressively show that language is deeply anchored in its cultural context Moreover the linguistic structures reflect the underlying cognitive frame of its speakers Just as several cultural practices sitting order access to land and gift exchange processes the linguistic means are not only expressions of stratified social networks but also tools to maintain or negotiate the underlying socio cultural system
