ways in which Rice's vampires have evolved from warring civilizations to isolated covens to a unified race of blood drinkers led by their hero wanderer and sole monarch Prince Lestat. For devoted and first-time Anne Rice readers alike, an Alphabettery of Anne Rice's Vampire Chronicles will be the holy grail of lore and revelation for those who have been and continue to be mesmerized by the worlds within worlds of these beloved tales of the undead. Focus On: 100 Most Popular Australian Films Wikipedia contributors, Australian Horror Films, 1973-2010 Peter Shelley, 2012-09-13 This pioneering work provides in-depth coverage of 76 horror films produced in Australia where serial killers, carnivorous animals, mutants, zombies, vampires, and evil spirits all receive the antipodean cinematic treatment unique to the Land Down Under. Titles covered were released between 1973 and 2010, a period coinciding with the revival of the long-dormant Australian film industry in the early 1970s and continuing into the second wave of genre production spurred by the international success of the 2005 chiller *Wolf Creek*. *The Cars That Ate Paris*, *The Last Wave*, *Roadgames*, *Razorback*, *Outback*, *Vampires*, *Queen of the Damned*, *Black Water*, and *The Reef* are among the titles represented. Each film is covered in a chapter that includes a cast and credits list, release information, contemporary reviews, and DVD availability, as well as a synopsis and in-depth notes about the story, filmmaking techniques, acting performances, recurring themes, and motifs, and overall effectiveness of the film as a work of horror. Horror Films of 2000-2009 John Kenneth Muir, 2023-03-22 Horror films have always reflected their audiences' fears and anxieties. In the United States, the 2000s were a decade full of change in response to the 9/11 terrorist attacks, the contested presidential election of 2000, and the wars in Iraq and Afghanistan. These social and political changes, as well as the influences of Japanese horror and New French extremism, had a profound effect on American horror filmmaking during the 2000s. This filmography covers more than 300 horror films released in America from 2000 through 2009, including such popular forms as found footage, torture porn, and remakes. Each entry covers a single film and includes credits, a synopsis, and a lengthy critical commentary. The appendices include common horror conventions, a performer hall of fame, and memorable ad lines.
