component was introduced and that LGBT people of color sometimes weren't sure if anti queer violence was based solely on their sexuality or whether racism or sexism had also played a role Meyer observes that given the many differences in how anti queer violence is experienced the present media focus on white middle class victims greatly oversimplifies and distorts the nature of anti queer violence In fact attempts to reduce anti queer violence that ignore race class and gender run the risk of helping only the most privileged gay subjects Many feel that the struggle for gay rights has largely been accomplished and the tide of history has swung in favor of LGBT equality Violence against Queer People on the contrary argues that the lives of many LGBT people particularly the most vulnerable have improved very little if at all over the past thirty years *The Queer Coming of Age Film Genre* Brad Windhauser, 2024-10-15 In *The Queer Coming of Age Film Genre* Brad Windhauser argues for the existence of this genre and using a genre and queer theory lens investigates how the initial classic cluster of this genre's films represent the unique issues experienced by queer people including trans non binary and intersex individuals coming of age in society in the mid to late 90s As society evolved the book posits so too did the ways in which these films explored additional factors influencing the queer coming of age experience such as race and economic status in the genre's second stage Windhauser explores how this genre depicts the way queer people often engage with the coming of age process earlier than their cis het peers due to their queer identity but also how this process can extend beyond adolescence into emerging adulthood and adulthood itself Ultimately the book demonstrates how these films have become a tool to both further political goals of queer advocacy and acceptance and to offer guidance to queer people looking to gain a deeper understanding of their own lives and experiences Scholars of film studies genre studies pop culture and queer studies will find this book of particular interest *Queer & Christian* Brandan Robertson, 2025-05-27 Celebrate queer faith and take your rightful place at God's table with Brandan Robertson the TikTok Pastor Biblical scholar and social activist For too long the Bible has been weaponized to exclude LGBTQ individuals despite Jesus radical message of inclusion In *Queer Christian* Brandan Robertson envisions a faith where all are unequivocally embraced Ostracized at school Brandan thought he had finally found his community when he joined the local church But he soon realized that they were as intolerant as his peers at school had been if not more so After agonizing years of repressing his true identity he discovered that God's table had always had a place for him Jesus love knows no bounds embracing everyone unconditionally *Queer Christian* is a joyful celebration of queer faith and an unyielding reclamation of the Bible Dive into pages that offer Compelling evidence based counterarguments to the clobber verses often used to condemn queerness Celebrations of queer saints within the Bible more numerous than you might believe Responses to commonly asked questions by queer folks and allies who're feeling lost within the Christian faith Brandan Robertson stands as a beacon of love hope and unwavering support for anyone ready to reclaim their faith from the clutches of intolerance **Queer Studies** Bruce Henderson, 2019-09-10 Written for entry level survey courses in queer or LGBTQ Studies for students from all majors this engaging text covers a wide range of topics Early
