Ouest For The Demon Gate:

Quest for the Demon Gate Bill Fawcett, 1986 The reader is assigned the role of Alynn a young cleric who must recover the key to the Demon Gate or face a horde of demons who will escape from the Ethereal Plane The Ouest and Wrath of the Gods P. A. Murad, 2013-06-01 This novel has a rich ornate tapestry and legacy and yet unusual regarding the original Demon s Gate epic There are several issues that started with the original story that led to the Demon s Gate series as a Trilogy These stories were entertaining to read the novels and provide a sense that the characters dealt within a constantly changing future in a complex biased environment And yet the characters would somehow survive by virtue of their character in a realistic geo political world wrapped with great doubt As an author we use each character to balance their actions within the flow of the main story plot Some writers claim that characters start taking over the story on their own and you will find that the plot can possibly change with each event This is absolutely true You can create an author's character that is nice while in others the characters have human frailties and limitations One reader mentioned about the main characters in The Demon's Gate She was surprised where one man seemed to be a real rat but turned out to be a good guy while the nice individual had a nasty background that he preferred secret The secret was that he took part in genocide while fate seemed to have changed both personalities of these characters completely around As the author I did not realize this at all until mentioned to me I had unconsciously acted using these characters to alter the reader's perceptions regarding the character's predictability This predictability easily revealed how characters can demonstrate their control of a plot To add spice to the story you can include aliens with entirely unexpected social behavioral patterns where you can explore these opportunities in any way you wish to your content Obviously we do not have a reasonable guidepost to discuss the behavior of aliens The thrill of any writer however is to mesmerize the reader as well as keep the intrigue flowing It is unfortunate that you would look at the end of a novel and find the plot where the writer has to create some closure only to end the story That unfortunately for a writer is a tragedy This story starts with the sudden disappearances of people around the world Basically there is no logic or obvious reason for these disappearances If anything no one has any inkling about why they vanished however there is some possible connectivity between some of these individuals Mars is the center of an ambitious man that has the gift of easily accepting people s faith by virtue of his personality He used his faith and belief to develop a cult and create a costly facility to propagate the strength of his theological beliefs The problem is that the man uses a Timer that survived from the War of the Orbital Rings he lasted for over a century Timers escaped during the War to use escape pods that went back into time Some of these included UFOs in Roswell as well as a UFO in the Ukraine pre wartime Germany and elsewhere Here the Timer provides the religious man with some unusual technology Clearly every man that achieves success and despite his character and ego there are sometimes limitations and the common fragilities of each man While Aram's family look for these missing people from Heaven to Hell the religious man seeks to have planned disasters to predict and create havoc using these notions

to blackmail the realm of Martian citizenry This becomes the center between the struggle of right versus wrong and leads to unexpected problems when these two diverse paths eventually cross and intersect The Phalanx of Faith Thompson Parker, 2016-10-30 This epic fantasy novel is the story of a vicar who must give up all that is important to his faith to learn the fate of a woman he loves In an earlier heroic quest Jakem Pyce made his own journey as he shifted from an agnostic outlook on life to one of devotion based on the sacrifice he observed of his priestess friend Ariane He learns she did not perish in her sacrifice and seeks answers in the mystery around her disappearance Yet to find answers he must decide whether to use a forbidden magic counter to his faith that may put the rest of the world in danger and his wavering faith in a silent Deity is challenged Helped by a female dwarf who has fled her oppressive society the pair must face a gauntlet of obstacles including shadowy agents relentless magic foes and vengeance seekers all against the backdrop of a bitter civil war and shifting alliances among friends and enemies to learn the real fate of Ariane Za'Varuk's Stone Adam L. D'Amato-Neff,2003 Darkwolfe struggles with the art of magick and the vigorous training of becoming a warrior But he is laughed at by his friends and expelled from the wizarding and fighting schools An evil spell of sorcery a foul curse rips through the town of Grathmoor and Darkwolfe and his girlfriend are forced to flee to a mythical temple Darkwolfe unravels the mysteries of the Capit Draconis and the binding force of what it means to lead the fabled Dragon Band The new warrior and his friends may be all there is to save the land from the demons of the gate and a host of insidious spawn ready to destroy all of Alcyone The first of the Pleides Series destined to become a classic Pine Tree Wind A. writers was arguably the most famous playwright in Japanese history and wrote more than 100 plays for the kabuki and bunraku theaters Today the plays of this major literary figure are performed on kabuki and bunraku stages as well as in the modern theater and forty nine films of his plays have been made thirty one of them from the silent era Translations of Chikamatsu s plays are available but we have few examples of his late work in which he increasingly incorporated stylistic elements of his shorter contemporary dramas into his longer period pieces Translator C Andrew Gerstle argues that in these mature history plays Chikamatsu depicted the tension between the private and public spheres of society by combining the rich character development of his contemporary pieces with the larger political themes of his period pieces In this volume Gerstle translates five plays four histories and one contemporary piece never before available in English that complement other collections of Chikamatsu s work revealing new dimensions to the work of this great Japanese playwright and artist
