Branson, 2025-09-02 Meet the bold the brilliant and the blundering Washington's Lieutenants tells the untold story of the generals who won and lost the Revolutionary War As commander in chief of the Continental Army George Washington developed the strategy that won the Revolutionary War but while Washington directed some battles his strategy for the most part was carried out and most battles were won or lost by his subordinates major and brigadier generals of varying background experience and ability In the spirit of the best military history and biography Washington's Lieutenants tells the story of the generals who served under Washington from 1775 to 1781 Based on extensive research in a variety of sources

the book finds the brigadier generals a laudable group of commanders Hugh Mercer for instance played a pivotal role in the surprise crossing of the Delaware in December 1776 and was bayoneted during the Battle of Princeton a week later Clergyman turned soldier Peter Muhlenberg led a Virginia Line brigade at Brandywine Germantown Monmouth and Yorktown A quarter of all brigadiers died in the service of the new nation Although some stood out for their military skill battlefield bravery and loyalty to Washington the major generals as a whole were disappointing marked by the pursuit of their own military and political ambitions and by a penchant for infighting and bickering Only three served for the war s duration including the great Nathanael Greene and Henry Knox Ten resigned Benedict Arnold turned coat At least three were involved in the so called Conway Cabal of 1777 78 to oust General Washington In the southern theater Robert Howe womanized argued with local leaders to the point of dueling and ultimately botched the defense of Savannah The controversial Horatio Gates self proclaimed victor of Saratoga was accused of cowardice at the Battle of Camden South Carolina At once entertaining reading about some of the Revolutionary War s most colorful military commanders and an insightful analysis of how the young nation fought for its independence Washington s Lieutenants will be essential reading during the war s 250th anniversary and beyond

The Making of Strategy Williamson Murray, 1996-05-31 Most writing about strategy has focused on individual strategic theorists or great military leaders This book focuses instead on the messy processes by which rulers and states have framed strategy in the past a subject of vital practical importance to strategists and of great interest to students of strategy and statecraft It consists of 17 case studies that range from fifth century Athens and Ming China to Hitler s Germany Israel and the post 1945 United States The studies analyse within a common interpretive framework precisely how rulers and states have made strategy The introduction emphasises the constants in the rapidly shifting world of the strategist the concluding essay tries to understand the forces that have driven the transformation of strategy since 400 BC and seem likely to continue to transform it in the future

Paul and the Conflict of Cultures E. A. Judge, 2019-10-09 The catastrophes of the twentieth century have decisively broken the grip of Aristotle s fixed universe on our minds Society is no longer the logical category of statecraft that is to determine our lives The glorious horrors of fascism discredited the survival of the fittest upstaged even by the compulsory class equality of the Soviets Instead we now appeal to culture and mutual communication as we hope to grow together in response to each other The universe itself at last is open

ended Particle physics and the genetic code ensure diversity for us all Our individual gifts will reveal our identity and our mission in life We are indeed personally answerable for the choices we make The twenty first century s great leap forward is Jerusalem s long foreshadowed answer to Athens Not logic but experiment has been the mainspring that has unlocked it The transformed life of the apostle Paul in Christ first experienced the developmental prospect that has inspired the cultural reformation of our time

Paul and the Imperial Authorities at Thessalonica and Rome James R. Harrison, 2011 James R Harrison investigates the collision between Paul s eschatological gospel and the Julio Claudian conception of rule The ruler s propaganda with its claim about the eternal rule of the imperial house over its subjects embodied in idolatry of power that conflicted with Paul s proclamation of the reign of the risen Son of God over his world This ideological conflict is examined in 1 and 2 Thessalonians and in Romans exploring how Paul s eschatology intersected with the imperial cult in the Greek East and in the Latin West A wide selection of evidence literary documentary numismatic iconographic archeological unveils the symbolic universe of the Julio Claudian rulers This construction of social and cosmic reality stood at odds with the eschatological denouement of world history which in Paul s view culminated in the arrival of God s new creation upon Christ s return as Lord of all Paul exalted the Body of Christ over Nero s body of state transferring to the risen and ascended Jesus many of the ruler s titles and to the Body of Christ many of the ruler s functions Thus for Paul Christ s reign challenged the values of Roman society and transformed its hierarchical social relations through the Spirit

The Divine Heartset Crispin Fletcher-Louis,2023-11-21 The fruit of a decade s research this volume offers a new interpretation of the dense Christological narrative in Philippians 2 6 11 taking inspiration from recent advances in our understanding of the letter s Greek and Roman setting and from insights made possible by recently created linguistic databases such as TLG and PHI The passage s praise of Christ engages the language of Hellenistic ruler cults Platonic metaphysics and moral philosophy popular Homeric beliefs about the gods and Greek love eros to articulate a scripturally grounded theology in which God is revealed to be one in two persons God the Father and LORD Jesus Christ The volume also explores hitherto unseen ways in which the central Christ Hymn is tightly connected to the rest of Paul s argument The hymn presents Christ as an epitome of the ideals of Greek and Roman virtue to support Paul s summoning his readers to a life of praiseworthy and exemplary civic conduct in 1 27 New or recently proposed translations are advanced for numerous words and phrases in e g 1 8 11 27 2 3 4 6 11 3 2 4 and a new non Stendahl approach to Paul s boasting in 3 4 6 that is

Christological rather than biographical is put forward **Ethics and the Quest for Wisdom** Robert Kane,2010-08-12 Modernity has challenged the ancient ideal of a universal quest for wisdom and today s world of conflicting cultures and values has raised further doubts regarding the possibility of objective ethical standards Robert Kane refocuses the debate on the philosophical quest for wisdom and argues that ethical principles about right action and the good life can be seen to emerge from that very quest itself This book contends that the search for wisdom involves a persistent striving to overcome narrowness of vision that comes from the inevitable limitations of finite points of view When applied to questions of value and the good life this striving has ethical implications about the way we should treat ourselves and others This study argues for the merits of this central thesis against alternative theories in contemporary normative ethics and discusses its practical applications for social ethics political philosophy law and moral education
