## Question Of Faith:

*A Question of Faith* Dennis Knotts, There is no Adoni King Ekron shouted The reality of their mission dawned upon David and Tanya As Knights of Es Soh En it would fall to them to return the Kingdom of Dula back to the path the Adoni has chosen for the rebellious Kingdom Where to begin The missing Prince Hedron was chained in a Magarian dungeon Prince Vongar was captured by the gnomes Meanwhile David and Tanya were imprisoned in the dungeons of Dula It was an impossible situation Fortunately for the Knights of Es Soh En this is where the Adoni did Their best work It was a call to trust and obey This mission would be a question of faith *A Question of Faith* Nicole Zoltack,2016-10-14 **Questions of Faith** Peter Berger,2015-11-04 Leading religious and cultural commentator Peter Berger explores how and what we can believe in modern times Deals clearly with questions such as Does God exist What was so special about Jesus How can one be Christian in a pluralistic society Structured around key phrases from the Apostles Creed Draws on the Christian theological tradition and the work of other relevant thinkers such as Freud and Simone Weil The author takes the position of an open minded sceptic exploring his own beliefs **The Aesthetics and Ethics of Faith** Christopher D. Tirres,2014-04 This groundbreaking work presents the first sustained discussion of the connections between two quintessentially American traditions liberation theology and pragmatism It explores the dynamic relationship between the aesthetic and ethical dimensions of faith practice with a focus on the liberating potential of religious ritual **Credibilia: or, Discourses on questions of Christian faith** James Cranbrook,1866 *The Act of Faith* Eric O. Springsted,2015-02-09 While the question Is faith reasonable has continually occupied philosophers and theologians little attention has been paid to what faith itself is The Act of Faith remedies this neglect by looking at what it means for a person of Christian faith to believe Eric Springsted contrasts modern views of faith with the Christian tradition running from Augustine through Aquinas and Calvin In reviewing such thinkers as Locke and Hume Springsted discovers that behind modern discussions of the reasonableness of faith lie key assumptions about the human self including the views that the good is a matter of choice and that we can exercise objective uninvolved reason According to Springsted however the church has not viewed faith in this way His survey of the Augustinian tradition shows that the self our most esteemed Christian thinkers had in mind when talking about faith was a moral self one defined by character and self involvement Christian faith is at root a participation in the good and reasoning within faith is reasoning within the life of God Drawing on contemporary philosophers and theologians like John Henry Newman and Simone Weil Springsted builds a fresh understanding of faith for today He shows how the inner act of faith is ultimately a radical willingness to be open to God and he argues that the faithful self is one that develops within a community that shapes its members through the morally formative activities of interaction teaching and sacramental practice **Confident Obedience: Studies in the Lifestyle of Faith** Jefferson Floyd,2007-02 **A Philosophy of Faith** Finlay Malcolm,Michael Scott,2022-08-11 Faith occupies an important place in human lives It can be directed towards God friends political systems

and sports teams and is said to help people through crises and to motivate people to achieve life goals But what is faith Philosophers and theologians have for centuries been concerned with questions about the rationality of faith but more recently have focussed on what kind of psychological attitude faith is The authors of this book bring together for the first time the different elements of this recent debate staking out the different positions and arguments and defending a novel true grit theory of faith from which the rationality and language of faith are addressed from a fresh perspective The book engages with a range of questions about the nature of faith including Does faith require belief Is faith motivational What is the relationship between faith trust and hope Do expressions of faith aim at the truth And in what sense is faith resilient The authors defend a distinctive conception of faith involving resistance to psychological practical and epistemic challenges from which a novel account of the psychology and epistemology of faith is developed The treatment of the topic draws extensively on the philosophy of mind language and religion and provides a map of this exciting field of study for newcomers to the philosophy of faith A Philosophy of Faith will appeal to researchers and advanced students in philosophy of religion philosophy of mind philosophy of language and epistemology who are interested in the topic of faith

**Vote of Faith** Maya Mayblin, 2024-12-03 A richly cinematic and compelling look at priest politicians in Brazil and their religious and secular entanglements What does desire have to reveal about the nature of power Through a detailed focus on the lives and loves of Catholic priests as they enter the profane world of party politics Maya Mayblin explores the complex intersection of democracy patriarchy and religiosity in Brazil For over a hundred years Catholic priests have been running for government office challenging Brazil's constitutional separation of church and state and its self image as a modern secular nation Priests find themselves walking a tightrope between religious and secular demands in one of Brazil's poorest regions Vote of Faith is a beautifully crafted ethnography based upon decades of fieldwork that tells the story of the ambiguous and frequently transgressive relationship between Catholicism and state governance a relationship ultimately mediated by kinship gender and sexuality For the protagonists of Vote of Faith democracy becomes a sphere in which divine will and human ambition compete with one another a tension embedded in the vernacular concept of faith In the Brazilian context faith signifies a complex set of assumptions about the nature of the world assumptions derived not just from Christianity but also from Afro Brazilian and secular ideas about power causation and human agency In combining ethnographic theological and feminist perspectives Vote of Faith places desiring bodies at the very heart of Catholicism's complex connection to multiple forms of power and offers provocative new angles on the question of the secular The first work by an anthropologist to explore the unique phenomenon of the mayor priest this book offers an essential new angle on emerging debates about secularity as the condition of separation of the religious from the political Brimming with originality Vote of Faith is required reading for those interested in the gendered and sexual dimensions of the secular the plasticity of religion and the fundamental nature of the world's largest religious institution

*Annual Session of the Baptist Congress for the Discussion of Current Questions, Held*

at ... ,1909     The Body of Faith Michael Wyschogrod,2000-10 The similarities and differences between Jewish and Christian teaching about God's presence in the world are discussed in great depth     The Philosophy of Christology Hue Woodson,2022-01-31 Given the perpetual problem of the historical Jesus there remains an ongoing posing of the question to and a continuous seeking of the meaningfulness of Christology From the earliest reckoning with the relationship between Jesus of Nazareth and the Christ of faith what it means to do Christology today remains at the methodological center of the task and scope of every systematic theology Whether giving an account of Albert Schweitzer's bringing an end to the quest for the historical Jesus in 1906 or attending to Rudolf Bultmann's period of no quest culminating with his demythologization project in the 1940s how we still think of Christology as a matter of questions and concerns with meaning speaks to an unavoidable philosophizing of Christology In this way The Philosophy of Christology offers both a particular history of Christology in conjunction with a particular philosophy of Christology which assesses the theological contributions by a group of Bultmannians following Bultmann in the 1950s and 1960s up to what can be reimagined by repurposing Jacques Derrida's philosophical question into the meaning of love in 2002     *On Wings of Faith and Reason* Craig Steven Titus,2008 On Wings of Faith and Reason provides reasons for a unified vision of truth while giving examples of the roles that faith and reason play in scientific activities and cultural expressions Contributing authors from the fields of medicine ethics philosophy and theology argue that Christianity makes a difference not only in providing an understanding of the ultimate origin and end of the human person but in contributing to practical applications Christianity offers assurance about the course of scientific and cultural inquiry while encouraging creative expression and personal excellence in its execution Book Jacket     **The Grounds of Faith** Henry Edward Manning,1856     **Gregory of Nyssa and the Grasp of Faith** Martin S. Laird,2004 Scholars of Gregory of Nyssa have long acknowledged the centrality of faith in his theory of divine union To date however there has been no sustained examination of this key topic The present study fills this gap and elucidates important auxiliary themes that accrue to Gregory's notion of faith as a faculty of apophatic union with God The result adjusts how we understand the Cappadocian's apophaticism in general and his so called mysticism of darkness in particular After a general discussion of the increasing value of faith in late Neoplatonism and an overview of important work done on Gregorian faith this study moves on to sketch a portrait of the mind and its dynamic varying cognitive states and how these respond to the divine pedagogy of scripture baptism and the presence of God With this portrait of the mind as a backdrop we see how Gregory values faith for its ability to unite with God who remains beyond the comprehending grasp of mind A close examination of the relationship between faith and mind shows Gregory bestowing on faith qualities which Plotinus would have granted only to the crest of the wave of intellect While Gregorian faith serves as the faculty of apophatic union with God faith yet gives something to mind This dimension of Gregory's apophaticism has gone largely unnoticed by scholars At the apex of an apophatic ascent faith unites with God the Word by virtue of this union the believer takes on the qualities of the

Word who speaks logophasis in the deeds and discourse of the believer Finally this study redresses how Gregory has been identified with a mysticism of darkness and argues that he proposes no less a mysticism of light     *Philosophy, Religion, and the Question of Intolerance* Mehdi Amin Razavi,David Ambuel,1997-01-01 Philosophy Religion and the Question off

Intolerance is a diverse collection of essays united by a common starting point and theme the awareness that intolerance is a phenomenon encountered in diverse places and circumstances and often handled with limited success The question of toleration together with its cultural social religious and philosophical implications are addressed by leading authorities who offer insights from an interdisciplinary perspective The book begins with essays by three distinguished scholars Robert Cummings Neville J B Schneewind and John McCumber They assess the origins of intolerance the genesis of our concept of toleration and the outlook for the practice of tolerance in contemporary society Beyond the opening essays the collection is divided into three sections The first concentrates on the relationship of religious faith and practice to toleration and inquires how religion might either impede or promote toleration The second section deals primarily with questions regarding tolerance in the face of modern political realities The final section discusses ethics namely the philosophical analysis and definition of toleration as a virtue     **Institutes of the Christian Religion** Jean Calvin,1895     *The Bible and the Rule of Faith* G.
