Said was one of the most influential intellectuals of the twentieth century A literary scholar with an aesthete s temperament he did not experience his political awakening until the 1967 Arab Israeli war which transformed his thinking and led him to forge ties with political groups and like minded scholars Said's subsequent writings which cast light on the interplay between cultural representation and the exercise of Western political power caused a seismic shift in scholarly circles and beyond In this intimate intellectual biography by a close friend and confident Nubar Hovsepian offers fascinating insight into the evolution of Said's political thought Through analysis of Said's seminal works and the debates surrounding them Edward Said The Politics of an Oppositional Intellectual traces the influence of Foucault on Said and how Said eventually diverged from this influence to arrive at a more pronounced understanding of agency resistance and liberation He consequently affiliated more closely with Raymond Williams Antonio Gramsci and more contemporaneously with his friends the late Egbal Ahmad and Ibrahim Abu Lughod Said held that it is the intellectual s responsibility to expose lies and deceptions of the holders of power A passionate advocate for the Palestinian cause his solidarity did not prevent him from launching a sustained critique of the Palestinian leadership Hovsepian charts both Said's engagement with the Palestinian national movement and his exchanges with a host of intellectuals over Palestine arguing that Said's interventions have succeeded in changing the parameters of the discourse in the humanities and among younger Jews searching for political affiliation Drawing on his diaries in which he recorded his meetings with Said as well as access to some of Said's private letters Hovsepian illuminates in rich detail the trajectory of Said's political thinking and the depth and breadth of his engagement with peers and critics over issues that continue to resonate to this day The United Nations and the Question of Palestine Kuwait .1964 ,2006 Encyclopedia of the Palestinians Philip Mattar, 2005 Presents the history of modern Palestine and biographies of important Palestinians Israel Yearbook on Human Rights, Volume 51 (2021) Yoram Dinstein, 2021-10-25 The Israel Yearbook on Human Rights an annual published under the auspices of the Faculty of Law of Tel Aviv University since 1971 is devoted to publishing studies by distinguished scholars in Israel and other countries on human rights in peace and war with particular emphasis on problems relevant to the State of Israel and the Jewish people The Yearbook also incorporates documentary materials relating to Israel and the Administered Areas which are not otherwise available in English including summaries of judicial decisions compilations of legislative enactments and military proclamations The Roots and Reaches of United Nations Actions and Decisions M.
