Demy,2013-12-18 The Bible is a ready resource for guidance on topics and questions that often perplex believer and curious nonbeliever alike But where do you begin to look for the answers In fact how do we know for sure that we can even trust the Bible to provide the answers being sought Making sense of the many images of God and teachings about the Godhead that appear in the Bible *Answers to Common Questions About God* tackles such subjects as How do we know God even exists How could God have always existed Can God really feel my personal pain Do all religions lead to God Written in question and answer format for easy access these quick reference guides provide succinct summaries of authoritative information so readers can be confident of what they read and be prepared to discuss these topics with family friends or neighbors accurately Questions to All Your Answers Roger E. Olson,2009-05-26 Many Christians faith exists as a loose collection of unexamined clichés and slogans borrowed from songs devotional books sermon

illustrations and even the internet Too often this belief system if it can be called a system lacks coherence and intelligibility it can hardly be expressed let alone defended to others The problem with folk religion is that it too easily withers under the onslaughts of secularism or seemingly reasonable answers provided by cults and new religions Christianity has a long tradition of intellectual examination of other faiths and its own beliefs Socrates said that the unexamined life is not worth living great Christian minds of all the ages have believed the unexamined faith is not worth believing Reflective Christianity is Christian faith that has subjected itself to the rigorous questioning of Scripture tradition reason and experience It is mature Christian faith that goes on believing even as it questions what it believes The goal of this book is not to destroy anyone s faith but to build it up by placing it on a firmer foundation of critical examination Ten popular Christian clichés are subjected to critical inquiry and interrogated to discover whether they contain truth or are in error In most cases the conclusion is both The aim is not to tear down straw men but to demonstrate a path toward stronger more mature Christian belief
