Intergalactic Tribunal Terry L. Brown,2010-05-28 Planet Ship Earth has had many mythical stories Intergalactic Tribunal is about the greatest one ever conceived developed and implemented This powerful story grabbed the inhabitants of earth and sky and convinced them that to believe is to know As a result they remain in perpetual ignorance never seeking to know The main character of this Intergalactic Gospel Fiction is the only son of a man made God who created the universe in which

he resides He has no mate male or female Everyone who wishes to live forever in bliss must pledge their lives to this Man Made God via the worship of his only begotten son Those that are not afraid to think will find the content of this book intriguing and thought provoking They ll realize that outrageous thoughts they have had are shared by others They ll be relieved to know they are not alone in this confusion called human society Technological components are unprecedented trailblazing and surprising For example the technology that implanted hostile entities into the blood stream to be manifested by the pressing of certain fingers coughing and spitting War Theatres will add this to their think tank data banks globally It s scary to think of the effect this would have in the hands of so called terrorists This book can be viewed as a self help educational reference tool a thought provoker or just a fun book to read There are elements of interest for all matured minds beings that are searching for clarity and those exploring beyond the matrix of illusion The fact that man created God so God could make him is evident It is not hard to create a belief system complete with a god of your design and giving him or her all the powers you can imagine This and other thought provoking questions are asked and answered I am very much aware that this book will not change anyone My hope is that readers will be motivated enough to investigate its content to see if there be anything that might enhance their lives or that of someone they know and care about I hope Intergalactic Tribunal will provide food for thoughts to the degree that readers will discuss it among their families friends and associates I trust all will find something of value I invite you all to engage the process of thinking to arrive at decisions which impact your lives Refuse to be a slave to anyone s belief Seek to Know Always Terry L Brown SOL **IFA Newsletter** ,1994 **Change Your Future, Now!** Germain Decelles o.s.j., MBA,2012-11-23 What should you be in the future Today we are confronted with more choices about how to live our lives and develop careers than ever before Repeatedly we are thrown into situations where we have to reinvent our professional personnel and relationship lines redefining who we are and where we want to go Change is an inevitable part of life Everyone needs to question himself or herself on life s journey opening the mind to new challenges regarding how to be great how to communicate and network Change is all about acquiring knowledge and wisdom planning head being able to influence inspire deal with change negotiate disagree be a good citizen and have some common sense reduce stress use humor and have the intuition to facilitate success for a better future I encourage you to be completely open and transparent as you look inside yourself and answer the very challenging and difficult questions posed as you reflect on what you should be in the future **Perspectives 1989-1991-1992** University of Michigan.
