MAD AT GOD David M. Leyden, 2013-12-30 Over the past few years as I have worked with teens and young adults I have witnessed an increasing sense of restlessness and despair in young people in today s world They feel rejected by a world that many of them view as cold sterile uncaring and void of love Physical activity as a form of recreation is being

replaced by thumbs tapping on keypads True friends are being replaced by media acquaintances Teens find themselves trapped in a world where morals are eroding and electronic bullying is the standard Music movies YouTube and social media celebrate sex violence and evil The family unit is becoming a thing of the past The world as they see it is spiraling out of control and there is nowhere for them to turn for moral guidance and love More and more teens tell me they are disillusioned by the world they live in and many have lost hope Increasingly high school students are considering suicide Because of the violence and corruption done in the name of religion today many young people reject God as an answer to their hopelessness They want no part of a God who would create a world like the one they live in today Mad At God is about one such teenager It is my hope that this book will help teenagers discover the truth about God This book gives honest and straightforward answers to the questions teens are asking about God today They are challenging and frank questions that demand answers It has been my experience that once their questions are answered teens begin to look at God in a different light Many teens today are uncertain and fearful about the future They are bombarded with images of a world coming to an end I have included a section in this book that outlines the future for the world as set out in the Bible in a manner that is logical and easy for young people to understand Once presented with this information many teens discover their need for God The purpose of this book is to help teens find faith in God If they are mad at God perhaps they won't be after reading this book

The Teen Years: 8 Questions Every Parent Should Ask - Parenting in the Present with the Future in Mind Dr. John C. Panepinto, 2022-12-17 The foundation built in the early years of parenting helps with the inevitable changes and challenges of the teen years Teenagers change more on the way to young adulthood than at any time since age two As they change on the outside even more is happening on the inside As teens engage in the important tasks of adolescence parents enter a new stage as well Parents still lead guide support and discipline but adolescence requires a different perspective One that acknowledges the inevitability of young adulthood The path from the dependence of childhood to independence is long and hard for teens While they grow more independent they still need you to be there like in the early years It just looks different In a webbed world of step by step formulas and plans that promise easy the bare truth is that parenting is hard There are no formulas or secrets and nothing is easy Searching for answers on the internet may provide helpful tips for one family but the same ideas may be way off base for another So rather than a list of strategies stock answers and suggestions of what to do this book offers another way to approach the complex challenge of raising teens A process to draw on time and again through each new change and challenge The Teen Years 8 Questions Every Parent Should Ask provides a powerful way to get to the heart of the matter before you Short and concise this book provides you with important information on development and guides you beneath the surface of quick fixes to solid ground and deep meaning Each chapter empowers you to ask the most important and illuminating questions that connect the past present and future in family life As a benefit of working through these questions you will have a source you can refer back to in the years to come While each teen is
