Quick Tidings Of Hong Kong:

Quick Tidings of Hong Kong Austin Coates,1990 A sophisticated and efficient telecommunications system has been one of the most important factors in Hong Kong's success as a major international commercial center Coates here provides a short history of the development of this system introducing the people the complex commercial issues and the technical considerations involved This lively entertaining text is supplemented by over 60 photographs and drawings *Hong Kong* James O'Reilly,Larry Habegger,Sean O'Reilly,1996 We've collected useful and memorable stories to produce the kind of sampler we've always wanted to read before setting out These stories will show you a spectrum of experiences to be had or avoided in Hong Kong Back cover [Hong Kong Invaded! A 'Ninety-Seven Nightmare](#) Gillian Bickley,2001-04-01 No It is not what you think The year is 1897 not 1997 This is a fictional account of Hong Kong being invaded by the combined forces of France and Russia This visionary novel by an anonymous author has been forgotten for a hundred years Yet when published as *The Back Door* during the negotiations between Imperial China and Great Britain over the lease of the New Territories the story aroused serious British fears about the possibility of defending Hong Kong against attack Copies were then to be found on the desks of British officials in London Matthew Nathan who became Governor in 1904 was advised to read the book But it was not only in 1897 that the book was accurate in its observations on military tactics There are many intriguing parallels with the Christmas 1941 invasion by the Japanese and the role of the Hong Kong Volunteers at that time Three strategically vulnerable locations identified in *The Back Door* were considered for attack in 1941 Had the Japanese read this fictional battle when plotting their manoeuvres If so *The Back Door* not only taught one way to defend Hong Kong but also another to attack it **Information Technology and the Challenge for Hong Kong** Janice M. Burn,Maris G. Martinsons,1997-09-01 The twenty first century is frequently cited as the Asia Pacific Century due to the phenomenal success of Asian countries over the last three decades Nowhere has this been more visible than in Hong Kong which became the first Newly Industrialized Economy to enter the world's top ten trading communities in 1991 This book describes the current state of information technology IT exploitation in Hong Kong and the role of IT in the rapid advancement of the Asia Pacific region It raises issues such as the impact of politics culture and societal growth on IT effectiveness but does not try to provide all the answers and is therefore of interest to both business and IT managers in global organizations or companies operating in cross cultural settings It is also invaluable for students of business management and IT who will play a strategic role in the future development of the new global economy **Streets** Jason Wordie,2007-01-01 The book starts with a district familiar to all visitors Tsim Sha Tsui but then moves into the hinterland of Kowloon taking the reader and walker far beyond the well known streets of tourist oriented shops and hotels *Streets Exploring Kowloon* like its companion *Streets Exploring Hong Kong Island* guides the reader with maps and travel information to take 45 walks throughout Kowloon each along a specific street pointing out historically and culturally important sites but also the curious and the intriguing **Uneasy Partners** Leo F.

Goodstadt,2005-01-01 Challenging the wisdom about the way capitalism and colonialism joined forces to transform Hong Kong into one of the world's great cities this book deploys case studies of the clash of interests between alien colonials and their Chinese constituents and the conflict between a pro business government and its political and social responsibilities

Let There Be Light Mark L. Clifford,2023-07-18 The remarkable success of twentieth century Hong Kong was driven by electricity The British colony's stunning export driven economic growth its status as a Cold War capitalist dynamo its energetic civil society its alluring urban modernity all of these are stories of electricity's transformative power Let There Be Light is a groundbreaking history of electrification in Hong Kong Mark L Clifford traces how a power company and its visionary founder jumpstarted Hong Kong's postwar economic rise and set in motion far reaching political and social change against the backdrop of Hong Kong's shifting relations with the People's Republic of China and the United Kingdom Clifford examines avowedly laissez faire Hong Kong's attempt to nationalize electricity companies and the longer term implications of debates over the power supply for citizen activism and the development of civil society government involvement in tackling housing and other social issues and state controls on private businesses Clifford explores the effects of electrification on both grand politics and daily life In the geopolitical struggle of the Cold War Hong Kong became an explicitly anti Communist showcase of production and consumption Its bright lights and neon signs stood in contrast to the darkness and drabness of neighboring China Electricity transformed people's everyday lives allowing children to study at night streets to be lit and shops in a self consciously commercial mecca to stay open late Offering new perspectives on twentieth century Hong Kong Let There Be Light reveals electricity as a catalyst of modernization

Colonial Hong Kong and Modern China Pui-tak Lee,2005-09-01 Essays examine the relationship between Hong Kong and China

The Quest of Noel Croucher Vaudine England,1998-01-01 Noel Groucher had a secret penchant for philanthropy From simple beginnings in England he arrived in Hong Kong at the turn of the century to live through eight decades of change on the China Coast Myster surrounded Noel Croucher Seen as tight fisted by some yet loved by others he endowed Hong Kong with its richest academic charity in The Croucher Foundation He became Commodore of the Royal Hong Kong Yacht Club and chairman of the Stock Exchange To many he was a throwback to the glory days of empire Yet he battled prejudice to get ahead in the colony That era has now passed This timely fresh look at the lives lived on the Coast through Noel Croucher's life story brings out the realities of those times

Empires of Panic Robert Peckham,2015-01-01 Empires of Panic is the first book to explore how panics have been historically produced defined and managed across different colonial imperial and post imperial settings from early nineteenth century East Asia to twenty first century America Contributors consider panic in relation to colonial anxieties rumors indigenous resistance and crises particularly in relation to epidemic disease How did Western government agencies policymakers planners and other authorities understand deal with and neutralize panics What role did evolving technologies of communication play in the amplification of local panics into global events Engaging with these questions the book

challenges conventional histories to show how intensifying processes of intelligence gathering did not consolidate empire but rather served to produce critical uncertainties the uneven terrain of imperial panic Robert Peckham is associate professor in the Department of History and co director of the Centre for the Humanities and Medicine at the University of Hong Kong Charting the relays of rumor and knowledge that stoke colonial fears of disease disorder and disaster *Empires of Panic* offers timely and cautionary insight into how viscerally epidemics inflame imperial anxieties and how words and their communication over new technologies accelerate panic rally government intervention and unsettle and entrench the exercise of global power Relevant a century ago and even more so today Nayan Shah University of Southern California author of *Contagious Divides Epidemics and Race in San Francisco's Chinatown* Empires generated anxiety as much as ambition This fine study focuses on anxieties generated by disease It is the first book of its kind to track shifting forms of panic through different geopolitical regimes and imperial formations over the course of two centuries Working across medical and imperial histories it is a major contribution to both Andrew S Thompson University of Exeter author of *Empire and Globalisation Networks of People Goods and Capital in the British World c 1850 1914* with Gary B Magee Digital Aesthetics Sean Cubitt,1998-10-15 The aesthetic nature and purposes of computer culture in the contemporary world are investigated in this book Sean Cubitt casts a cool eye on the claims of cybertopians tracing the globalization of the new medium and enquiring into its effects on subjectivity and sociality Drawing on historical scholarship philosophical aesthetics and the literature of cyberculture the author argues for a genuine democracy beyond the limitations of the free market and the global corporation Digital arts are identified as having a vital part to play in this process Written in a balanced and penetrating style the book both conveniently summarizes a huge literature and sets a new agenda for research and theory **Chinese Australians** Sophie Couchman,Kate Bagnall,2015-01-27 In *Chinese Australians Politics Engagement and Resistance* key scholars explore how Chinese Australians in the nineteenth and twentieth centuries influenced the communities in which they lived on a civic or individual level With a focus on the motivations and aspirations of their subjects the authors draw on biography world history case law newspapers and immigration case files to investigate the political worlds of Chinese Australians The book also introduces current literature and thinking about the history of the Chinese in Australia and includes a postscript that reflects on the importance of historical analysis to current day political science *A People Misruled* Albert H. Yee,1992 Proceedings Mark D. Lofstrom,Dan J. Wedemeyer,1992 *A Stormy Petrel: The Life and Times of John Pope Hennessy* P. Kevin MacKeown,2019-11 Many words have been used to describe John Pope Hennessy the former governor of Hong Kong Controversial is perhaps the briefest way to outline his character Yet we may be guilty of ascribing modern ideas to our understanding of characters of the past An Irish Catholic raised during the age of empire and rising nationalism a devout Tory and Disraeli follower a believer in both the benefits of empire and a patron of local talent in his postings it is easy to view Pope Hennessy as a man of contradictions This volume traces Pope Hennessy's history from his early beginnings in

famine Ireland to his attempts to rise through the ranks in London It goes on to cover his early postings to Labuan West Africa and of course Hong Kong as well as his final days with his family His actions and his personality are laid bare for readers to form their own opinions of one of Hong Kong's most enigmatic governors As to Sir J P Hennessy the less said the better His acts speak powerfully enough The centre of his world was he himself But with all the crowd of dark and bright powers that were wrestling within him he could not help doing some good Dr Ernst Johann Eitel Missionary sinologist and John Pope Hennessy's private secretary

Urban History 19:2 Kajal Lahiri, Geoffrey H. Lahiri, 1992-12-10 [China and Denmark](#) Kjeld Erik Brødsgaard, Mads Kirkebæk, 2001 This comprehensive study analyzes in detail the evolving political economic and diplomatic relationships between China and Denmark since their first contact in 1674 It is an important contribution to the growing literature on China's relations with the West since the beginning of the modern period Non Danes will be interested in how the unique nonimperialistic Danish approach to China has shaped a relationship quite different from the patterns of domination and conflict that have characterized the relations between the Middle Kingdom and the traditional great powers of the West

[François Ravary SJ and a Sino-European Musical Culture in Nineteenth-Century Shanghai](#) David Francis Urrows, 2021-09-23 This book reveals the story of François Ravary Jesuit missionary musician and organ builder The mastermind behind the construction of the bamboo organs of nineteenth century Shanghai Ravary's unpublished letters from China present a vivid picture of the excitement and crises surrounding the Roman Catholic mission in the often violent integration of global space of this time Focusing on an individual life this study adds needed perspective to histories of the treaty port era By shifting the inquiry towards a nuanced empirical and refocused evaluation of the landscape Ravary is revealed as a humanist in the Christian tradition curious about Chinese society and culture as well as the force behind China's first brass band first school orchestra and other landmarks of Sino European musical convergence This book is a must read for anyone interested in nineteenth century China studies cultural histories and the diffusion of Western art practices

International Bibliography of the Social Sciences British Library of Political and Economic Science, 1992 The IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences

[Area Bibliography of China](#) Richard T. Wang, 1997 A combination of scholarly commercial and popular interests has generated a large quantity of literature on every aspect of Chinese life during the past two decades This bibliography reflects these combined interests it is broken up into sections by subject headings and cross references refer the researcher to related topics
