Lenin's Terror James Ryan, 2012 This book explores the development of Lenin's thinking on violence throughout his career from the last years of the Tsarist regime in Russia through to the 1920s and the New Economic Policy and provides an important assessment of the significance of ideological factors for understanding Soviet state violence as directed by the Bolshevik leadership during its first years in power It highlights the impact of the First World War in particular its place in Bolshevik discourse as a source of legitimating Soviet state violence after 1917 and explains the evolution of Bolshevik dictatorship over the half decade during which Lenin led the revolutionary state It

examines the militant nature of the Leninist worldview Lenin's conception of the revolutionary state the evolution of his understanding of dictatorship of the proletariat and his version of just war The book argues that ideology can be considered primarily important for understanding the violent and dictatorial nature of the early Soviet state at least when focused on the party elite but it is also clear that ideology cannot be understood in a contextual vacuum The oppressive nature of Tsarist rule the bloodiness of the First World War and the vulnerability of the early Soviet state as it struggled to survive against foreign and domestic opponents were of crucial significance The book sets Lenin's thinking on violence within the wider context of a violent world

Simon Dubnow's "New Judaism" Robert Seltzer, 2013-12-05 In this volume Robert Seltzer examines Simon Dubnow 1860-1941 as the most eminent East European Jewish historian of his day and a spokesperson for his people setting out to define their identity in the future based on his understanding of their past Rejecting Zionism and Jewish socialism espoused by contemporaries he argued in Letter on Old and New Judaism that the Jews of the diaspora constituted a distinctive nationality deserving cultural autonomy in the liberal multi-national state he hoped would emerge in Russia Seltzer traces the young Dubnow's personal encounter with European intellectual currents that led him from the traditional shtetl world to a non-religious conception of Jewishness that resonated beyond Tsarist Russia

A History of Russian Exposition and Festival Architecture Alla Aronova, Alexander Ortenberg, 2018-10-03 This collection of thirteen vignettes addresses several important episodes in the history of Russian temporary architecture and public art from the royal festivals during the times of Peter the Great up to the recent venues including the Sochi Winter Olympics The forms and the circumstances of their design were drastically different however the projects discussed in the book share a common feature they have been instrumental in the construction of Russia's national identity with its perception of the West simultaneously a foe and a paragon looming high over this process The book offers a history of multidirectional relationships between diplomacy propaganda and architecture
