The Russian Affair Adrian d'Hage,2018-07-02 Russian President Petrov is determined to restore his country's dominance on the world stage at any price In order to develop deadlier nuclear weapons he recruits Ilana Rabinovich a beautiful but lethal scientist to infiltrate the Mossad and steal their research What no one expects is for the Israelis to then assign her an even more dangerous mission of their own to penetrate the US nuclear facilities in the deserts of Los Alamos If the information falls into the wrong hands the results could be devastating Especially as in the Hindu Kush ISIS soldiers are also plotting to acquire nuclear weapons It's up to CIA agent Curtis O Connor to stop them before it's too late From Russia's secret nuclear city of Sarov across the myriad canals of St Petersburg to an assault on an ancient castle more impenetrable than Colditz the chase is on But with a corrupt Russian general a femme fatale double agent and a very unpredictable US president waiting in the wings is it only a matter of time until a war begins [Russian in Arizona](#) Katherine Lutz,Barry Boosman, Lee B. Nation, Ethnicity and Race on Russian Television Stephen Hutchings, Vera Tolz, 2015-03-05 Russia one of the most ethno culturally diverse countries in the world provides a rich case study on how globalisation and associated international trends are disrupting and causing the radical rethinking of approaches to inter ethnic cohesion The book highlights the importance of television broadcasting in shaping national discourse and the place of ethno cultural diversity within it It argues that television's role here has been reinforced rather than diminished by the rise of new media technologies Through an analysis of a wide range of news and other television programmes the book shows how the covert meanings of discourse on a particular issue can diverge from the overt significance attributed to it just as the impact of that discourse may not conform with the original aims of the broadcasters The book discusses the tension between the imperative to maintain security through centralised government and overall national cohesion that Russia shares with other European states and the need to remain sensitive to and to accommodate the needs and perspectives of ethnic minorities and labour migrants It compares the increasingly isolationist popular ethnonationalism in Russia which harks back to old fashioned values with the similar rise of the Tea Party in the United States and the UK Independence Party in Britain Throughout this extremely rich well argued book complicates and challenges received wisdom on Russia's recent descent into authoritarianism It points to a regime struggling to negotiate the dilemmas it faces given its Soviet legacy of ethnic particularism weak civil society large native Muslim population and overbearing yet far from entirely effective state control of the media

Russian Society and the Orthodox Church Zoe Knox, 2004-06-02 Russian Society and the Orthodox Church examines the Russian Orthodox Church's social and political role and its relationship to civil society in post Communist Russia It shows how Orthodox prelates clergy and laity have shaped Russians attitudes towards religious and ideological pluralism which in turn have influenced the ways in which Russians understand civil society including those of its features pluralism and freedom of conscience that are essential for a functioning democracy It shows how the official church including the Moscow Patriarchate has impeded the development of civil society while on the other hand the non official church including nonconformist clergy and lay activists has promoted concepts central to civil society
