Jewish Internationalism and Human Rights after the Holocaust Nathan A. Kurz, 2020-11-26 Nathan A Kurz charts the fraught relationship between Jewish internationalism and international rights protection in the second half of the twentieth century For nearly a century Jewish lawyers and advocacy groups in Western Europe and the United States had pioneered forms of international rights protection tying the defense of Jews to norms and rules that aspired to curb the worst behavior of rapacious nation states In the wake of the Holocaust and the creation of the State of Israel however Jewish activists discovered they could no longer promote the same norms laws and innovations without fear they could soon apply to the Jewish state Using previously unexamined

sources Nathan Kurz examines the transformation of Jewish internationalism from an effort to constrain the power of nation states to one focused on cementing Israel's legitimacy and its status as a haven for refugees from across the Jewish diaspora

Refugees in Europe, 1919-1959 Matthew Frank, Jessica Reinisch, 2017-09-21 This book is open access and available on www.bloomsburycollections.com It is funded by Knowledge Unlatched Refugees in Europe 1919-1959 offers a new history of Europe's mid 20th century as seen through its recurrent refugee crises By bringing together in one volume recent research on a range of different contexts of groups of refugees and refugee policy it sheds light on the common assumptions that underpinned the history of refugees throughout the period under review The essays foreground the period between the end of the First World War which inaugurated a series of new international structures to deal with displaced populations and the late 1950s when Europe's home grown refugee problems had supposedly been solved and attention shifted from the identification of an exclusively European refugee problem to a global one Borrowing from E H Carr's *The Twenty Years Crisis* first published in 1939 the editors of this volume test the idea that the two post war eras could be represented as a single crisis of a European dominated international order of nation states in the face of successive refugee crises which were both the direct consequence of that system and a challenge to it Each of the chapters reflects on the utility and limitations of this notion of a forty years crisis for understanding the development of specific national and international responses to refugees in the mid 20th century Contributors to the volume also provide alternative readings of the history of an international refugee regime in which the non European and colonial world are assigned a central role in the narrative

Israeli Identity in Transition Anita Shapira, 2004-10-30 The last 15 years have witnessed deep changes in Israeli society The naive solidarity of the early years of statehood has given way to more sophisticated approaches and the atmosphere of the 1990s was conducive towards critique and open discussion It was the age of the Oslo Accords of the large wave of immigrants from the Former Soviet Union economic growth and prosperity and a concurrent feeling of security and well being Israel was fast becoming a postcapitalist society a junior member of the global village This newly acquired self assurance led to openness towards unorthodox views on basic questions of Israeli identity The new mood found expression in the cultural climate and in the public debates The Zionist narrative in relation to the Palestinians the early troubled absorption of immigrants from Islamic countries the discrimination against the Arab Israeli minority the delay in the 1950s in incorporating the memory of the Holocaust into collective memory the Zionist attitude towards the Jewish Diaspora all these were issues on the cultural and intellectual agenda subjects of heated controversies This book attempts to come to grips with these themes The complex texture of Israeli society is drawn here by a number of hands presenting up to date approaches as viewed by experts The

Soviet Union and the June 1967 Six Day War Yaacov Ro'i, Boris Morozov, 2008 Why did the Soviet Union spark war in 1967 between Israel and the Arab states by falsely informing Syria and Egypt that Israel was massing troops on the Syrian border Based on newly available archival sources *The Soviet Union and the June 1967 Six Day War* answers this controversial question more fully than ever before Directly opposing the thesis of the recently published *Foxbats over Dimona* by Isabella Ginor and Gideon Remez the contributors to this volume argue that Moscow had absolutely no intention of starting a war The Soviet Union's reason for involvement in the region had more to do with enhancing its own status as a Cold War power than any desire for particular outcomes for Syria and Egypt In addition to assessing Soviet involvement in the June 1967 Arab Israeli Six Day War this book covers the USSR's relations with Syria and Egypt Soviet aims U S and Israeli perceptions of Soviet involvement Soviet intervention in the Egyptian Israeli War of Attrition 1969 70 and the impact of the conflicts on Soviet Jewish attitudes This book as a whole demonstrates how the Soviet Union's actions gave little consideration to the long or mid term consequences of their policy and how firing the first shot compelled them to react to events

communities within cyberspace and through literature enabling them to keep their shared culture alive Above all the scholars in *The New Jewish Diaspora* place the migration of Russian speaking Jews in its historical and social contexts showing where it fits within the larger historic saga of the Jewish diaspora exploring its dynamic engagement with the contemporary world and pointing to future paths these immigrants and their descendants might follow
