questions of Jewish immigration to Israel Multiculturalism is the central theoretical framework of this study alongside specific theoretical considerations of ethnic formation political mobilization among ethnic groups and immigration and conflict in deeply divided societies However while Jewish Arab relations in Israel are typically analyzed in the context of majority minority relations this book offers a pioneering approach that analyzes these relations within the context of a Jewish majority with a minority phobia and an Arab minority with a sense of regional majority Addressing existing and anticipated influences of Russian immigrants on politics culture and social structures in Israel as well as the Israeli Palestinian conflict The Russians in Israel will be useful to students and scholars of Middle Eastern politics and society as well as Israel Russian and Ethnicity Studies
