Autobiographical Statements in Twentieth-Century Russian Literature Jane Gary Harris, 2014-07-14 The fifteen essays in this volume explore the extraordinary range and diversity of the autobiographical mode in twentieth century Russian literature from various critical perspectives They will whet the appetite of readers interested in penetrating beyond the canonical texts of Russian literature The introduction focuses on the central issues and key problems of current autobiographical theory and practice in both the West and in the Soviet Union while each essay treats an aspect of autobiographical praxis in the context of an individual author's work and often in dialogue with another of the included writers Examined here are first the experimental writings of the early years of the twentieth century Rozanov Remizov and Bely second the unique autobiographical statements of the mid 1920s through the early 1940s Mandelstam Pasternak Olesha and Zoshchenko and finally the diverse and vital contemporary writings of the 1960s through the 1980s as exemplified not only by creative writers but also by scholars by Soviet citizens as well as by emigrés Trifonov Nadezhda Mandelstam Lydia Ginzburg Nabokov Jakobson Sinyavsky and Limonov Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Two Hundred Years of Pushkin, Volume III, 2021-11-01 Pushkin's status as Russia's national poet rests as much on the breadth of his cultural influence as on the intrinsic quality of his works Pushkin's Legacy reflects in various ways the areas in which this influence has been felt Part I considers some of the key factors in defining Pushkin for posterity in particular the crucial role played by the critic Belinskii and the problematics of periodising Pushkin Part II examines the richness of Pushkin's poetics including the ways in which his work challenged the established boundaries between poetry and prose Part III examines Russian music's debt to Pushkin and vice versa Russian music's role in popularising his works Part IV examines Pushkin's influence abroad via studies of his influence on M. Rimsky-Korsakov and Henry James and on a more personal level through his descendants in England Pushkin's Legacy offers a variety of approaches to Pushkin and his oeuvre and to the nature of his complex impact on Russian and European culture Pushkin's Legacy is the third volume devoted to Pushkin to be published in the SSLP series under the general title Two Hundred Years of Pushkin It follows volume I Pushkin's Secret Russian Writers Reread and Rewrite Pushkin and volume II Alexander Pushkin Myth and Monument [Ideology in Russian Literature](#) Richard Freeborn, Jane Grayson, 2016-01-15 The contributions in this volume which is part of a series examine the connection between literature and ideas in important 19th century instances The editor contends that they demonstrate that Russian literature often subverts the ideology to suit its own autonomous needs **International Journal of Slavic**
