Wells and All Things Russian** Galya Diment,2019-07-26 H G Wells and All Things Russian is a fertile terrain for research and this volume will be the first to devote itself entirely to the theme Wells was an astute student of Russian literature culture and

history and the Russians in turn became eager students of Wells's views and works. During the Soviet years in fact no significant foreign author was safer for Soviet critics to praise than H. G. Wells. The reason was obvious. He had met and largely approved of Lenin, was a close friend of the Soviet literary giant Maxim Gorky and in general expressed much respect for Russia's evolving Communist experiment even after it fell into Stalin's hands. While Wells's attitude towards the Soviet Union was nevertheless often ambivalent, there is definitely nothing ambiguous about the tremendous influence his works had on Russian literary and cultural life.

The Routledge Companion on Architecture, Literature and The City Jonathan Charley, 2018-09-03 This Companion breaks new ground in our knowledge and understanding of the diverse relationships between literature, architecture and the city which together form a field of interdisciplinary research that is one of the most innovative and exciting to have emerged in recent years. Bringing together a wide variety of contributors not only writers, architectural and literary scholars and social scientists but graphic novelists and artists, the book offers contemporary essays on everything from science fiction and the crime novel to poetry, comics and oral history. It is structured into two sections: History/Narrative and Genre and Strategy/Language and Form. Including over ninety illustrations, the book is a must-read for academics and students.

Historical Dictionary of Russian and Soviet Cinema Peter Rollberg, 2016-07-20 Russian and Soviet cinema occupies a unique place in the history of world cinema. Legendary filmmakers such as Sergei Eisenstein, Vsevolod Pudovkin, Dziga Vertov, Andrei Tarkovsky and Sergei Paradjanov have created oeuvres that are being screened and studied all over the world. The Soviet film industry was different from others because its main criterion of success was not profit but the ideological and aesthetic effect on the viewer. Another important feature is Soviet cinema's multinational Eurasian character while Russian cinema was the largest. Other national cinemas such as Georgian, Kazakh and Ukrainian played a decisive role for Soviet cinema as a whole. The Historical Dictionary of Russian and Soviet Cinema provides a rich tapestry of factual information together with detailed critical assessments of individual artistic accomplishments. This second edition of Historical Dictionary of Russian and Soviet Cinema contains a chronology, an introduction and a bibliography. The dictionary section has over 600 cross-referenced entries on directors, performers, cinematographers, composers, designers, producers and studios. This book is an excellent access point for students, researchers and anyone wanting to know more about Russian and Soviet Cinema.
