Russian Women's Studies Tatyana Mamonova, 1989 A well researched history of feminism in the Soviet Union highly praised by Lora Steinem Kate Millett Bella Abzug Mary Daly and Betty Friedan **Russian Women's Studies** Tatyana Mamonova, 1988-05 **Sexuality and the Body in Russian Culture** Jane T. Costlow, Stephanie Sandler, Judith Vowles, 1993 Twelve groundbreaking essays show the varied and complex ways in which ideas about sexuality gender and the body have shaped and been influenced by Russian literature history art and philosophy from the medieval period to the present day *Fruits of Her Plume: Essays on Contemporary Russian Women's Culture* Helena Goscilo, 2015-05-20 The 1980s witnessed the ascendancy of Russian women in multiple spheres of artistic creation including literature film and painting This volume may thus be said to engage not only women's artistic production but indeed the best and most colourful of recent Russian culture Treating contemporary Russian women's creativity it approaches women's texts films and canvasses from a range of perspectives from anti-gendered to feminist Some of the essays introduce writers not previously well studied others challenge conventional interpretations and assumptions while still others yield original viewpoints through novel juxtapositions In addition to offering insights into the various artists under analysis the essays map the wide terrain of issues and methodologies proliferating in cultural criticism today and mirror the diversity that is one of the most appealing features of women's creativity in contemporary Russia Women and Russian Culture Rosalind Marsh, 1998-11-01 The image of women in Russian culture has undergone profound changes from the origins of modern Russian literature in the eighteenth century until the Revolution of 1917 when women were a source of fascination for Russian writers to the socialist realism period during which public discussion of the representation of women in literature rapidly declined and the woman question was declared to have been resolved to a reappraisal of the position of women since the 1980s This collection of essays by leading western and Russian specialists contains new insights and updates previous research into the role of women in Russian culture in the last two centuries and contributes to two exciting and growing research areas the feminist critique of work by Russian male authors and the study of Russian women writers Moreover whereas most previous studies have concentrated on the aesthetic qualities of works by women writers this collection includes both close textual analysis and the discussion of biographical historical and political questions relating both to the representation of women and women's culture The aim is not to present a unified manifesto but rather to bring together a spectrum of approaches and positions within their common focus on the relationship between women and culture in Russia Contributors R Marsh A Barker J Andrew D Greene I Kazakova C Schuler S Graham K Hodgson N Kolchevska N Cornwell J Curtis M Katz M Ledkovsky P I Barta A Darmodekhina D Gillespie N Zhuravkina B Lanin S Carsten A Tait **Russian Women in Politics and Society** Norma Corigliano Noonan, 1996-10-21 An examination of women's roles in politics and society in the contemporary Russian Federation as it creates a new market economy and democratic course born of a
