Russian Blood, a Family Chronicle Alex Shoumatoff, 1982 **German Blood, Slavic Soil** Nicole Eaton, 2023-04-15
Winner of the Reginald Zelnik Book Prize in History *German Blood Slavic Soil* reveals how Nazi Germany and the Soviet Union twentieth century Europe's two most violent revolutionary regimes transformed a single city and the people who lived there During World War II this single city became an epicenter in the apocalyptic battle between their two regimes Drawing on sources and perspectives from both sides Nicole Eaton explores not only what Germans and Soviets thought about each other but also how the war brought them together She details an intricate timeline first describing how Königsberg a seven hundred year old German port city on the Baltic Sea and lifelong home of Immanuel Kant became infamous in the 1930s as the easternmost bastion of Hitler's Third Reich and the launching point for the Nazis genocidal war in the East She then describes how after being destroyed by bombing and siege warfare in 1945 Königsberg became Kaliningrad the westernmost city of Stalin's Soviet Union Königsberg Kaliningrad is the only city to have been ruled by both Hitler and Stalin as their own in both wartime occupation and as integral territory of the two regimes *German Blood Slavic Soil* presents an intimate look into the Nazi Soviet encounter during World War II Eaton impressively shows how this outpost city far from the centers of power in Moscow and Berlin became a closed off space where Nazis and Stalinists each staged radical experiments in societal transformation and were forced to reimagine their utopias in dialogue with the encounter between the victims and proponents of the two regimes **Blood of the Czars** Michael Kilian, 2015-08-25 An actress infiltrates the Soviet Union to avenge the death of an ancestor When the Russian Revolution came to Saint Petersburg Princess Irina went into hiding A stunningly beautiful ballerina she knew she had to escape the Bolsheviks or else die With her jewels sewn into her cloak Irina made a mad dash for the border But the Cheka caught up with her stole her jewelry and left her naked bloody and dead along the riverbank Her murder was never avenged Such is Tatiana Tatty Chase's heritage A modestly successful Broadway actress Tatty speaks Russian like a native and has never forgotten the atrocities of the revolution When an old lover gives her a chance to go behind the Iron Curtain as a spy Tatty leaps at the opportunity for retribution but soon finds that her noble lineage will not protect her from the evil chill of a Soviet winter *Legends of the Phoenix* Alexey Vasilyevich Trekhlebov, 2014-03-11 Dear reader if you are holding in your hands the book *Legends of the Phoenix* by A V Trehlebov then in just a moment a magnificent journey awaits you filled with fascinating knowledge about the hidden history of our world and some of the most fascinating societal processes to ever occur If you have already read a few dozen books on the subject but are still asking yourself the questions Who am I What is my purpose here or Why do we die then this book will become a treasure within your library If you are still searching for the answers to the age old questions of the origins of life on earth the origins and evolution of our modern civilization the origins of different races the true history of the people on earth our spiritual growth as humans or the universal laws of the universe then this book has come to you at the right time Through

Racism, Not Race Joseph L. Graves, Jr., Alan H. Goodman, 2021-12-07
Winner 2024 W W Howells Prize American Anthropological Association Biological Anthropology Section
The science on race is clear. Common categories like Black, white, and Asian do not represent genetic differences among groups. But if race is a pernicious fiction according to natural science, it is all too significant in the day-to-day lives of racialized people across the globe. Inequities in health, wealth, and an array of other life outcomes cannot be explained without referring to race, but their true source is racism. What do we need to know about the pseudoscience of race in order to fight racism and fulfill human potential? In this book, two distinguished scientists tackle common misconceptions about race, human biology, and racism. Using an accessible question-and-answer format, Joseph L. Graves Jr. and Alan H. Goodman explain the differences between social and biological notions of race. Although there are many meaningful human genetic variations, they do not map onto socially constructed racial categories. Drawing on evidence from both natural and social science, Graves and Goodman dismantle the malignant myth of gene-based racial difference. They demonstrate that the ideology of racism created races and show why the inequalities ascribed to race are in fact caused by racism. Graves and Goodman provide persuasive and timely answers to key questions about race and racism for a moment when people of all backgrounds are striving for social justice. *Racism, Not Race* shows readers why antiracist principles are both just and backed by sound science. *London Steampunk: The Blue Blood Conspiracy Books 4-6* Bec McMaster, 2021-06-10
