The Slave Soul of Russia Daniel Rancour-Laferriere,1995 Why asks Daniel Rancour Laferriere in this controversial book has Russia been a country of suffering Russian history religion folklore and literature are rife with suffering The plight of Anna Karenina the submissiveness of serfs in the 16th and 17th centuries ancient religious tracts emphasizing humility as the mother of virtues the trauma of the Bolshevik revolution the current economic upheavals wracking the country these are only a few of the symptoms of what The Slave Soul of Russia identifies as a veritable cult of suffering that has been centuries in the making Bringing to light dozens of examples of self defeating activities and behaviors that have become an integral component of the Russian psyche Rancour Laferriere convincingly illustrates how masochism has become a fact of everyday life in Russia Until now much attention has been paid to the psychology of Russia s leaders and their impact on the country s condition Here for the first time is a compelling portrait of the Russian people s psychology **Herstories on Screen**

Kathleen Cummins,2020-05-19 From the late 1970s into the early 1990s a generation of female filmmakers took aim at their home countries popular myths of the frontier Deeply influenced by second wave feminism and supported by hard won access to governmental and institutional funding and training their trailblazing films challenged traditionally male genres like the Western Instead of reinforcing the myths of nationhood often portrayed in such films invariably featuring a lone white male hero pitted against the savage and uncivilized native terrain these filmmakers constructed counternarratives centering on women and marginalized communities In place of rugged cowboys violently removing indigenous peoples to make the frontier safe for their virtuous wives and daughters these filmmakers told the stories of colonial and postcolonial societies from a female and or subaltern point of view Herstories on Screen is a transnational study of feature narrative films from Australia Canada the United States and New Zealand Aotearoa that deconstruct settler colonial myths Kathleen Cummins offers in depth readings of ten works by a diverse range of women filmmakers including Jane Campion Julie Dash Merata Mita Tracey Moffatt and Anne Wheeler She reveals how they skillfully deploy genre tropes and popular storytelling conventions in order to critique master narratives of feminine domesticity and purity and depict women and subaltern people performing acts of agency and resistance Cummins details the ways in which second wave feminist theory and aesthetics

informed these filmmakers efforts to debunk idealized Anglo Saxon femininity and motherhood and lay bare gendered and sexual violence and colonial oppression **Bulletin of the Russian Information Bureau in the U.S.** Russian Information Bureau in the U.S.,1920 The Planet of Conscience Maternal Russia ЭЛЬМАРИЯ,2020-10-23 Mother is Happiness of Russian Orthodox God s People Earthlings Happiness of the planet is people s conscience THE PLANET OF CONSCIENCE Is important milestone in history of E rthmen The civilization perishes in absence of conscience therefore Forces which is called Heavenly Drivers THE PLANET OF CONSCIENCE IS PLANET OF THE FUTURE WORLD OF MANKIND THE PLANET OF GODS OF CONSCIENCE THE ALGORITHM OF CONSCIENCE IS THE PEAK OF HONOR OF EVERYONE IN THE CONSTRUCTION OF A NEW QUALITY OF LIFE *The Russian Mind Since Stalin's Death* Yuri Glazov,2012-12-06 I have been working on this book since leaving Russia in April of 1972 It was my wish to write this book in English and there were what seemed to me to be serious reasons for doing so In recent years there has appeared a wealth of literature in Russian about Russia As a rule this literature has been published outside the USSR by authors who still live in the Soviet Union or who have only recently left it A fair amount of important literature is being translated into English but I believe it will be read mainly by specialists in Russian studies or by those who have a great interest in the subject already The majority of Russian authors write of course for the Russian reader or for an imagined Western public It is my feeling that Russian authors have serious difficulties in understanding the mentality of Westerners and that there still exists a gap between the visions of Russians and non Russians I have made my humble attempt to bridge this gap and I will be happy if I am even partly successful The Russian world is indeed fascinating Many people who visit Russia for a few days or weeks find it a country full of historical charm fantastic architecture and infinite mystery For many inside the country especially for those in conflict with the Soviet authorities **Russian and Post-Soviet Organized Crime** Mark Galeotti,2017-09-08 A timely look at a widespread yet largely uninvestigated area of Russian life Chapters include consideration of the history and basis in culture for the organization of crime in Russia the actions of emigres to the USA and the development of modern sophistications of exchange and networking that currently blight privatization Diverse perspectives including comparative structural and ethnic frameworks give unprecedented national and international insights into a pervasive element of modern Russia *My Russian Wife. Моя русская жена.* Kjetil Sandermoen,2018-10-17 Insights and reflections about being a couple with different cultural background Bilingual book Russian and English The book *My Russian Wife* is not a typical book about love and romance It is about how you build a loving and lasting relationship despite of differences but the book also contains insights about several aspects that are just as relevant for business as for the personal life Quotes from the book *My experience is that women are very easy to win over if Isn't it boring to live in Switzerland But you don't have berezka birch trees here don't you miss the Russian berezka A nice long and complicated toast will always be highly regarded Being a Russian mother also means believing your child is always on the brink of starvation When did you kiss mama for the first time* **Encyclopedia**

identified In all these ways mixed couples and families were acutely and painfully affected by the growth of ethnic primordialism and by the tensions between the national and supranational projects in the Soviet Union Intermarriage and the Friendship of Peoples is based on more than eighty in depth oral history interviews with members of mixed families in Kazakhstan and Tajikistan along with published and unpublished Soviet documents scholarly and popular articles from the Soviet press memoirs and films and interviews with Soviet era sociologists and ethnographers

Julie Rajan, 2011-08-26 This book offers an evaluation of female suicide bombers through postcolonial Third World feminist and human rights framework drawing on case studies from conflicts in Palestine Sri Lanka and Chechnya among others *Women Suicide Bombers* explores why cultural media and political reports from various geographies present different information about and portraits of the same women suicide bombers The majority of Western media and sovereign states engaged in wars against groups deploying bombings tend to focus on women bombers abnormal mental conditions their physicality for example their painted fingernails or their beautiful eyes their sexualities and the various ways in which they have been victimized by their backward Third World cultures especially by Islam In contrast propaganda produced by rebel groups deploying women bombers cultures supporting those campaigns and governments of those nations at war with sovereign states and Western nations tend to project women bombers as mythical heroes in ways that supersedes the martyrdom operations of male bombers Many of the books published on this phenomenon have revealed interesting ways to read women bombers subjectivities but do not explore the phenomenon of women bombers both inside and outside of their militant activities or against the patriarchal Orientalist and Western feminist cultural and theoretical frameworks that label female bombers primarily as victims of backward cultures In contrast this book offers a corrective lens to the existing discourse and encourages a more balanced evaluation of women bombers in contemporary conflict This book will be of interest to students of terrorism gender studies and security studies in general
