Chirovsky,1987 *Historical Dictionary of Ukraine* Ivan Katchanovski,Zenon E. Kohut,Bohdan Y. Nebesio,Myroslav Yurkevich,2013-07-11 Although present day Ukraine has only been in existence for something over two decades its recorded history reaches much further back for more than a thousand years to Kyivan Rus Over that time it has usually been under control of invaders like the Turks and Tatars or neighbors like Russia and Poland and indeed it was part of the Soviet Union until it gained its independence in 1991 Today it is drawn between its huge neighbor to the east and the European Union and is still struggling to choose its own path although it remains uncertain of which way to turn Nonetheless as one of the largest European states with considerable economic potential it is not a place that can be readily overlooked The problem is or at least was where to find information on this huge modern Ukraine and since 2005 the answer has been the Historical Dictionary of Ukraine in its first edition and now even more so with this second edition It now boasts a dictionary section of about 725 entries these covering the thousand years of history but particularly the recent past and focusing on significant persons places and events political parties and institutions as well as more broadly international relations the economy society and culture The chronology permits readers to follow this history and the introduction is there to make sense of it It also features the most extensive and up to date bibliography of English language writing on Ukraine **A Surgeon'S Universe** Andrew S. Olearchyk,2011-07-21 The book A Surgeons Universe is composed of a unique form intermediate between encyclopaedia memoirs medicine and

documented reportage It encompasses data about the Universe geography of the Earth and Europe as applied to their history as well as to the history of Ukraine including the fate of the Ukrainian Rus Peremyshl in Polish Przemyśl Principality UPP from antiquity that is id est i e approximately 500 thousand years before Christ BC through the year of 2010 On the background of historical events are described the achievements of Ukrainians in the domains of culture science medicine and sport Also the author includes numerous clinical observations the contribution of others and his own to general surgery anesthesiology thoracic and cardiovascular vascular surgery TCVS The book contains 1757 p 2352 figures fig each with subtitle in Ukrainian and English and I XX tabl is written in Ukrainian with some parts in English Russian German and Polish

Ukraine Bohdan S. Wynar,1990 Substantial and through critical annotations of works on all important aspects of Ukrainian history and culture including monographs dissertations books symposia pamphlets and journal articles Spanning the period from the early 1950s to mid 1989 the numbered entries are arranged by broad subject categories each category beginning with a brief introduction to the most important authors and their works Annotation copyrighted by Book News Inc Portland OR **Cultural Heritage of East Central Europe** Wojciech Roszkowski,2015-01-02 The concept of culture is a relatively modern invention It stems from the Latin term cultura meaning cultivation Cicero was the first to use this word in a non agricultural context In his Tusculanae Disputationes he reflected on the cultivation of the soul cultura animi Later this term was rarely used in this sense but as of the 17th century more and more authors considered culture an intellectual and not an agricultural phenomenon Samuel Pufendorf 1632 1694 described culture as a vehicle overcoming natural barbarism He was followed by German philosophers of culture Johann Gottfried Herder 1744 1803 argued that human creativity was as important as human rationality and called attention to national cultures The works of German romantic philosophers were mainly focused on the specificity of the German culture a factor that was to unite divided German statehoods At the same time however Herder and his followers noticed other national cultures including first of all those of East and Central Europe It is therefore noteworthy that the early philosophical reflection on culture was closely connected with the specific traditions of East and Central Europeans Russian Oppression in Ukraine.
