*Learn Russian News Vol.2* Nik Marcel, LEARN RUSSIAN NEWS Vol 2 English Russian THIS EDITION The dual language text has been arranged into sentences and shorter paragraphs for quick and easy cross referencing The source text is the Russian language edition of Voice of America VOA The Russian text has been translated into English for this dual language project The reader can choose between four formats Section 1 English to Russian Section 2 Russian to English Section 3 English Section 4 Russian A methodology for getting the most out of this bilingual format is explained in the book's Foreword The primary purpose of this text is to equip a foreign language learner with the ability to start reading news in the particular foreign language to be able to read only in the foreign language and extract enough understanding to continue the language learning process fruitfully this way A reader might like to go back to reading dual language news for reinforcement and further development returning to foreign language only news with a deeper understanding By going back to the same old news you are going over words word patterns and passages with which you already have a certain familiarity The process of reinforcement learning or retaining of what is new and exposure to what is unfamiliar is much easier this way even though the news may seem a little dated The aim of informing the reader about actual news is secondary especially given that the content will become less current and less relevant over time A Dual Language Book Project 2Language Books The Twilight of the U.S. Cavalry Lucian King Truscott, Lucian K. Truscott, 1989 Lucian Truscott takes the reader back in this military memoir to the days of the horse cavalry in American history Greater Russia William Greener, 1903 **The Rasp** Mounted Service School (U.S.), 1914 The yearbook of the classes of the Mounted Service School Includes description of the school and its training activities the various units attending the school rosters of graduates and general articles on horsemanship *Three Cities in Russia* Charles Piazza Smyth, 1862 *Driving Down Russia's Spine* Paul Richardson, 2016-06-01 On one level this book is the story of an epic 6000 kilometer road trip from the frigid shores of the Barents Sea to Sochi Russia's southernmost tip on the Black Sea Dubbed The Spine of Russia the adventure tasked a mismatched duo of Russian and American journalists with capturing a view of Russia from the ground to collect powerful images and honest human stories that offered a more subtle complex picture of the world's largest country But this book is far more than just a travel essay For it intertwines fascinating subject profiles with digressions into historical and cultural themes relevant to understanding modern Russia It is a story told with humor and with the insight derived from the author's three decades of intimate interactions with Russia Among the many interesting stories in the book An expedition to The Well to Hell A music school in one of the most polluted towns on earth An energetic youth activist branded as a foreign agent Russia's largest manufacturer of barbells who also makes cloudberry preserves A roadside berry seller recently paroled from prison A blacksmith who is a Jehovah's Witness A bone chilling trip to the foundation place of the Russian state The slightly off kilter leader of St Petersburg's Cossack community A retired village doctor who can't stop working because he won't be

replaced A piece of Nebraska transplanted into the middle of Russia s Black Earth region There were also craft beer makers ballroom dancers policemen restaurant owners an opera student a priest a single mother an accessibility activist teachers docents a best selling author soap makers journalists a sailor a winemaker and a woman taking on the male dominated world of Russian hockey And no trip to Russia would be complete without a run in with security officials in leather jackets So there is also that Taken together the stories from this epic road trip create a compelling portrait of Russia and its people The book could not be more timely recent events show how vital it is for Americans to continue working to understand Russia
