Siegel, 2010-09-24 Dr Bernie Siegel writes with humorous down to earth wisdom that has improved the lives of countless readers In 365 Prescriptions for the Soul he treats us to his most user friendly work of all daily doses of inspiration and humor that gently and joyfully help us live more peaceful loving and fulfilling lives *Happy Pills in America* David Herzberg, 2010-10-01 Valium Paxil Prozac Prescribed by the millions each year these medications have been hailed as wonder drugs and vilified as numbing and addictive crutches Where did this blockbuster drug phenomenon come from What factors led to the mass acceptance of tranquilizers and antidepressants And how has their widespread use affected American culture David Herzberg addresses these questions by tracing the rise of psychiatric medicines from Miltown in the 1950s to Valium in the 1970s to Prozac in the 1990s The result is more than a story of doctors and patients From bare knuckled marketing campaigns to political activism by feminists and antidrug warriors the fate of psychopharmacology has been intimately wrapped up in the broader currents of modern American history Beginning with the emergence of a medical marketplace for psychoactive drugs in the postwar consumer culture Herzberg traces how happy pills became embroiled in Cold War gender battles and the explosive politics of the war against drugs and how feminists brought the two issues together in a dramatic campaign against Valium addiction in the 1970s A final look at antidepressants shows that even the Prozac phenomenon owed as much to commerce and culture as to scientific wizardry With a barrage of ask your doctor about advertisements competing for attention with shocking news of drug company malfeasance Happy Pills is an invaluable look at how the commercialization of medicine has transformed American culture since the end of World War

Divine Prescriptions Doreen Virtue, Ph.D.,2014-08-12 Dr Virtue teaches us how to use our sixth sense so we can lay our hearts open to the possibility of healing. Begin a dialogue with the angels and you can achieve in a practical way the fulfilling life you want and deserve. In *Divine Prescriptions*, bestselling author Dr Doreen Virtue illuminates the ways all of us can receive healing messages from God and the guardian angels when we need guidance. The angels will speak to us about health, family relationships, finances, and careers, and *Divine Prescriptions* proves that fact by citing case studies, angel readings, and transcripts from Dr Virtue's angel therapy sessions. When the problems we face are too complex to be solved by counselors, friends, or even Dear Abby, Dr Virtue shows us another way, a divine way, to discover answers. *Divine Prescriptions* also explains how and why God and our guardian angels use us as messengers to give advice and consolation to others. She explains how to distinguish between normal conversations and key messages from the angels who are constantly around us and provides step-by-step instructions for performing angel readings. Dr Virtue's universe is benign; the angels around us mean us well, and once we are able to receive their vitally important communications, our goals and those of the people we love will become attainable.

Three Prescriptions for Happiness Ken Keyes,2010-07-16 A pioneer in the personal growth field and a lifelong peace advocate, Ken Keyes Jr. contracted polio at age 27, which confined him to a wheelchair for the rest of his life. Yet he looked upon it as a blessing. I view my so-called handicap as another gift my life has offered me. This deceptively simple little book contains three secrets, three prescriptions from this self-described happiness doctor, which are at once obvious and profoundly life-changing.

Nuggets Of Nostalgia INDRANIL GHOSH,2012-11-15 A budding film director and a wannabe film producer are in need of a movie script that can upsurge the box office. The would-be director approaches a novice but promising writer who writes a romantic story for the film. The story portrays childhood love and lost friendship. It is a touching story of a group of four childhood friends and girlfriends who are separated due to various reasons. Years later, the protagonist attempts to track down his companions, and this forms the background of the story. The protagonist, who is a now-renowned doctor, easily forgets his early love for the sake of his career. But finally, he understands that the real meaning of success lies in contentment.

The Next Happy Tracey Cleantis,2015-03-03 When the best option is to let go of the life you planned for yourself and find a new path, a world of possibilities can surprisingly open up. Learn whether it is time to let go and if so, how to move through your grief and find your way forward. In *The Next Happy*, if you believe you can do anything, although well-meaning, these intended words of inspiration can make us feel like failures. The reality is that no matter how positive our outlook or how tenacious our approach, our dreams simply do not always come true, and there is nothing we can do about it. After multiple fertility treatments and years of hardship in her pursuit to have a child, Tracey Cleantis was forced to face this reality head-on. Yet through this process and her work counseling hundreds of clients through the loss of their

goals and aspirations she discovered one simple truth Sometimes there comes a time when the smartest healthiest and sanest thing to do is to let go of the original plan in order to find a new way forward toward happiness And with this critical shift a world of possibilities opens up to us New tangible dreams take shape In *The Next Happy* Cleantis offers a roadmap for that journey teaching you how to face the possibility of letting go of a dream that isn't working accept and face sadness anger and shame understand the true reasons why you wanted what you wanted and the real life causes for why you didn't get it and ask the questions that will let you move on and set realistic goals for finding a new way forward With down to earth wisdom and humor this enlightening counterpoint to the popular self help notion to follow your dream no matter what it takes provides the guidance and support to help you make the decision of whether it is time to give up an impossible dream and if so move through your grief and discover the next happy
