Espionage in British Fiction and Film since 1900 Oliver Buckton, 2015-10-08 *Espionage in British Fiction and Film Since 1900* traces the history and development of the British spy novel from its emergence in the early twentieth century through its growth as a popular genre during the Cold War to its resurgence in the early twenty first century Using an innovative structure the chapters focus on specific categories of fictional spying such as the accidental spy or the professional and identify each type with a vital period in the evolution of the spy novel and film A central section of the book considers how with the creation of James Bond by Ian Fleming in the 1950s the professional spy was launched on a new career of global popularity enhanced by the Bond film franchise In the realm of fiction a glance at the fiction bestseller list will reveal the continuing appeal of novelists such as John le Carr Frederick Forsyth Charles Cumming Stella Rimington Daniel Silva Alec Berenson Christopher Reich to name but a few and illustrates the continued fascination with the spy novel into the twenty first century decades after the end of the Cold War There is also a burgeoning critical interest in spy fiction with a number of new studies appearing in recent years A genre that many believed would falter and disappear after the fall of the Berlin Wall and the collapse of the Soviet empire has shown if anything increased signs of vitality While exploring the origins of the British spy tracing it through cultural and historical events *Espionage in British Fiction and Film Since 1900* also keeps in focus the essential role of the changing enemy the chief adversary of and threat to Britain and its allies in the evolution of spy fiction and cinema The book concludes by analyzing examples of the enduring vitality of the British spy novel and film in the decades since the end of the Cold War

Fighting to Lose John Bryden, 2014-04-19 Startling new revelations about collaboration between the Allies and the German Secret Service Based on extensive primary source research John Bryden's *Fighting to Lose* presents compelling evidence that the German intelligence service the Abwehr undertook to rescue Britain from certain defeat in 1941 Recently opened secret intelligence files indicate that the famed British double cross or double agent system was in fact a German triple cross system These files also reveal that British intelligence secretly appealed to the Abwehr for help during the war and that the Abwehr's chief Admiral Canaris responded by providing Churchill with the ammunition needed in order to persuade Roosevelt to lure the Japanese into attacking Pearl Harbor These findings and others like them make John Bryden's *Fighting to Lose* one of the most fascinating books about World War II to be published for many years

Firestorm Stephen Prince, 2009 It was believed that September 11th would make certain kinds of films obsolete such as action thrillers crackling with explosions or high casualty blockbusters where the hero escapes unscathed While the production of these films did ebb the full impact of the attacks on Hollywood's creative output is still taking shape Did 9 11 force filmmakers and screenwriters to find new methods of storytelling What kinds of movies have been made in response to 9 11 and are they factual Is it even possible to practice poetic license with such a devastating broadly felt tragedy Stephen Prince is the first scholar to trace the effect of 9 11 on the making of American film

From documentaries like Fahrenheit 9/11 2004 to zombie flicks and from fictional narratives such as The Kingdom 2007 to Mike Nichols's Charlie Wilson's War 2007 Prince evaluates the extent to which filmmakers have exploited explained understood or interpreted the attacks and the Iraq War that followed including incidents at Abu Ghraib He begins with pre 9/11 depictions of terrorism such as Alfred Hitchcock's Sabotage 1936 and follows with studio and independent films that directly respond to 9/11 He considers documentary portraits and conspiracy films as well as serial television shows most notably Fox's 24 and made for TV movies that re-present the attacks in a broader more intimate way Ultimately Prince finds that in these triumphs and failures an exciting new era of American filmmaking has taken shape It's Only a Movie Charlotte Chandler, 2006-03-01 North by Northwest Psycho Rear Window The Birds Vertigo When it comes to murder and mayhem shock and suspense the films of Alfred Hitchcock can not be surpassed For this book Charlotte Chandler interviewed Hitchcock his wife daughter film crew members and many of the stars who appeared in his films including Kim Novak Janet Leigh Cary Grant Tippi Hedren and James Stewart Throughout the book Chandler shares Hitchcock's wit and wisdom When actors took themselves too seriously he would remind them it's only a movie Chandler introduces us to the real Hitchcock a devoted family man and notorious practical joker who made suspenseful thrillers mixed with subtle humor and tacit eroticism It's Only a Movie is the best book ever written about my father It really is amazing Patricia Hitchcock
