**The Rise and Fall of the English Christendom** Bruce Kaye, 2017-11-06 English Christendom has never been a static entity. Evangelism, politics, conflict, and cultural changes have constantly and consistently developed it into myriad forms across the world. However, in recent times, that development has seemingly become a general decline. This book utilises the motif of Christendom to illuminate the pedigree of Anglican Christianity, allowing a vital and persistent dynamic in Christianity, namely the relationship between the sacred and the mundane, to be more fundamentally explored. Each chapter seeks to unpack a particular historical moment in which the relations of sacred and mundane are on display. Beginning with the work of Bede, before focusing on the Anglo-Norman settlement of England, the Tudor period, and the establishment of the church in the American and Australian colonies, Anglicanism is shown to consistently be a religious-political tradition. This approach opens up a different set of categories for the study of contemporary Anglicanism and its debates about the notion of the church. It also opens up fresh ways of looking at religious conflict in the modern world and within Christianity. This is a fresh exploration of a major facet of Western religious culture. As such, it will be of significant interest to scholars working in Religious History and Anglican Studies, as well as theologians with an interest in Western Ecclesiology.

**Masters of Preaching** Ray E. Atwood, 2013-12-19 Who were Catholicism's greatest orators? What was the key to their effectiveness? Was it mere scholastic ability or spiritual inspiration? The answer is both. In this follow-up work, Father Ray E. Atwood examines the lives, theologies, and preaching examples of the Church's greatest preachers. This book tells the story in biographical form of Catholic preaching from the Old Testament through today, concluding with the homilies of Benedict XVI. **Masters of Preaching** takes the reader around the world in search of homiletic gems. Readers will learn about the stories of familiar figures such as Saint Gregory the Great and less familiar figures such as Monsignor Francis Friedl. Readers will also discover how these men moved their congregations to deeper faith and greater understanding of the mysteries of salvation. Two appendices at the end of the book serve as a terrific resource for those looking for practical illustrations of lectionary themes. This book is an excellent resource for anyone interested in the subjects of public speaking and Church history.

**The Christian Roots of Individualism** Maureen P. Heath, 2019-11-28 The modern West has made the focus on individuality, individual freedom, and self-identity central to its self-definition, and these concepts have been crucially shaped by Christianity. This book surveys how the birth of the Christian worldview affected the evolution of individualism in Western culture as a cultural meme. Applying a biological metaphor and Richard Dawkins' definition of a meme, this work argues the advent of individualism was not a sudden innovation of the Renaissance or the Enlightenment, but a long evolution with characteristic traits. This evolution can be mapped using profiles of individuals in different historical eras who contributed to the modern notion of individualism. Utilizing excerpts from original works from Augustine to Nietzsche, a compelling narrative arises from the slow but steady evolution of the modern self. The central argument is that Christianity, with its characteristic inwardness, was fundamental in

the development of a sense of self as it affirmed the importance of the everyday man and everyday life      **The Poetics of Conversion in Early Modern English Literature** Molly Murray, 2009-10-15 This book considers the poetry written by converts between Catholic and Protestant churches within post Reformation England      **Shakespeare and Carnival** R. Knowles, 1998-05-11 This collection of essays is the first to reassess a range of Shakespeare's plays in relation to carnivalesque theory Contributors re historicize the carnivalesque in different ways offering both a developed application or critique of Bakhtin's thought      **Jealousy of Trade** Istvan Hont, 2005-08-31 The author focuses on Adam Smith and his contemporaries who pondered these issues particularly the nature and development of commercial society They attempted to come to terms with the claim that on the one hand the market was a decisive element in economic progress and on the other that its workings depended upon the release of the immoral desires of fallen men and that its consequences were socially and politically destabilizing Hont reconstructs the salient features of this controversy between the proponents of market sociability and its most trenchant critics In doing so he has helped to locate historically the most important arguments at the heart of the emergence of modernity Jacket      [The Guardian Index](#) , 2000      **William Perkins and the Making of a Protestant England** William Brown Patterson, 2014 William Perkins and the Making of Protestant England presents a new interpretation of the theology and historical significance of William Perkins 1558 1602 a prominent Cambridge scholar and teacher during the reign of Queen Elizabeth I Though often described as a Puritan W B Patterson argues that Perkins was in fact a prominent and effective apologist for the established church whose contributions to English religious thought had an immense influence on an English Protestant culture that endured well into modern times The English Reformation is shown to be a part of the European wide Reformation and Perkins himself a leading Reformed theologian In A Reformed Catholike 1597 Perkins distinguished the theology upheld in the English Church from that of the Roman Catholic Church while at the same time showing the considerable extent to which the two churches shared common concerns His books dealt extensively with the nature of salvation and the need to follow a moral way of life Perkins wrote pioneering works on conscience and practical divinity In The Arte of Prophecyng 1607 he provided preachers with a guidebook to the study of the Bible and their oral presentation of its teachings He dealt boldly and in down to earth terms with the need to achieve social justice in an era of severe economic distress Perkins is shown to have been instrumental to the making of a Protestant England and to have contributed significantly to the development of the religious culture not only of Britain but also of a broad range of countries on the Continent      **Chambers's Encyclopaedia** David Patrick, William Geddie, 1923      **Politics and Aesthetics in European Baroque and Classicist Tragedy** Jan Bloemendal, Nigel Smith, 2016-08-01 Politics and Aesthetics in European Baroque and Classicist Tragedy is a volume of essays investigating European tragedy in the seventeenth century comparing Shakespeare Vondel Gryphius Racine and several other vernacular tragedians together with consideration of neo Latin dramas by Jesuits and other playwrights To what extent were similar themes plots structures and styles elaborated How is

difference as well as similarity to be accounted for European drama is beginning to be considered outside of the singular vernacular frameworks in which it has been largely confined as instanced in the conferences and volumes of essays held in the Universities of Munich and Berlin 2010 12 but up to date secondary material is sparse and difficult to obtain This volume intends to help remedy that deficit by addressing the drama in a full political religious legal and social context and by considering the plays as interventions in those contexts Contributors are Christian Biet Jan Bloemendal Helmer J Helmers Blair Hoxby Sarah M Knight Tatiana Korneeva Frans Willem Korsten Joel B Lande Russell J Leo Howard B Norland Kirill Ospovat James A Parente Jr Freya Sierhuis Nienke Tjoelker and Emily Vasiliauskas     *The New Beacon* ,1976     *A New English Dictionary on Historical Principles* Sir William Alexander Craigie, Charles Talbut Onions, 1933     **The Catholic Periodical and Literature Index** ,2006     *The Spectator* ,1898 A weekly review of politics literature theology and art     **Religion Index One** ,1989     *Index to Religious Periodical Literature* American Theological Library Association, 1975     *Index to Book Reviews in Religion* ,1999     *Great Events from History* Christina J.
