Jochem M.S. M.A., 2018-08-10 This is book 2 of my sermon outline series and as in book 1 I would like to share just a very few of the sermons that the Holy Spirit has given me for my church These outlines will be of great value to pastors preachers teachers small group leaders and to anyone who would use them for personal devotions or meditations I am sure that you will find the insights and truths outlined in this book to be useful in reaching both the church and unchurched in your community Remember that these are sermon outlines and you will need to fill them in with the message that God is giving you for your church Bible study group or home group **The Golden Triangle** Arthur Asa Berger, 2017-07-05 This book offers a semiotically informed ethnographic study of contemporary culture in Rajasthan and India It adapts the methodology of analyzing cultures found in Roland Barthes semiotic portrait of Japanese culture Empire of Signs but adds an analysis of lifestyles as explicated in the work of social anthropologist Mary Douglas political scientist Aaron Wildavsky and a number of other social scientists This manuscript is at first a guide to Rajasthan and India and it is that but it is also more in that it considers tourism from both an anthropological and sociological level Berger begins with statistics on tourism and other aspects of life in Rajasthan and India and then considers how tourism in India compares with tourism in other important tourism destinations He refers to the Imaginary India as the picture created in tourists minds with the help of guidebooks media and the Internet before they actually travel to India He then discusses these representations and how they are actually different from the country itself The trip itself then becomes the search for the authentic India the goal is to find places before they are discovered He calls this Semiotic Rajasthan where the representations are compared to actuality After offering a discussion of semiotic theory it interprets and analyzes a number of important aspects of Rajasthan

and Indian culture such as the Taj Mahal the Palace of Winds in Jaipur the notorious rat temple in Deshnok and sacred cows Lastly he discusses his own trip and how the impact of Rajasthan did not fully register until he returned home This manuscript s strength lies in the author s ability to write in an accessible manner assemble the project in an interesting way and include only that information which will guide the reader along the narrative trail While this manuscript really is a guidebook to Rajasthan it could also serve as a good introduction to ethnography for beginning students and an interested general audience It moves from basic explanations such as that of semiotics to complex applications all with the grace of good story telling     *In India* André Chevrillon,1896
