The title 'THE SACRED BALANCE' is centered in a large, serif font. The word 'THE' is in a dark red color, while 'SACRED' and 'BALANCE' are in a dark blue color. Below the title, the words 'REDISCOVERING', 'OUR PLACE IN', and 'NATURE' are written in a smaller, dark red, sans-serif font. At the bottom, the author's name 'DAVID SUZUKI' is written in a large, dark blue, serif font. Below it, 'WITH AMANDA MCCONNELL' is written in a smaller, dark red, sans-serif font. The background is decorated with various geometric diagrams, including circles, spheres, and polyhedrons, some of which are labeled with letters. A large, detailed diagram of a sphere with intersecting lines is prominent in the lower right. A small, detailed drawing of a nautilus shell is located at the bottom center. Two smaller polyhedrons are at the bottom left. A faint, stylized drawing of a scorpion is visible in the lower right, partially obscured by the sphere diagram. The overall design is a blend of scientific and artistic elements, reflecting the book's theme of understanding our place in nature through science and philosophy.

Energy Humanities Imre Szeman, Dominic Boyer, 2017-04-22 Energy humanities is a field of scholarship that like medical humanities and digital humanities before it overcomes traditional boundaries between the disciplines and between academic and applied research Like its predecessors energy humanities highlights the essential contribution that the insights and methods of the human sciences can make to areas of study and analysis once thought best left to the natural sciences This isn't a case of the humanities simply helping their cross campus colleagues to learn the mechanics of communication so that they might better articulate their ideas Rather these fields of scholarship are ones that demonstrate how the scale and complexity of the issues being explored demand insights and approaches that transcend old school disciplinary boundaries

Energy Humanities A Reader offers a carefully curated selection of the best and most influential work in energy humanities that has appeared over the past decade To stay true to the diverse work that makes up this emergent field selections range from anthropology and geography to philosophy history and cultural studies to recent energy focused interventions in art and literature The three readers all agree that this is an important ground breaking collection of work Provided by publisher

The Sustainability Mindset Principles Isabel Rimanoczy,2020-11-29 As we increase our awareness of the planetary challenges and how they intersect with the discipline or profession we choose to focus on we have put our attention on the external forces and impacts What remains untouched however is the set of beliefs values assumptions mental processes and paradigms that we hold and share our mindset But how do we change a mindset This book is the first to introduce the 12 Principles for a Sustainability Mindset presenting educators with a framework that makes it easy to include them into teaching plans and lessons of any discipline Written in a very clear and practical way the book provides examples checklists tips and tools for professionals and educators It transforms the development of a much needed mindset for sustainability into an accessible fun and intuitive task The book is written with educators from a variety of disciplines in mind including but not limited to management educators coaches and trainers No other book comes close to providing such a well organized and solid way of starting to shift our mindsets in the direction of sustainability Lens to the Natural World Kenneth H. Olson,2011-12-08 This book straddles the fertile middle ground between science and religion at a time when the conversation is dominated by extremists on both sides Taking seriously the modern view of the universe including the fossil record for the history of life across millions of years the author considers our relationship to the rest of nature In addition the age old questions concerning meaning values and our place within it all are perhaps more pressing than ever before This work provides a broad engagement with major ideas including evolution and earth stewardship while drawing upon a rich heritage of philosophy and literature and doing so in a manner accessible to the general reader **Post-Traumatic Public**

Theology Stephanie N. Arel,Shelly Rambo,2016-11-02 This book imagines new modes of religious response to trauma moving beyond simple answers to the why of human suffering toward discussions of profound expressions of faith in the aftermath of trauma Engaging current realities such as war race and climate change chapters feature specific locations from which theology is done and draw on the resources of Christian faith in order to respond This volume recognizes religious leaders as first responders to trauma and offers theological reflections that can stand up in the current realities of violence and its aftermath The writings provide models for how to integrate the language of faith with the literature of trauma

Christianity and Ecological Theology E. M. Conradie,2006-10-01 There has been a proliferation of publications in the field of Christian ecological theology over the last three decades or so These include a number of recent edited volumes each covering a range of topics and consolidating many of the emerging insights in ecological theology The call for Christian churches to respond to the environmental crisis has been reiterated numerous times in this vast corpus of literature also in

Diaspora and Ecology in Canadian Literary Studies is the third volume of essays produced as part of the TransCanada conferences project The essays gathered in Critical Collaborations constitute a call for collaboration and kinship across disciplinary political institutional and community borders They are tied together through a simultaneous call for resistance to Eurocentrism corporatization rationalism and the fantasy of total systems of knowledge and a call for critical collaborations These collaborations seek to forge connections without perceived identity linking concepts and communities without violating the differences that constitute them seeking epistemic kinships while maintaining a willingness to not know In this way they form a critical conversation between seemingly distinct areas and demonstrate fundamental allegiances between diasporic and indigenous scholarship transnational and local knowledges legal and eco critical methodologies Links are forged between Indigenous knowledge and ecological and social justice creative critical reading and ambidextrous epistemologies unmaking the nation through translocalism and unsettling histories of colonial complicity through a poetics of relation

Together these essays reveal how the critical methodologies brought to bear on literary studies can both challenge and exceed disciplinary structures presenting new forms of strategic transdisciplinarity that expand the possibilities of Canadian literary studies while also emphasizing humility complicity and the limits of knowledge

The Top Books of the Year Sacred Balance Rediscovering Our Place In Nature The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Sacred Balance Rediscovering Our Place In Nature : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Pappen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
