*Encounter Jesus!* Peter M. Doane, 2019-12-02 His Eminence Robert Cardinal Sarah prefect of the Congregation for Divine Worship and the Discipline of the Sacraments recently commented on the fire at Notre Dame cathedral He said the Church is only of interest because she allows us to encounter Jesus She is only legitimate because she passes on Revelation to us When the Church becomes overburdened with human structures it obstructs the light of God

shining out in her and through her The Church should be like a cathedral Everything in Her should sing to the glory of God She must unceasingly direct our gaze toward him like the spire of Notre Dame pointed toward heaven Encounter Jesus Transforming Catholic Culture in Crisis is a call to rebuild a Catholic culture that has wandered from her spiritual root system In the West and the United States the light that shined starting in the Acts of the Apostles has become dim and in some places extinguished The specifics to what apostolic spirituality embodies will convict challenge and call the clergy consecrated religious and laity to take seriously what it means to be a catholic Christian Just as architects design the rebuilding of the Notre Dame Cathedral may this book serve as a blueprint for transformation in the culture of the church

**The Holy Spirit as Space for the Living** George C. Evans, 2023-09-08 In *The Holy Spirit as Space for the Living* George Evans recognizes the significance of the Spirit in pneumatology within the New Testament emphasizing the Spirit's indwelling presence as a person However Evans notes that the functional aspect of the Spirit as the presence of God is often overlooked The Spirit not only gives life *ruah* but also creates space for individuals to live and thrive This spatial understanding suggests that the Spirit constructs a unique space for born again believers to inhabit leading to self awareness and a transformed lifeworld Evans adopts a spatial hermeneutic drawing inspiration from Jesus's encounter with Nicodemus to explore different spatial productions and their connection to the experience of being reborn within the space of the Spirit Through this approach he develops a concept of Christian spatiality that expands our theological understanding and highlights space as a construct shaped by the Spirit By considering the role of the Spirit in creating and shaping our lived experience Evans unveils a deeper understanding of the transformative power of the Spirit and its impact on our spiritual journey

Escobar, 2009-03-03 As discipleship demands new perspectives and priorities these homilies articulate relationships in a variety of settings images and lifestyles of being in the world with others Though they help us understand the presence of God in our lives living with our own mystery and spirituality becomes like a dependable compass that is always there to guide us God sees what is in each human heart and we give ourselves the space and the time to nourish it with the mystery of his love for us It is our road map as we walk by faith and not by sight alone Jesus life teaching and ministry in a particular place time and culture have great significance to our journey as far as our mission is concerned He identifies himself with the people across cultures and he enters into solidarity with those in need St Augustine once said Faith is to believe what we do not see and the reward of this faith is to see what we believe We may not know where our journey takes us because there is not much of a plan but it is our faith that sustains us to complete a journey through thick and thin It provides us with the opportunity to let the mind wander and watch and listen to God in prayer Hence whether it is a daily walk or the journey through daily life these homilies are offered to help us continue with confidence with enthusiasm to move on and in every sense be men and women of the Gospel After all as the late Mother Teresa of Calcutta once wrote We cannot all do great things but can do small things with great love
