## **Sacred Gaia Holistic Theology And Earth System Science:**

Sacred Gaia Anne Primavesi, 2002-09-11 Gaia the scientific theory founded by James Lovelock in 1979 embraces the earth as a whole dynamic entity whose sum is always larger than its parts While science and theology are often seen as contraries which negate or dilute one another Gaia theory harmonizes both systems of thought Sacred Gaia cogently describes Gaia theory s analysis of human and earthly evolution Anne Primavesi s remarkable effortlessly coherent book helps us to recognize the sacredness of our origins and our responsibility for the future

**Bonhoeffer's Christocentric Theology and Fundamental Debates in Environmental Ethics** Steven C. van den Heuvel, 2017-05-04 There is widespread understanding of the close connection between religion and the ecological crisis and that in order to amend this crisis theological resources are needed This monograph seeks to contribute to this endeavor by engaging the theology of Dietrich Bonhoeffer His theology is particularly suitable in this context due to its open ended nature and to the prophetic and radical nature of the questions he was prepared to ask that is why there are many other attempts to contextualize Bonhoeffer s theology in areas that he himself has not directly written about In this monograph Steven van den Heuvel first of all addresses the question of how to translate Bonhoeffer s theology in a methodologically sound way He settles on a modified form of the general method of correlation Then secondly van den Heuvel sets out to describe five major concepts in Bonhoeffer s work bringing these into critical interplay with discussions in environmental ethics and eco theology In making the correlations he thoroughly describes each concept situating it in the historic and intellectual background of Bonhoeffer s time He then transposes these concepts to contemporary environmental ethics describing what contribution Bonhoeffer s theology can make

**A Non-Philosophical Theory of Nature** A. Smith, 2013-07-18 Utilizing Fran ois Laruelle s non philosophical method Smith constructs a unified theory of philosophical theology and ecology by challenging environmental philosophy and theology claiming that and engagement with scientific ecology can radically change the standard metaphysics of nature as well as ethical problems related to the natural

*Science in Civil Society* John Ziman, 2016-09-22 These days science is everywhere It pervades our whole society Sometimes it is just a clutter of commonplace frivolities like new fashion fabrics Sometimes it miraculously preserves our life like penicillin Sometimes like climate change it looms over us as a portent of doom sometimes it promises a way of escape from such a fate Sometimes like a nuclear warhead it enshrouds us in political terror sometimes like a verification technology it offers an antidote to such evils How should we respond to this ambiguous and ubiquitous thing called science

**Post-Christian Feminisms** Lisa Isherwood, 2016-04-08 This book explores the impact and contribution of post theories in the field of Christian feminist theology Post theory is an important and cutting edge discursive field which has revolutionized the production of knowledge in both feminism and theology This book fills a gap by providing a text that can make authoritative statements on the use and status of post theory in feminist theology and secondly it makes an on going contribution to the discourse of Christian feminist theology and its liberation

agenda Distinguished and established scholars contribute conclusive essays on the most recent and exciting developments in post theory feminism and theology

**The Oxford Handbook of Natural Theology** Russell Re Manning,2013-01-17 The Oxford Handbook of Natural Theology is the first collection to consider the full breadth of natural theology from both historical and contemporary perspectives and to bring together leading scholars to offer accessible high level accounts of the major themes The volume embodies and develops the recent revival of interest in natural theology as a topic of serious critical engagement Frequently misunderstood or polemicized natural theology is an under studied yet persistent and pervasive presence throughout the history of thought about ultimate reality from the classical Greek theology of the philosophers to twenty first century debates in science and religion Of interest to students and scholars from a wide range of disciplines this authoritative handbook draws on the very best of contemporary scholarship to present a critical overview of the subject area Thirty eight new essays trace the transformations of natural theology in different historical and religious contexts the place of natural theology in different philosophical traditions and diverse scientific disciplines and the various cultural and aesthetic approaches to natural theology to reveal a rich seam of multi faceted theological reflection rooted in human nature and the environments within which we find ourselves

**Religion and Science Fiction** James F McGrath,2012-09-27 This multidisciplinary book focuses on the intersection between religion and science fiction Several perspectives are addressed by scholars from different disciplines theology literature history music and anthropology From Frankenstein by way of Christian apocalyptic to Star Wars Star Trek Battlestar Galactica and much more and from the United States to China and back again the authors who contribute to this volume serve as guides in the exploration of religion and science fiction as a multifaceted multidisciplinary and multicultural phenomenon

*A Primer in Ecotheology* Celia E. Deane-Drummond,2017-09-22 This book serves as an introduction to the burgeoning field of ecotheology illustrating both its variety and its commonality across different Christian theological divides Some of the questions addressed in this short book include the following How can the Bible still make sense in the context of climate change and biodiversity loss Who on earth is Jesus Christ and what does he mean for us in today s world How can Christians be faithful to their traditions while responding to pressing calls to be engaged in environmental activism What is the relationship between theory and practice and local as well as global demands and how is this relationship expressed in different ecclesial settings How can we encourage each other to develop a sense of the earth as divine gift Written in clear accessible style this book walks readers through difficult concepts and shows the way different sources in Christian theology have responded to one of the most significant cultural issues of our time

**Feminist Thought** Rosemarie Tong,Tina Fernandes Botts,2024-07-19 A classic resource on feminist theory this updated sixth edition of Feminist Thought A More Comprehensive Introduction offers a clear comprehensive and incisive introduction to the major traditions of feminist theory This new edition explores in detail the wide spectrum of feminist thought from liberal feminism radical feminism Marxist and socialist feminisms women of color

**A Cultural History of Climate Change** Tom Bristow, Thomas H. Ford, 2016-04-20 Charting innovative directions in the environmental humanities this book examines the cultural history of climate change under three broad headings history writing and politics Climate change compels us to rethink many of our traditional means of historical understanding and demands new ways of relating human knowledge action and representations to the dimensions of geological and evolutionary time To address these challenges this book positions our present moment of climatic knowledge within much longer histories of climatic experience Only in light of these histories it argues can we properly understand what climate means today across an array of discursive domains from politics literature and law to neighbourly conversation Its chapters identify turning points and experiments in the construction of climates and of atmospheres of sensation They examine how contemporary ecological thought has repoliticised the representation of nature and detail vital aspects of the history and prehistory of our climatic modernity This ground breaking text will be of great interest to researchers and postgraduate students in environmental history environmental governance history of ideas and science literature and eco criticism political theory cultural theory as well as all general readers interested in climate change

Postcolonial Politics and Theology Kwok Pui-lan, 2021-12-07 Postcolonial Politics and Theology seeks to reform and reimagine the field of political theology uprooting it from the colonial soil using the comparative lenses of postcolonial politics and theology to bring attention to the realities of the Global South Kwok Pui lan traces the history of the political impacts of Western theological development especially developments in the U S context and the need to shift these interlocking fields toward non Western traditions in theory and practice A special focus of the book is on the changing sociopolitical realities of American Empire and Sino American competition illustrated in Donald Trump s slogan of Make America Great Again and Xi Jinping s hope for a China Dream The shifting of U S and Asian relationships highlights the need to move our theological and political categories away from a vision of strongman domination and toward a postmodern postcolonial and transnational world especially exemplified in the Asia Pacific context Throughout Kwok overturns the idea of centering one cultural framework and marginalizing others in favor of living into a multiplicity of deeply contextual theologies She explores how these theologies are being developed in global postcolonial contexts through struggles for democracy and civil disobedience in Hong Kong by efforts to reclaim selfhood and sexual identity from exploitative colonial desire through the work of interreligious solidarity and peacebuilding and in the practice of earth care in

the face of ecological crisis      *The Wiley Blackwell Companion to Religion and Ecology* John Hart, 2017-03-24 In the face of the current environmental crisis which clearly has moral and spiritual dimensions members of all the world's faiths have come to recognize the critical importance of religion's relationship to ecology *The Wiley Blackwell Companion to Religion and Ecology* offers a comprehensive overview of the history and the latest developments in religious engagement with environmental issues throughout the world Newly commissioned essays from noted scholars of diverse faiths and scientific traditions present the most cutting edge thinking on religion's relationship to the environment Initial readings explore the ways traditional concepts of nature in Christianity Judaism Islam Buddhism and other religious traditions have been shaped by the environmental crisis Readings then address the changing nature of theology and religious thought in response to the challenges of protecting the environment Various conceptual issues and themes that transcend individual traditions climate change bio ethics social justice ecofeminism and more are then analyzed before a final section examines some of the immediate challenges we face in caring for the Earth while looking to the future of religious environmentalism Timely and thought provoking *Companion to Religion and Ecology* offers illuminating insights into the role of religion in the ongoing struggle to secure the future well being of our natural world With a foreword by Ecumenical Patriarch Bartholomew I and an Afterword by John Cobb      *Reinterpreting the Eucharist* Anne F. Elvey, Carol Hogan, Kim Power, Claire Renkin, 2014-10-14 The Eucharist continues to be central to contemporary Christian religious tradition and to be the focus for a wide range of assumptions and disputes Chief amongst these disputes is the role of women in the theology and the ritual of the Eucharist *Reinterpreting the Eucharist* brings together a diverse range of voices with each using their own marginalized experience to explore other ways indigenous culture medieval and contemporary art social history and environmental ethics of engaging with the Eucharist Presenting new forms of theological and ethical engagement the book responds to the challenge of reconsidering the meaning of the Eucharist today      **Climate, Culture, Change** Timothy B. Leduc, 2011-02-21 Every day brings new headlines about climate change as politicians debate how to respond scientists offer new data and skeptics critique the validity of the research To step outside these scientific and political debates Timothy Leduc engages with various Inuit understandings of northern climate change What he learns is that today's climate changes are not only affecting our environments but also our cultures By focusing on the changes currently occurring in the north he highlights the challenges being posed to Western climate research Canadian politics and traditional Inuit knowledge *Climate Culture Change* sheds light on the cultural challenges posed by northern warming and proposes an intercultural response that is demonstrated by the blending of Inuit and Western perspectives      **New SCM Dictionary of Christian Spirituality** Philip Sheldrake, 2013-05-20 This dictionary attempts to give direct access to the development of Christian Spirituality It is a series of pieces written by experts to provide instant accurate and thought provoking information of high scholarship      Religion in the Anthropocene Celia Deane-Drummond, Sigurd Bergmann, Markus Vogt, 2018-01-01 *Religion in the Anthropocene* charts a

new direction in humanities scholarship through serious engagement with the geopolitical concept of the Anthropocene Drawing on religious studies theology social science history philosophy and what can be broadly termed as environmental humanities this collection represents a groundbreaking critical analysis of diverse narratives on the Anthropocene The contributors to this volume recognize that the Anthropocene began as a geological concept the age of the humans but that its implications are much wider than this Does the Anthropocene idea challenge the possibility of a sacred Nature or is it a secularized theological anthropology more properly dealt with through traditional concepts from Roman Catholic social teaching on human ecology Not all contributors to this volume agree about the answers to these and many more different questions Readers will be challenged provoked and stimulated by this book **The Ethics of Nature** Celia

Deane-Drummond,2008-04-15 This accessible and timely book uses a Christian perspective to explore ethical debates about nature A detailed exploration of humanity s treatment of the natural world from a Christian perspective Covers a range of ethical debates including current controversies about the environment animal rights biotechnology consciousness and cloning Sets the immediate issues in the context of underlying theological and philosophical assumptions Complex scientific issues are explained in clear student friendly language The author develops her own distinctive ethical approach centred on the practice of wisdom Discusses key figures in the field including Peter Singer Aldo Leopold Tom Regan Andrew Linzey James Lovelock Anne Primavesi Rosemary Radford Ruether and Michael Northcott The author has held academic posts in both theology and plant science *Convergent Knowing* Simon Appolloni,2018-11-16 Global environmental destruction

growing inequality and the persistent poverty afflicting the majority of humans on the planet challenge Christian theorists theologians and ethicists in their pursuit of an ethical vision that is both environmentally sustainable and just for all of creation Too often their visions which start with traditional understandings of the Christian faith prevalent approaches to science or current ethical models are inadequate In *Convergent Knowing* Simon Appolloni proposes a new framework for ethical deliberation in which the epistemological lines between religion and science are somewhat blurred This framework opens up avenues to explore new paradigms for Christianity science and liberation while addressing interrelated questions not always manifest within the religion science and ethics debates what kind of ethics what kind of science and what kind of Christianity do we need today and tomorrow when the liberation of countless subjects of creation is at stake Exploring and analyzing the work of Rosemary Radford Ruether Leonardo Boff Diarmuid O Murchu and Thomas Berry four Christian ethical thinkers who have borrowed from the natural sciences to unite a liberationist agenda with an environmental ethic *Convergent Knowing* assists Christian thinkers struggling to integrate science environment liberation and their faith

*Science, Society and Sustainability* Donald Gray,Laura Colucci-Gray,Elena Camino,2010-09-28 Drawing on experiences of interdisciplinary dialogue and practice in a higher education context this book illustrates how reformulating the agenda in science and technology can have a revolutionary impact on learning and teaching in the classroom at all levels **Myth**

Lets delve into the realm of popular books, exploring the fascinating narratives that have captivated audiences this year. Sacred Gaia Holistic Theology And Earth System Science : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Sacred Gaia Holistic Theology And Earth System Science : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Sacred Gaia Holistic Theology And Earth System Science : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
