The chapters assembled here document and analyze personal names and naming practices in a slew of African societies on the geographically vast and ethnically diverse continent, including contributions on the naming practices in Angola, Cameroon, Ethiopia, Ghana, Kenya, Namibia, Nigeria, South Africa, and Uganda. The contributors to this anthology are scholars from different African language communities who investigate names and naming practices diachronically. Taken together, their work offers a comparative focus that juxtaposes different African cultures and reveals the historical and epistemic significance of given names. **Imagining Geronimo** William M. Clements, 2013-04-30 His face has appeared on T-shirts, postage stamps, jigsaw puzzles, posters, and an Andy Warhol print. A celebrity and a tourist attraction who attended three World's Fairs and rode in President Theodore Roosevelt's inaugural parade, he is a character in such classic westerns as *Stagecoach* and *Broken Arrow*. His name was used in the daring military operation that killed Osama bin Laden in 2011, and rumors about the location of his skull at a Yale University club have circulated for a century. These are just a few of the ways that the Apache shaman and war leader known to Anglo-Americans as Geronimo has remained alive in the mainstream American imagination, and beyond. Clements's study samples the repertoire of Geronimo stories and examines Americans' changing sense of Geronimo in terms of traditional patterns, trickster

social bandit patriot chief sage elder and culture hero He looks at the ways in which Geronimo tried with mixed results to maintain control of his own image during more than twenty years in which he was a prisoner of war Also examined are Geronimo s ostensible conversion to Christianity and his image in photography and literature **Blessing the World** Derek A. Rivard,2009 Blessings were an integral and vital element of medieval Christian life and worship Benedictions for homes and workplaces the knight and the pilgrim the city under siege and the fetus in the womb are but a small sample of the multitudinous and fascinating extra sacramental blessings that fill the leaves of the liturgical books of the medieval Latin Church While commonly acknowledged as a crucial element in the life of medieval people the meaning and importance of these blessings for their authors and audiences have been frequently overlooked by liturgical and historical scholarship which has focused instead on the textual transmission and long term changes in the blessings and the rituals surrounding them This present work corrects this omission by examining these blessings with modern eyes and a new methodology In *Blessing the World* Derek A Rivard studies liturgical blessing and its role in the religious life of Christians during the central and later Middle Ages with a particular focus on the blessings of the Franco Roman liturgical tradition from the tenth to late thirteenth centuries Through a careful and extensive study of more than ninety such blessings many of them translated for the first time and accessible to a readership beyond specialists in medieval liturgy the author argues that medieval blessings were composed as a direct response to the needs anxieties beliefs and fears of the laity and therefore these texts represent a rich and largely untapped source for the study of lay piety and of ritual in medieval Europe Effectively drawing upon anthropology ritual studies the phenomenology of religion and traditional textual study Rivard explores the rich themes of medieval piety that flow throughout the blessings in order to produce a new understanding of the blessing as an attempt to tap the power of the sacred for use in daily life Benedictions for spaces places persons items and events are each studied in turn to produce this new understanding of these blessings and in the process these petitions and rituals reveal much about larger issues of medieval people s cosmology their perceived role in their cosmos their conceptions of God and their connections to the divine and to the spiritual powers of God s creation ABOUT THE AUTHOR Derek A Rivard is associate professor of history at Cottey College PRAISE FOR THE BOOK *Blessing the World* analyzes the texts of dozens of these blessings in order to explore how medieval Christians conceived of God and their own place within sacred history This textual focus is the book s strength and the author provides English translations of blessings from the tenth to the sixteenth centuries including the original Latin in footnotes thereby making available to readers a rich source of these materials Kathleen Kamerick *The Medieval Review* Rivard s study of medieval blessing rituals sheds helpful light on the ways that medieval churchmen and their flocks viewed their relationship to God to nature and to their society James A Brundage *Church History* [Unleashing the Power of Intercessory Prayer](#) Joseph Hollcraft,2020-09-10 This inspiring book walks you through nine key steps to boosting your intercessory prayer s power and efficacy **Scarlet Magic** Max Ivanova, Discover

*The Gospel of Matthew, vol. 1* Walter T. Wilson,2022-11-29 What was the original purpose of the Gospel of Matthew For whom was it written In this magisterial two volume commentary Walter Wilson interprets Matthew as a catechetical work that expresses the ideological and institutional concerns of a faction of disaffected Jewish followers of Jesus in the late first century CE Wilson s compelling thesis frames Matthew s Gospel as not only a continuation of the biblical story but also as a didactic narrative intended to shape the commitments and identity of a particular group that saw itself as a beleaguered dissident minority Thus the text clarifies Jesus s essential Jewish character as the Son of David while also portraying him in opposition to prominent religious leaders of his day most notably the Pharisees and open to cordial association with non Jews Through meticulous engagement with the Greek text of the Gospel as well as relevant primary sources and secondary literature Wilson offers a wealth of insight into the first book of the New Testament After an introduction exploring the background of the text its genre and literary features and its theological orientation Wilson explicates each passage of the Gospel with thorough commentary on the intended message to first century readers about topics like morality liturgy mission group discipline and eschatology Scholars students pastors and all readers interested in what makes the Gospel of Matthew distinctive among the Synoptics will appreciate and benefit from Wilson s deep contextualization of the text informed by his years of studying the New Testament and Christian origins

*For Us and for Our Salvation* Robert E. Schmitz,2025-05-05 A renewal of pastoral theology is required to address the growing disconnect between the proclamation of the way of Jesus Christ and the lives of contemporary believers Pastoral ministers need to explore a dimension of the truth called performatory truth This dimension inspires life construction It must glean from the revelation what faith does to believers for believers and in believers the functions of faith Upon reflection on performatory truth and the functions of faith this work experiments with the propositions of the Nicene Creed to find a life constructing dimension How does belief in one God help define human relations How does the Incarnation help value the human How does Father Almighty bring believers to a Christian form of power and authority What does it mean when the Lord calls believers to take up the cross How can one

imagine life in the Father in Son in the Holy Spirit in the church This reconnection of the Christian truth with contemporary life will assist preachers and teachers and inspire believers to live the Lord s way even in these strange times
