**Understanding Religious Experiences** J. Harold Ellens, 2007-11-30 Today most people feel less interested in religion and more interested in spirituality If you ask what they mean they will tell you that organized religion tends to turn them off but nonetheless they feel a hunger in the heart that they cannot seem to fill They do not mean that they would rather have disorganized religion they mean that institutional religion does not seem to satisfy their spirits and feel there must be something more some better way of experiencing whatever that is for which they are hungry Much new experimentation is going on as a result Some of it is a search for the meaning to fill the soul and satisfy the spirit much

of it is a search for meaning on the spiritual level itself Spirituality reaches always toward the question about the meaning of God the meaning of relationships with others the meaning of intimacy and the meaning of soul gratifying insights into truth Here Ellens carefully and sensitively explores the full range of our spiritual natures and the variety of spiritual experiences of which we are capable describing the way our souls and psyches work in our hunger and thirst for meaning He explains in an enlightening and unconventional way why and how every human desires to reflect upon learn and share a heartfelt experience of God and of others Readers will find in this book a description of the meaning of the biblical stories about spiritual experiences in addition to descriptions of the kinds of spiritual experiences that ordinary people are having how they are achieving them and the ways in which they are filling their lives with meaning that goes beyond the horizons of material life The author paints this picture in such a way as to let us in on what biblically based authentic spirituality and spiritual experience really is and why it may or may not necessarily have anything to do with traditional institutionalized religion He carefully and vividly explains the notion of spirituality as it is illustrated in the Bible and discusses spiritual experiences such as prayer epiphany visions and other experiences He considers whether spirituality is mainly a connection with God with others or with both Readers hoping to get a better sense of what it means to be spiritual will have many of their questions answered in these pages

**Sacrifice in Judaism, Christianity, and Islam** David L. Weddle, 2017-09-19

An examination of the practice and philosophy of sacrifice in three religious traditions In the book of Genesis God tests the faith of the Hebrew patriarch Abraham by demanding that he sacrifice the life of his beloved son Isaac Bound by common admiration for Abraham the religious traditions of Judaism Christianity and Islam also promote the practice of giving up human and natural goods to attain religious ideals Each tradition negotiates the moral dilemmas posed by Abraham s story in different ways while retaining the willingness to perform sacrifice as an identifying mark of religious commitment This book considers the way in which Jews Christians and Muslims refer to sacrifice not only as ritual offerings but also as the donation of goods discipline suffering and martyrdom Weddle highlights objections to sacrifice within these traditions as well presenting voices of dissent and protest in the name of ethical duty Sacrifice forfeits concrete goods for abstract benefits a utopian vision of human community thereby sparking conflict with those who do not share the same ideals

Weddle places sacrifice in the larger context of the worldviews of Judaism Christianity and Islam using this nearly universal religious act as a means of examining similarities of practice and differences of meaning among these important world religions This book takes the concept of sacrifice across these three religions and offers a cross cultural approach to understanding its place in history and deep rooted traditions      *Order in Paradox* David Holmberg, 2018-10-18 David H Holmberg here examines the social forms ritual practices and history of a western Tamang community of Himalayan Nepal Exploring the central question of ritual complexity *Order in Paradox* demonstrates how a religious system that contains Buddhist shamanic and sacrificial practices may be understood as a whole Holmberg begins by recounting the history of the Tamang and reexamining the meaning of caste tribe and ethnicity in greater Nepal Holmberg reveals how cultural patterns thought to be uniquely Tamang reflect this people s development of an involuted tribal form of Buddhist religious expression an evolution he interprets as a result in part of the unification of the Nepalese state Holmberg then offers descriptions of the culture mythic imagination and ritual field of the Tamang Exploring both structural and historical dimensions of Tamang rituals Holmberg shows how they form a system linked to a cultural logic of exchange upon which Tamang society is built He also sheds light on the relationship between gender and ritual considering in detail the close association between femaleness and the shamanic in Tamang culture      **Rhetoric and Religious Experience** Lawrence A. Palinkas, 1989-12-01 This is a book about religious rhetoric its cultural foundations and its role in articulating sociocultural change and facilitating psychosocial adaptation to the demands of a new environment It draws its inspiration from the work of F G Bailey Kenneth Burke and James Fernandez and focuses on the ethnography of religious discourse as it relates to Chinese immigrant churches Contents Introduction The Force of Words The Arena of Religious Discourse Orators and Audiences The Public Discourse Two Sermons A Model of Chinese Christian Rhetoric and Its Origins The Chinese Christian World View Church Unity and Social Conflict Personal Disorder and the Quest for Identity Leadership and Religious Authority and Identification and Transformation      **The Varieties of Religious Experience** William James, 1911      **Zoroastrian Rituals in Context** Michael Stausberg, 2004 Rituals play a prominent role in Zoroastrianism one of the oldest religious traditions of mankind In this book scholars from a broad range of disciplines make the first ever collective effort to discuss Zoroastrian rituals in different historical contexts and geographical settings      *If Billy Sunday Comes to Town - Delusion as a Religious Experience?* Cor Arends, 2014 This book explores how religious delusion can be acknowledged as a religious experience In addition the book presents a detailed case study of the life of Presbyterian minister Anton T Boisen 1876 1965 his crises and the religious delusion that brought him to the brink of the abyss after the trauma he experienced during World War I Back cover      **Human Sacrifices at Rome and Other Notes on Roman Religion** James Smith Reid, 1912
