## Seasons In Hell:

**A season in hell** Sir William Howard Russell, 1973      *Seasons in Hell* Charles Nicholl,      **The Muslim-Croat Civil War in Bosnia** Charles R. Shrader, 2003 Although Shrader's work is a detailed meticulous analysis by a neutral expert not everyone will find his conclusions comfortable But every serious student of the conflict in Bosnia will have to take his history into account Enhanced by maps useful appendices and a glossary this should become the standard work on military operations in Central Bosnia and a useful case study of internal warfare and ethnic conflict      *Balkan Genocides* Paul Mojzes, 2011-10-16 During the twentieth century the Balkan Peninsula was affected by three major waves of genocides and ethnic cleansings some of which are still being denied today In *Balkan Genocides* Paul Mojzes provides a balanced and detailed account of these events placing them in their proper historical context and debunking the common misrepresentations and misunderstandings of the genocides themselves A native of Yugoslavia Mojzes offers new insights into the Balkan genocides including a look at the unique role of ethno-religiosity in these horrific events and a characterization of the first and second Balkan wars as mutual genocides Mojzes also looks to the region's future discussing the ongoing trials at the International Criminal Tribunal in Yugoslavia and the prospects for dealing with the lingering issues between Balkan nations and different religions *Balkan Genocides* attempts to end the vicious cycle of revenge which has fueled such horrors in the past century by analyzing the terrible events and how they came to pass      **Parallel Worlds** Adele Logan Alexander, 2010 Chronicles the lives of William Henry Hunt and Ida Alexander Gibbs describing the couple's 1904 wedding and discussing William's career in foreign services and Ida's activism against race and gender inequalities along with the hardships they faced due to their mixed race backgrounds      *Facing Death in Cambodia* Peter Maguire, 2005-03-30 The Khmer Rouge regime took control of Cambodia by force of arms then committed the most brazen crimes since the Third Reich at least 1.5 million people murdered between 1975 and 1979 Yet no individuals were ever tried or punished This book is the story of Peter Maguire's effort to learn how Cambodia's culture of impunity developed why it persists and the failures of the international community to confront the Cambodian genocide Written from a personal and historical perspective *Facing Death in Cambodia* recounts Maguire's growing anguish over the gap between theories of universal justice and political realities Maguire documents the atrocities and the aftermath through personal interviews with victims and perpetrators discussions with international and NGO officials journalistic accounts and government sources gathered during a ten year odyssey in search of answers The book includes a selection of haunting pictures from among the thousands taken at the now infamous Tuol Sleng prison also referred to as S 21 through which at least 14,000 men women and children passed and from which fewer than a dozen emerged alive What he discovered raises troubling questions Was the Cambodian genocide a preview of the genocidal civil wars that would follow in the wake of the Cold War Is international justice an attainable idea or a fiction superimposed over an unbearably dark reality Did issues of political expediency allow

Cambodian leaders to escape prosecution The Khmer Rouge violated the Nuremberg Principles the United Nations Charter the laws of war and the UN Genocide Convention Yet in the decade after the regime s collapse the perpetrators were rescued and rehabilitated even rewarded by China Thailand the United States and the UN According to Peter Maguire Cambodia holds the key to understanding why recent UN interventions throughout the world have failed to prevent atrocities and to enforce treaties

*Bosnia and Beyond* Jeanne M. Haskin, 2006 Could we should we have prevented the break up of Yugoslavia Can genocide be prevented or halted The author examines the dire consequences of the rapid economic reforms demanded by the West and asks where responsibility lies when external pressures destroy a nation and lead to genocide

*Bosnia and Beyond The Quiet Revolution That Wouldn t Go Quietly* is in part the story of how the West destroyed a country through the imposition of economic and political reform Promoted as a way to modernize Yugoslavia and bring it into the mainstream the program was in fact meant to bring down the Communist government in a quiet revolution of the type that was envisaged for other former Soviet bloc countries Showing how Western plans for the liberalization of the country resulted in ethnic polarization and the election of ethno nationalist leaders the book then goes on to describe the events of the war The struggle of the republics for independence was yet another proxy war which the West encouraged in order to chastise Milosevic and nudge him into becoming the man that they wanted him to be While no formal plan has surfaced to show that the whole thing was engineered to provide a base for US NATO troops on the other hand the situation was so egregious that intervention was highly sought and that the West had an obligation to clean up its mess which it finally did Many have been emotionally manipulated into being grateful for NATO intervention and then it was quite convenient that a NATO base existed But how does one say that intervention was needful and then point the finger at the intervening forces One can claim that Germany Austria and the Vatican were in favor of Croatian and Slovenian secession and the United States came late to the game to demand Bosnian independence It can also be claimed that Britain and France did not stand in the way of Serbian secession within Bosnia and Croatia but rather promoted their goals Yugoslavia was a case of secession within secession raising the question of who was supported by whom in either case The work considers the research and views of a wide range of scholars historians journalists and humanitarian writers such as Cohen and Reisman Udoviki and Ridgeway Eds Norman Cigar Laura Silber and Alan Little Danielle Sremac Michael Walzer Ed Vulliamy Peter Maas Samantha Power Peter du Preez Lawrence Freedman Hoffman Johansen and Sterba Ervin Staub and Thomas Mockaitis
