the 507th Parachute Infantry Regiment for thirty three days straight he returned to England and became involved with the OSS Scandinavian Section He served as Field Commander for their Operation code named Rype This was the only American military undertaking albeit covert in Norway during the entire course of the war As a young boy growing up in rural western Minnesota Bolland got his military start with the Minnesota National Guard before being accepted to West Point solely on merit His military career lasted seventeen years Lt Colonel Bolland ended up with numerous decorations including the Norwegian Liberation Medal and Citation the Bronze Star for valor the French Fouragerre of Croix de Guerre with Palms and posthumously the Congressional Gold medal awarded to the OSS Society on behalf of all former OSS members that served during the war His story reveals the struggles successes failures and ultimate victories detailing what went right and what went wrong with these new unconventional methods of fighting

Socialism: A Lie Full of Hope John Herbstreith,2020-03-26 Every day Americans hear of its equality its fairness its superiority The it is socialism All the while we re told that the free market is rigged uncaring misogynistic unfair unjust and racist We re told that socialism can fix all of this by taking from the rich and giving to the poor and that all we have to do to find peace equality to end sexism racism to save the planet to find utopia is to replace the free market with socialism Though few can describe it a growing number of people call themselves socialists The media Burn for Bernie and lavish praise on AOC Hate filled divisive virtue signaling hypocritical rhetoric is ignored by many in the media that agree with the spin

Proselytizing on their behalf it's supposed to be a common sense message of compassion spread by television bias web results streaming platforms college professors the news politicians as well as Hollywood It's no surprise that the movement has spread like a cancer through a one-sided debate full of misinformation This book offers explanations as to why many often well-meaning people are turning to socialism It focuses mostly on economics and why socialism falls short of a free market But it also discusses the pervasive bias that surrounds nearly every aspect of our daily lives It looks at the reality of outcomes between capitalism and socialism It focuses on the hypocrisy of America's new democratic socialists I explain why the free market is actually the proven and more moral system To keep it simple I do this through the use of basic statistics economics history current events and relatable stories As a father veteran MBA classical liberal and an all-around history and economics nerd I felt compelled to speak up about this subject Our future depends on others understanding basic economics and the dangers of socialism before the promotion of free thought and the free exchange of goods and ideas is a relic of the past
