It's 2008 and Lisa Williams is lonely and desperate for love as she grapples with a failing marriage. She is having an extramarital affair with a married man, Adam, whom she believes is the true love of her life. There, in her eighteen-year-old body with all her memories of middle age intact, she meets her lover as if for the first time. Thus begins her wild journey traveling back and forth through time unpredictably to the colorful and musical 1980s. Lisa hopes that while in the past she can prevent Adam from marrying the woman who becomes his wife in the present day. But each new moment in the past provides new insights into the present and the twists and turns of time.
