Jackson,2021-12-10 Jackson does not mince words and he does not pull punches What claws from these shadows is both an unflinching confrontation with a violent world and a much needed meditation on what it means to be fearless Hailey Piper author of The Worm and His Kings An experiment gone wrong overloads thirteen year old Oumou s psychokinetic abilities and strands her in the tiny town of Archwood North Carolina Free from the dismal research lab that has been her home as long as she can remember she is taken in by a kind family and finds in their daughter Amanda something she s never had a friend For the first time she feels happy However she quickly realizes that things are not as perfect as they seem The local reverend and his followers begin to single her out and violently conspire against her Memories she d long forgotten come back to haunt her A shadowy figure with no eyes stalks

the darkness and wants to claim her for its own dark designs As these forces work to break Oumou down her only points of solace are her new friend and a bitter reporter with a strange ability of his own They ll have to fight together to stave off the encroaching darkness both of and out of this world A creepy fun thrill ride perfect for the lovers of supernatural scares V P Morris author of Shadowcast An exhilarating ride Vaughn A Jackson knows how to keep readers on the edge of their seats Samantha Kolesnik author of True Crime **Marked in Flesh** Anne Bishop,2016 The dynamic between humans and Others has changed Some like wolf shifter Simon Wolfgard and blood prophet Meg Corbyn see the closer companionship as beneficial both personally and practically But not everyone is convinced A group of radical humans is seeking to usurp land through a series of violent attacks on the Others They don t realize that there are older more dangerous forces than shifters and vampires protecting the land and those forces are willing to do whatever is necessary to protect what is theirs The Moscow Diaries Richard Bryant,2008-03-01 Post Soviet Russia The Wild Wild East Richard Bryant offers a glimpse at real life behind what remains of the rusting Iron Curtain At a time when relations between the United States and Russia are once again tense Richard s work is a telling portrait of life in modern Moscow From train journeys across four timezones to airport security inspections you ll never look at Russia the same way again **The Twin** Gerbrand Bakker,2009-07-10 When his twin brother is killed in a car accident Helmer is obliged to give up university to take over his brother s role on the small family farm resigning himself to spending the rest of his days with his head under a cow The novel begins thirty years later with Helmer moving his invalid father upstairs out of the way so that he can redecorate the downstairs finally making it his own Then Riet the woman who had once been engaged to marry Helmer s twin appears and asks if her troubled eighteen year old son could come live on the farm for a while Ostensibly a novel about the countryside The Twin ultimately poses difficult questions about solitude and the possibility of taking life into one s own hands It chronicles a way of life that has resisted modernity a world culturally apart yet laden with familiar longing
